

## BELOVED MIGHTY VICTORY'S DISCOURSE

PHILADELPHIA, PENNSYLVANIA

NOVEMBER 14, 1937

IT IS MY VERY GLORIOUS PRIVILEGE TONIGHT, Beloved Children of Earth, to add My Service to Those who have been so wonderfully ministering to mankind.

It has been Our Intent to return to Venus, as many of the "I AM" Students know, for We were remaining only until after the New Year; but seeing the accomplishment by the people under Beloved Saint Germain's Radiation – the accomplishment of the past two months – has changed Our Decisions! We shall remain as Guests of the Royal Teton for the coming two years, so We may add Our Assistance to help the earnest, sincere "I AM" Students in their reaching to the Light.

I trust this will mean much to you who are in earnest. However, that is not part of Our consideration! We pour forth – all may accept who will! We do not intrude at any time, but We are offering this Service in Honor of the Great Sanat Kumara, Who came of His Own Volition from Venus so long ago, to assist in the advancement of the Earth and her people.

We do not consider whether humanity believe Us or not! We are not concerned at all about that, or that We really come from Venus. We are not concerned in the least, who believes it or does not! That does not alter Our Services! It just is the Truth that We have come from Venus, the next Planet on the upward trend toward the Perfection which is before all mankind; and which one day, all will experience! It might seem far away to you just now, but how many of you know from whence you came? How many of you even in your fondest imaginations, have ever imagined from whence you came?

You are Life in those human forms! You have clothed yourselves, which is Light, with more or less imperfection, but still that is not you! The Light which beats your Heart and gives you Life is you! Will you understand that, and not look upon

your human form any longer as you? It is a garment you wear temporarily. Try to feel that! Do not give it so much power! Is it possible you think your human form is you, or that it is the Power, when it lays itself down and dissolves every once in awhile?

Think of it! Think of the many times you, that Life, have lain down those bodies, because they are no longer of use. Think of it – hundreds and thousands of times, which the Great Sanat Kumara has observed. He has lived here four and a half million years in the Same Body in which He came from Venus, One which is Wholly Perfect; and yet the blessed humanity of Earth say, this is such a young Planet. No, no, Dear Ones, you are thousands of years old, every one of you! When you reach seventy years, you think you are very old. The Beauty of Life is, you shall live forever, so do not be discouraged now because of seventy years!

Is it not quite unusual how mankind have looked at the appearance of themselves and the world about them, thinking that they must submit to its limitations? Oh, Dear Ones, try no longer to submit to even your mistakes, limitations or anything else of the appearance world, because they are not your True Existence! The appearance world of things in human form have but an appearance! They are not permanent, you all know that! Even your structures which you build out of stone, brick, wood and the various materials, sometimes last for a hundred years; but they would hardly last four million! Therefore, they are perishable, are they not? Everything you use out here, except this Energy and Life from the “Mighty I AM Presence,” is perishable – your food, your garments, everything!

Now, let us look at these things so practically. You wonder that I, coming from a place where such Great Perfection reigns, cognize your requirements. Well I do, because “I AM” here to give Assistance from that Mighty Focus of Power, the Royal Teton, in which We have held the Power so many hundreds of centuries. Why will mankind doubt and question, that there is a Great Audience Chamber in that mountain? Of course, no one could enter without an Invitation, but still It is there! We have

given permission even for Its exact location to be known to the world. That is because, as your attention so often goes there, it enables Our Radiance to come back to you, shall We say involuntarily? Of course, it is not! It is consciously directed; but I mean often from your standpoint, your thought, your feeling go to the Royal Teton! What is it then that goes there? You!

Do you not see, Beloved Ones, that you go wherever your thought and feeling go? That is your Life; then you go there, do you not? Now notice these things, because, they are acting within you every moment!

Tonight, I shall endeavor, while the Words are being flashed to you, to enable you to no longer feel a separation from your “Mighty I AM Presence,” from Us – from the Ascended Masters! This is a Service I have determined to render to the earnest, sincere Students, because that happens to be within My Province! If you do not mind sometimes giving your attention to Me, I shall endeavor to assist you.

Is it not strange our critical friends might say to you – now “I AM” prompting you – “Well, if these Beings are All-Wise and All-Powerful, what is the need of so many of Them?” Is that for mankind to choose? If mankind chose Their Assistance, “I AM” sure it would not be so great; but We, seeing the need, choose to assist you! I trust you do not object. Therefore, Beloved Ones, once you are willing to give obedience to this Great Law of your Life, then We can assist you almost without limit.

Just now, I want to impress upon you the Magnificent Service your Beloved Saint Germain is rendering to mankind. You will never find anything like It! Remember what I tell you! No Being, outside of Mighty Sanat Kumara, has ever rendered such a Service to the Earth as Beloved Saint Germain is rendering today! The Beauty of it is, that of Their Own Volition, all of the Great Beings Who govern any Activity concerned with the Earth, are pouring forth Their Great Assistance to Him. See how greatly He achieved in the beginning! Sometimes you think you are giving praise and gratitude to Him, but you can never give enough! I want you to feel that! You do not yet know what a Magnificent Being He is!

I say to the entire orthodox world, you had better wake up! We all love Beloved Jesus without question, and Beloved Jesus was always Beloved Saint Germain's Mighty Example and Inspiration; but I repeat, no one has ever rendered such Service to the Earth, as Beloved Saint Germain is rendering. Now because the orthodox world does not understand that, does not alter the Truth of It! Therefore, I say, awaken! Oh Children of the Earth, in every avenue of Life, to the "Great I AM Presence" of Life Who is giving you Help, and Who has called your attention and adoration to the Great Presence of all Life — your own God-Self, the "Mighty I AM."

I say to all peoples of the Earth, in whatever language you speak, use the Words "I AM" as written in English, if you wish to have Their Power! No translation can ever be made of Those Words, and I say that to all about all languages! You may not change Those Words ever! They have come down from the beginning and shall remain forever! They are the announcement of the God-Head in Manifestation in the physical octave! Those who do not use that Great Creative Word, will not have the Blessing and Benefit individually. No words can ever take Their Place! Be assured of that forever! Those who will use Them with earnest intensity, will see the Power of Those Words!

You have been informed in this Class that the Ascended Masters' Words are Cups which carry Their Qualities! So I remind you tonight, that Those Words — "I AM" — are the Cup, the two Cups — the Twin Cups which carry the Quality of the God-Head into your Life and world, into your activity! Then do you wonder that God's Great Creative Word — which "I AM" is — can produce such so-called Magical Results? It is doing It! Why cannot mankind see? If there were only a few who accepted, mankind might question; but when thousands of people are using Those Words — "I AM" — with tremendous results, then why does mankind hesitate at least to try out This Instruction and see what can be accomplished?

If I precipitated a hundred dollar bill to you, your first activity probably would be to take it to the bank to see if it were all right! Well, that is quite all right; but suppose it were

all right, then what! Would it not shatter every human concept concerning the supply of mankind?

The Great Ones have said to you, even today, you are no longer limited because of your mistakes! Even though you have made them, even though you still have the appearance of them about you, still have They said, you are not limited! Will you feel that and try to respond to it?

Gracious people, there is not one of you in this room tonight or today, who cannot go forward absolutely Free Beings, if you will follow those few simple Instructions which have been given you. The first requirement always is Harmony in your feelings, which allows the Powers of your "Mighty I AM Presence" to flow through untouched, unadulterated by any human feeling! It will produce Its Perfection naturally; but at your Call, It will go forth with how many times greater intensity, shall We say? I think none in the human octave can judge. It will go forth with much Greater Intensity at your Call, than if you just voluntarily let It flow forth. THEN, YOU CAN SEE HOW MUCH MORE QUICKLY, IT WILL PRODUCE WHAT YOU REQUIRE WHEN YOU CALL WITH DETERMINATION.

Did you ever think what determination is? DETERMINATION IS THE ACTIVITY OF YOUR LIFE, ASSERTING ITSELF TO BRING FORTH THE PERFECTION WHICH IT KNOWS IT IS, INTO YOUR OUTER EXPERIENCE. I think it might be well if our Beloved Lotus put that Statement in the Magazine for the people, because I would like to have you memorize It for action. I think It will help you tremendously to get away from the wavering idea of why you need to use It.

Do you not see everything which is surging through you, if untouched by your qualification, is the Power of Life trying to produce Its Perfection in your mind, body and your world of activity? Do you not see how Magnificent is all Activity? It is Life trying, trying, trying to surge forth and bring Its Perfection into your bodies and worlds! Then, if you begin to understand It and make your – notice – determined Call, do you not see how you are entering into the Full – now notice – the Full Requirement of Life, to receive that which It wishes to give

you? The Law of your Life is such, that even It may not intrude Itself where It is not wanted!

You see mankind has forgotten their Source! They do not know, that when their Life is acting, nothing in the world can interfere with It. Blessed Ladies, know that your Life is All-Powerful in you, and there is nothing else there, nothing else! Your Life is Master of your bodies and your worlds! So It is with everyone! Give It a chance! Refuse acceptance of anything else but the Power of that Life pouring forth; and It will flood your body with strength, your mind and whole Being with Force, with Determination which throws aside everything but the Perfection which Life is!

Now Life is more and more asserting Itself! What is this which the Messengers have been speaking to you about, every twenty-one days? An added Wave of the Cosmic Light! Do you not see It is Perfect Life? The Cosmic Light is Perfect Life!

Tonight, let Us make this all so practical to you, that you cannot help but feel the Magnitude, the Simplicity, the Reality and the Power of Its Achievement, as you understand how to step aside with your human qualities and say: “ ‘Blessed I AM Presence of Life’! Enter in! Take Dominion! Silence all human qualities and activities! Take Your Dominion and go forward! Let Your Perfection flow forth into my mind, body and world, and watch that I do not do anything which will interrupt or interfere with It.”

That “Mighty I AM Presence” of Life will then assist you! It has provided your Higher Mental Body, who is a Mighty Intelligence, so when you arrived at the time where you would call to It and give obedience to It, then It would release Limitless Currents of Power and Energy into you, out through you, and into your world. As you have recently been told, if you but understood It, you could sweep that Current through your body and sweep out every imperfection in one sweep of your hands, like that (*motion of hand*), because it is within you to do it! The Power which beats your Heart can sweep Itself forth and sweep out immediately every imperfection which is there! Oh, will you not feel It?

Watch your feelings in the future, and when you suddenly find yourself lifted – as you will many, many times – do not question It for a second – because you will! You will find yourself, maybe sometime in an unexpected moment, lifted into a Perfect Feeling of Glory, Dominion and Mastery! When you find yourself in that state, call with great, calm, firm determination for the release of that energy, that Life, to flow in and through your body to purify it, then out into your world to harmonize and produce Perfection there! Take advantage of every moment of that kind! You will feel It often, but always call for Self-Control and Mastery! Do not become ecstatic! Do not become fanatical, because you begin to feel this Great Impulse! Hold your feet on the ground! Be calm and serene in any experience which comes to you! Mastery is what you wish to attain in the human form, not unbalance! If you let the feeling run away with you, what might it do?

Therefore, in the joy of all things, there is reason for Self-Control and Mastery, for you must determine how it is going to act for you. Energy without direction will run away with you! Just because you might feel a Great Outpouring of Energy, would you start to run, and run, until you were exhausted and just waste that energy? If you become discordant, then you willingly waste that energy, which you might still use to produce Perfection in yourself and world!

“I AM” very grateful that you are comprehending all of this Instruction so much more clearly, and that you are anchoring within yourselves these Mighty Simple Laws for action. Oh, make no mistake about it, They are Clear and Mighty! Some explanations sound simple, but let Me tell you, if you will use them earnestly and sincerely, you will find the Power which is within that Stream of Life which beats your Heart! You cannot get away from Life! You are Life and will forever be Life! Then why not have Its Perfection now, instead of fluttering around down here a few more embodiments – many perhaps?

I just say this to spur you on, because it is the Truth! Beloved Ones, when you pass This Cycle of Enormous Assistance which is being given, you will not for centuries find such

an Opportunity again! Make no mistake about that! This is why all the Great Ones have urged and urged the students to take advantage of this Opportunity which is theirs, in being made aware of their “Mighty I AM Presence,” the Presence of all Life, which is actually beating your Hearts.

I say to you – even with a greater urge than perhaps anyone else has said to you – Dear People, you have no idea of the Importance of gazing upon that Chart every night before you sleep, so as to carry with you into your world of greater Activity, the Consciousness of the Powers of your “I AM Presence,” which you wish to call forth into action through your human form and into your world of outer activity. If you once understand this fully, you will have everything your Heart desires. It will satisfy and give you the Assurance, that you have reached the Source of all Power, Wisdom, Light and Energy!

Oh, Dear Ones, do you not see that you are Energy in Action? Life is Energy and your energy must be governed and directed into a given objective, if you want to produce rapid results. You are Living Energy! These lights are Energy harnessed! You are Energy harnessed! Sometimes the harness gets broken, but still It is supposed to be harnessed, within your human form! Will you not feel that tonight, with great earnest intensity? I do not mean tension, but with Great Assurance, with Great Firmness, that you will apply This Understanding now, and prove to yourselves It has Infinite Power to act in your Life. You cannot have It without application. Do not ever think others can apply It, but you cannot!

You are at the time, when without your determination to do the best you can in your application, you will not have Assistance. The Law of Life will not call forth more Power, if you do not want It. Observe the Chart a moment! That “Mighty I AM Presence” of Life who has waited throughout the centuries for your attention, is not going to supply added Energy, Intelligence and Life if you do not care anything about It. It is your Life, your Freedom We are talking about! If you do not want It, well then, should you have It? Now, if you want It enough, then the Fullness of Its Power will flow forth. If you want the

Fullness of Life, as much as you would want air if you were drowning, then you will have It, but you will have It without fear!

Do you know there is not one thing that can stand before your determined desire for Perfection in your body and world? Because that determined desire is your Life urging Itself into expression! Do you not see, it is One Wondrous Activity which is your privilege of Life? We are holding you, Beloved Ones, steady upon the Realization, the Feeling that you are the Authority! You have the Power! You can do these things and there is no question about it! We are endeavoring to give you Our Determination to take hold, apply the Law, and have the Results – the only means in the world by which you can be Free!

I urge you again, do not look to the Messengers for assistance, except as a last resort! Try to the limit of your Being to handle your own problems and conditions! Why do I say that? Because you are then the Victor; but if you call to the Messengers, suppose It were your own application which accomplished the Victory, you would be quite apt to think it was the Messengers! Thus, you deprive yourselves of the Acknowledgment of your own Victory! They would not allow you to do that, if they knew it; but still you have the “Mighty I AM Presence,” the Power of All Life beating your Heart! It will do these things for you – everything you require!

We have been at the Royal Teton watching the activity of mankind, as We necessarily must do. We see the many individuals whose Light is sufficiently strong within them, to dissolve so-called cancer, tumorous growths, whatever it may be, or this naughty arthritis. It is, isn't it? At least you think it is, during its disturbance; but let Me tell you, it is not nearly so serious as you think. Just get out of your feeling world all irritation and resentment – and that naughty arthritis will be gone! Possibly you do not remember all the years in which those qualities acted, producing a specific solidification at the joints. I think perhaps I had better not use Lotus' expression, but however, all that substance can be dissolved very quickly, Precious Ones.

Do not think Me unkind, but when you can laugh at a

thing, you get rid of it much quicker! The trouble is you get too serious about those things. You take them too seriously and you say: "Oh, this part, and that part, and now this one, has got something the matter here." You just notify it and say: "Come on, I have not had enough yet, just take hold." This is quite True! Of course, you do not intend to do it, but that is where the power of acceptance comes in! You are accepting the wrong thing! Instead of accepting the Power of your "Mighty I AM Presence," which is the Alleviating Power, you are immediately accepting the appearance, the feeling, and letting it gain power and momentum. Do you not see this, Beloved Ones? Oh, We are not blaming you, never; but We are trying to have you see it from the funny side, so you will let go more quickly!

There are three qualities in human beings, and especially in the feminine activity of Life, which are clearly the cause of the greatest disturbance. They are irritation, resentment and domination. In the masculine activity they occur sometimes, but not as often as in the feminine; because the feminine activity of Life represents the feeling world, more naturally than the masculine element. Therefore, you ladies should be very firm in shutting out of your worlds all resentment, irritation and the desire to dominate someone! Naturally the mother element feels that it should even care for the child after it is grown. Do you know, men and women fifty years old are still the babies of the family? Do you know how many times you have said that? That is hardly the case! They probably have children of their own!

So do not do that! Do not hold on to the human form! Now We mean to give Freedom! When one has grown to maturity, that one should be advised, and then left Free to gain his or her own experience! After individuals have been advised of what is Right, if they do not follow that, experience is a great teacher — a rather tragic one sometimes, but it does the work finally! Now then, let us forget in the future, that we compel experience to teach us. We have the Presence of all Life, the "Mighty I AM," which will now instruct us, if we give It a chance. So let us remember, that no longer do we allow — that is a very good word — no longer do we allow experience to be

our teacher! You know you change the school and college you go to! Why not dismiss experience and take the "I AM Presence," which is the Perfection of Life, ready to pour forth just like that (*motion of hand*) until you fill yourself and your world with It?

I assure you, "I AM" not going to keep you up all night, but this is such a Joyous Experience! Do you know how wonderful it is for Us to have watched you to the place where We can call forth from you, those Mighty Qualities of Action? Do you think it is just Our Words We want you to listen to? We are so grateful for your attention, but the Greatest Work goes on within always! Accept it tonight, in the Fullness of Its Great Presence and Power.

In closing, I want to say to you, as We have been seeing that Great Presence of Light, the Mighty Saint Germain, in the Tremendous Work He is doing for mankind. I said to the Group of Great Ones with Me: "Shall We return to Venus, when We can give this Assistance to One Who has labored as this Great Presence of Light, Mighty Saint Germain, has labored for mankind?" They said to Me: "Let Us remain! Let Us give every Assistance which is possible," and so We shall!

Henceforth, if you will allow Us, We shall enfold you in Our Love — Its Power of Achievement, Its Courage, Its Strength and Its Victory. Remember "I AM" Victory! Do you quite get that? "I AM" Victory in you! So will you allow Victory to work within you with Its Strength, Courage, Power and Dominion?

In the great changes which are before many of you, rejoice over this ten days as never before! Hold the Glory which has been released in your midst, into your feeling world! Hold It, Beloved Ones! Let no appearance of the outside world deprive you one moment of this Glory which has been released, which you have received, absorbed into your atomic structure and into your feeling world. You do not yet see how much, but you shall! So I say to you, Our Love and Blessings enfold you with Their Infinite Power of Light, Its Courage and Strength; and remember, Victory is within you — the Victory of your Light!

I thank you.
