

BELOVED PEARL'S DISCOURSE

SHASTA SPRINGS, CALIFORNIA

AUGUST 18, 1954

RECORD – CD 145B

BELOVED "I AM" ASCENDED MASTER YOUTH and those of the "I AM" Students who are with Us tonight, I come to bring you, I trust, one of the most wonderful Ways and Means by which you may release yourselves from some of the struggle and distress that have been your experience in carrying responsibilities. Let Me say to you: the greater the responsibility you carry, the greater will be your release of the Inner Powers of your own Life Stream in order to help you carry that responsibility. After all, NO ONE EXPANDS HIS OR HER LIGHT, NOR THE UNFED FLAME IN THE HEART, WITHOUT CARRYING RESPONSIBILITY. When you realize that it is but the wonderful means of drawing forth into outer action the Inner Powers of your own Life, you will never try to avoid responsibility as the opportunity comes in the outer world to take it. This is what it does for you. In addition to drawing forth the latent Power from your Higher Mental Body into your outer physical use, it raises the energy of the outer self and of the outer physical world and its substance into the Causal Body whenever your responsibility is in constructive channels and allows you to go forth and release greater good to all Life around you.

Now, the Ascension is determined by the amount of Light that is in the Causal Body, and I mean by that, substance that has been used constructively in the physical octave and the energy in the feeling world that has been constructively qualified and, therefore, pours forth Light. When that constructively used substance and energy becomes Self-Luminous, the Higher Mental Body draws it into the Causal Body. When the Causal Body becomes full of Light, you automatically attain your Ascension. The wonderful Blessing about carrying responsibility in constructive channels is, that sometimes when the outer activity demands

almost all you have to give, the result of the intense demand of the responsibility is that it forces the release into your outer use of the Powers of the Higher Mental Body that enable you to be a better Instrument in the physical world by which the Divine Desires of your "Mighty I AM Presence" move into the physical world and produce the Manifestations of Perfection that assist all mankind to become free. So, when opportunity offers to accept responsibility that is constructive, never waver as you put your hand to a greater task that is constructive and call to your "Mighty I AM Presence" to give you all that is necessary to bring it to its Victorious Fulfillment; there comes within you the expansion of the feeling of your own Mastery. That Mastery is the Mastery of the energy and substance and consciousness in this world by the Use of the Powers of your own Higher Mental Body. Then, as that is raised and placed within the Causal Body you have taken a certain proportion of the actual physical substance and energy of this world and raised it into the Light in the Causal Body, and then, at the moment of the Ascension, it is drawn into the Flame Presence of the "Mighty I AM"! And that which has been the Light-Substance and the physical structure of this world, has become an Ever-Expanding, Eternal Flame of the "Mighty I AM Presence" above each one; and in that comes the Glorifying Power from the Great Central Sun to fill the Universe with Eternal Happiness. So, it all begins with the individual's own conscious effort to assist in the physical affairs of the world by the Use of the Cosmic Light-Substance and the Powers of the Higher Mental Body through Conscious Call, until, as that floods forth into physical activity, it brings more and more Perfection, it brings Illumination, it releases greater opportunity to beautify the Universe around you. And it is the Power by which the outer self is raised into the Eternal Victory wherein the Fulfillment of the Divine Plan is complete for each Life Stream.

Now, in reference to the younger generation, which We are all doing everything We can to assist, in order to keep them out of the clutches of the forces that seek only to destroy them, it becomes necessary to use the energy of the outer self in chan-

nels that are constructive and that are a responsibility to bring Greater Perfection to the Nation. Therefore, as was said in Washington's Vision, every child, from the cradle to the Ascension, should be taught to live for his God, his Country and for the upliftment of his fellow man, which brings Freedom to the individual and then to the Nation and then to the World. Those of you, who have had the opportunity of being assisted by the Mighty Saint Germain and others of the Ascended Host, have been prepared, My Dear Ones, and purified and strengthened, that you may be the Light-Bearers of the future and the builders of the Perfection that brings Eternal Happiness to the Nation and the World. And Peace cannot come except from the Heart of God, the "Mighty I AM Presence" in the Great Central Sun.

So, those of you, who face the years to come, as you live within the Borders of this Beloved Land of Light, should remember that your daily responsibility, privately, as well as in your outer service is to call forth these Greater Powers of the Cosmic Light and the Sacred Fire into every physical condition within the Nation, that it may compel the Purification that allows the Divine Plan to be fulfilled. Everyone should feel much responsibility to give your Decrees every day for the Purification of the Nation and Its Protection against that which is not the God-Freedom to which you are dedicated, and therefore, bringing the Ascension to the Nations of the World as well as to individuals. So, everyone under this Radiation should feel a tremendous responsibility as a Patriotic Duty to the Nation in which he is going to live, to call forth these Great Powers of the Cosmic Light and the Sacred Fire, to move into outer physical conditions and dissolve what is wrong and make Victorious what is right, hold the place of that which has been of distress. Then, you will find that as you consider this, your Divine Duty and Responsibility and your Patriotic Service to the Nation, the Nation which is your Home will automatically then be a better Home for you. So, if We are to save the Nation, the Home Life of the people must be purified and strengthened and cut free from that which is not good, that which is not God-designed and that which is not the Divine Plan of the future.

So you, as the Builders of the future have a Great Responsibility in giving Obedience to this Law and calling forth the Powers from your "Mighty I AM Presence" and the Ascended Host, that will compel the conditions within the Government and within the Land to be filled with the Ascended Masters' Presence and that of Other Great Beings, to bring into this world that which enables all mankind to attain the Ascension the Original Divine Way, as was intended.

So, your Service, My Service, and that of all the generations yet to come is to bless the Nation that is your Home; and in the Home in which you live, there abides the Opportunity to carry the responsibility to, as you take your Ascension, leave your Home better than it was when you entered into this embodiment. Then, you will be the Honor Flame of God's Heart, then you will know what the Miracle of Eternal Love and Light means to the Earth. As you go forward, understanding this deeply will you be clothed with Powers and Assistance from the Ascended Masters' Octave to bring here the Perfection that glorifies all and raises all into the Ascension in the Fulfillment of the Divine Plan, the Original Divine Way.

To that end do We stand ready to assist you, as you serve the Great Ideal that draws all mankind to Freedom and automatically brings you your own because you have lived to make the world better than it was when you came into it and leave a Pathway of Light for others to follow, whereon there flows constantly the raising Activity, until the Earth itself becomes a Sun in space and mankind enters into the Ascended Masters' Octave to render their Cosmic Service for Eternity.

So, I bear to you the encouragement which We are so willing to give and every Assistance as you step forward and take the responsibility of assisting the Nation and those within your Borders, to be raised into Greater Perfection as you pass along the Pathway of your experience in this world to your own Eternal Victory.

I thank you and clothe you tonight with all the encouragement and Power My Heart can give to assist you to this end, until mankind awakens to their responsibility to give back to

Life that which enables the Cosmic Law to set them free.

So, as you go forward remember, We stand by your side ready to give every Assistance as you give your Assistance to the world. Unto that end do We serve with Great Joy, and then, every responsibility becomes the Great Privilege of using the Master Powers of Life in physical action to free all mankind as soon as possible. I commend you to the Victory of every responsibility you accept and the Freedom that it must bring to you.

Thank you, with all My Heart.
