

BELOVED DAVID LLOYD'S DISCOURSE

Through Mrs. G. W. Ballard

Half-way House on the trail to the summit of
Mount Shasta, California — August 25, 1948

BELOVED ONES of Mount Shasta — for it is now your home whenever you choose to abide here. Now I don't so much mean physically, as when you choose to abide here in thought and feeling!

Thank you for your efforts to scale the Heights of Eternal Purity, and Precious Ones, you have accomplished more than you know! *Be of good cheer!* It is thrilling beyond words for Us to contemplate your determination to go to the Heights, even for your physical attainment, but more than that from the Inner Standpoint! Precious Ones, as surely as you have determined to scale the Heights in the outer, have you also been determined just as much so, and sometimes more so, to scale the Heights at the Inner Levels of Attainment.

Please feel yourselves this afternoon clothed in the Mantle of Our Love, Our Substance, and Our Victory, and We shall remove from you all, any sense of weariness or strain. The Cosmic Light-Substance shall take the place of the energy you have used to climb thus far, and it shall be restored to you in far greater Power, Love, and Victory than you know.

You are surely Saint Germain's own Family of Strength, Courage, and Power! You have been a Blessing to this Mountain, as the Mountain has been a Blessing to you; and could all of you abide here for awhile, everything in the locality would bless you — and shall yet do it!

We are so grateful to you for your love and your determination to go forth and exert your own strength and see how much you have. Now that you have spent that, well, We shall replace it with more than you sent forth, because you have sent it forth in the love and the joy and the gratitude of serving the Light; and as We have told you many times, the Light shall now turn and serve you and dissolve the problems and obstruction from your pathway!

Just be determined to have everything, every Blessing that the Light contains! Be just as determined to call forth all the Blessings from your “Presence” and from Our Octave, as you have been determined to scale the heights of these rugged peaks, and you will find your experience here, the moment you think of Us, will be and bring a sudden charge of greater Strength, Energy, and Courage from Our Octave into your physical bodies, as well as into your affairs. I want you to feel that It is an Endless Source of Strength, Joy, Power, and Protection to you all!

In these Heights of Purity there abide many things that can bless you and will bless you forever. Just absorb without limit all that God has placed here; Health and Strength beyond any words to describe are yours for the taking.

Beloved Ones, I cannot ask you to do it — I can, but rather, the Law does not permit Me to ask you to make this Call — but if you remember what the Messenger has said several times, in fact many times; every time you have the Invocation, She gives It and asks that you all be clothed in the same Power that enfolded our Beloved Godfre when He assisted Me to the Ascension. If you ask, We have to answer! There isn’t one here, who, if you were determined to be clothed in that Light, revealing around the upper part of the body the Enfolding Radiance from the “Presence,” in order to assist others to the Ascension, there isn’t one of you who couldn’t have It, so long as you stand true to the Light and demand the Purity and Obedience of the outer self, that enables the atomic structure to stand the greater charge of energy that is necessary to accomplish that for those whom you might be assisting!

Now, to those of you who desire it, if you choose to CALL FORTH THAT MIGHTY, VISIBLE RADIANCE IN AND AROUND YOURSELVES TO BRING INSTANTANEOUS HEALING TO ALL YOU CONTACT, ALL WHOM YOU TOUCH — not so much with the physical hands, as with your consciousness — We can very easily increase that Power in and around you all since your physical contact with Us up here.

You know, after you come into the Ascended State, there is always a very warm spot in your Heart for the ground where you

last touched the Earth, and where, as you say, you “took off” for your Ascension. The Beloved Cardinal Bonzano has a very warm spot in His Heart for Soldier Field, and I have a very warm spot in My Heart for Mount Shasta, as well as the Beloved Messenger who assisted Me!

If you care to be just as determined to have this Power of Light, Our Cosmic Light now enfolds you to assist all whom you contact to understand more about the Ascension and make their Conscious Call for their Attainment. If you are as determined to have Our Assistance to your Life Stream to render this Service, as you were to come as far as you have on the climb in the Mountains, there isn’t anything or all on Earth could prevent you! Now, this is yours as freely as the air you breathe, and mankind must have some Assistance to raise a greater quantity of people more rapidly into the Ascension, in order to be a certain Uplifting Force and a Magnetic Pull from humanity itself into Our Octave, in order to release certain Cosmic Forces to free mankind more quickly.

Therefore, I am very grateful personally to every one of you who has made this effort today and last night! We love to clothe you in the Powers of Our Octave. If you are determined to have Them, well, there is no chance in the Universe that you couldn’t be answered!

Now, while I am speaking, if there is a sense of tiredness or exhaustion in your atomic structure, for the time-being, feel that as the Currents are flowing in and around your bodies, as the Light-Substance is flowing in from Our Octave, the sense of exhaustion is flowing out at the feet into the Violet Flame. Just relax for a few moments here, and I shall love to charge you, as will the Beloved Godfre and Mighty Saint Germain, with Our Energy to give you Rest, Strength, and Relaxation to continue your trip down the Mountain and feel no reactions tomorrow. Now you don’t need to have them!

This Light, as the Sunshine, sheds Its Radiance upon you all from the physical standpoint; so at all times, do We stand as a Presence — a Blazing, Sunshine Presence — concentrating Our Light upon you as a searchlight. Your “Presence” is doing the

same thing.

Now, if you simply take your stand to give determined Recognition to your “Presence” as a Sun above your head — of each individual — then when you think of Us, instantly *see Us within a Golden Sun, and that Radiance blazing around you all, dissolving everything into Its own Perfection!* Then, the moment you remember your “Presence,” or the moment you remember Us, that moment does the Flame come into your bodies and around you, and releases through you That which comes only from Our Octave! While your “Presence” is One with Us, yet the Ascension not having been completed, It does not release the Fullness of the Power required around the body as We do, because *We have the Feeling of the Ascension completed!*

These Mountains, because of My long years of search and My Intense Desire to fulfill that Call of My Heart, this Mountain is charged with the apex of My Feeling and the Momentum that I had built of craving that Ascension through the years. Therefore, you who turn your attention to Me and are treading upon the ground upon which I walked and upon which the Messenger walked, you can very easily be charged with that same Momentum of demanding your Ascension and demanding the Enfolding Radiance that enfolded the Beloved Godfre. Then with that fierce determination that you had to scale the Heights, My Dear Ones, you have no idea in what a short time all of you could be outpicturing, through your radiation alone, a Power of Light that would heal all those you contact, and would anchor within them My Feeling and Craving for the Ascension!

Now, that is what is needed in mankind! They need to be charged with the Feeling to desire the Ascension! Therefore, on this Mountain particularly, because My Desire had been of such years standing, and then when that Intense Desire is fulfilled, it is a Joy unspeakable, indescribable in physical words. Since I was the One that felt that, I can charge that not only into the Mountain, but into the atmosphere around It; and since the Beloved Godfre was the One, that when that Light came into His Body and when It came out to Me to do or force that Assistance to Me to the completion of the Ascension, then He can charge you with His Feeling.

As surely as you feel that, will you release the Power from your own “Presence,” because It is like a Magnet!

When We flood Our Feeling around you, It automatically draws down from your “Presence” the same Feeling, and that is yours permanently! It is like a needle is attracted to a Magnet — like that (*motion of hand*). Therefore, when I clothe you in My Feeling and Desire for the Ascension and the Enjoyment of Its Attainment, and the Beloved Godfre clothes you in His Feeling of that Light coming into Him and then out to Me, well, as surely as We make you feel Our Feeling, will your “Presence” unite with that and anchor that Feeling into the outer, physical self.

Therefore, you are privileged indeed, My Dear Ones, all of you who have made this trip today. Whether you attained the exact peak of the Mountain or not, is not important. You made your best efforts. Therefore, you have drawn Our Best Efforts back to bless you. It is My Joy, as also that of the Beloved Godfre and Saint Germain, to take away from you any sense of physical exhaustion! Therefore, feel Boundless Strength, Perfect Rest, Perfect Ease and Peace, and I decree you shall not feel any reactions from this effort, except Happiness, and greater Attainment is yours!

I have a very important reason for asking you to draw forth consciously, more of this Power, because the Student Body are Open Doors through which We want to bring the Healing of certain conditions within the Nation. All nations need to be healed, the same as the body of the individual; but We want to release more of the Healing Powers of Light into the physical octave within the United States of America, in order to keep removed a certain proportion of substance that otherwise will produce epidemics. They are trying their level best through certain channels — I am speaking of the sinister force, now — to bring about certain epidemics that cause fear among the people, because We have accomplished a certain thing at the Inner Level that is forcing the removal of certain vicious activities against mankind, that have been going on since the end of the Second Golden Age. We are gaining certain Momentum and certain Dispensations, and certain destructive forces are being compelled by the Sacred Fire to take

their claws, one after another, off of mankind.

Therefore, in order to offset some of their plans to produce epidemics, We would like to use your efforts today in scaling the physical heights, to draw through you and around you more of Our Feeling of the Desire for the Ascension, so mankind will call for It as they understand more about It. You will feel that, as you give forth the Explanation — the surging of the Beloved Godfre's Love and Feeling of that Light will clothe you and surge through you to assist many, just as you speak to them, through your radiation alone! Don't speak of this outside; just go on and be determined that the Power shall clothe you to assist all mankind to the Ascension! Those of you who desire to heal, will find through this a very great increase in the Response or the Answers to your Calls for Healing! As you give your Decrees for the Healing of individuals who need assistance, will you find the Healing Power coming faster and more rapidly each time. These two things work together, because *the real Inner Healing of physical distress, when it is done correctly, always releases or leaves in the body a Light-Substance from Our Octave, that is a Raising Activity towards the Ascension!*

So, We are about to begin the Release of the Momentum for which the Messenger has called in every Invocation, to clothe the Student Body in the same Mighty Light-Substance that enfolded the Mighty Godfre when He assisted Me to the Ascension. Don't pay any attention to the ridicule of the outer world! He who laughs last, laughs best! We won't laugh at them, but they will cease their sneering when they see that which they cannot deny — that which they see with the physical senses!

Faster than you dream are certain vicious forces being compelled back into their cause — one after another! They must take their claws off of mankind! Their cause must consume itself. Long has mankind been struggling under this frightful thing, and the end is approaching. We welcome this opportunity beyond words, and We glory in your determination, Precious Ones! Go forward like happy children, and don't accept anything but the most amazing Victory to your every Call! Be determined when you send forth a Call, that the Answer shall come like a streak of lightning, relieve

you of your problems, and leave in your worlds the Blessings that will delight you forever, and then, make you a Being of Power and Victory to assist all mankind whom you contact to look up and get some Understanding of the Ascension, and charge people with the Desire to call for their Ascension!

There is a very important application of this, if We could bring this about. There is no question about Our Ability, but if mankind in the outer — and they will in time — would accept this Explanation, when the body is in distress, through medical and nursing channels, this Understanding of the “Mighty I AM Presence” and the Call for the Ascension could be brought to many people who are approaching the change of leaving the body. If those would accept It and would make the Call with fierce determination, enough to be free from their pain and distress, many would make the Call with power enough to merit Our Assistance. If they didn’t quite make It this time, they would surely, early in the next embodiment; because on leaving the body, if they would take their stand to be free from all misery, distress, and everything that caused it, then as they leave the body, that leaves a record. In many Life Streams, where there is a very great accumulation of good from many embodiments, it would enable Us to draw that forth and accomplish the Ascension for those Precious Ones, sometimes within only three months of the time they leave the body! In other cases, sometimes where people are invalids and in distress before leaving the body, the whole work could be accomplished, if the outer self understood this “I AM” Law and with determination demanded the end of the human creation!

So, this will render tremendous Service in many ways — more than you dream of! Now go forward like happy children! I congratulate you all on your accomplishment, whether you reached the top or not! That is not so important as your effort. You know, *sometimes just a sincere, determined, fierce effort to make the grade, from the Inner Standpoint accomplishes the Victory, whether it seems to be apparent in the appearance world or not. You have to accomplish it at the Inner Level before it becomes outer!* Therefore, your every determination and effort to scale the Heights has won you Our Assistance in the way I have just described!

This, My Dear Ones, in addition to what the Mighty Saint Germain told you yesterday in regard to your determination to clothe yourselves with His Blazing Armor of the Victory of His Love and Freedom of seventy thousand years, and then you remember that the Mighty Victory told you to clothe yourselves in His Victory of hundreds of thousands of centuries of Victory, these three things combined, My Dear Ones, with that fierce determination to have this Mighty Blessing in and around yourselves, will, I tell you, be like a Messenger going before you, clearing your way and providing everything you require for your Victory everywhere you move!

This is a Tremendous Accomplishment, the last three days, and together with your Bell Music, you surely are fortunate indeed! You are blessed beyond all people! Therefore, the Law expects to use you to pour out a greater Blessing. As you pour It out, you automatically become blessed yourselves! So, We are deeply grateful to you all! Know that you had more good, because of your efforts, than you quite realize in the outer! You might have thought that you were making your best physical effort, and so you were, but Others were making Their Best Effort too, to give you all you could use at the time!

Now, you have absorbed through this experience much Light-Substance that belongs to this Mountain. No matter where you move in the outer world, please feel that Substance that was given to you on this Mountain is part of your Life Stream for Eternity! Therefore, you are part of the Light of this Mountain, and wherever you move you can draw forth Its Power without limit and keep on blazing the Light!

You have nothing to fear and nothing to worry about! Just go forward, and be determined that Our Light shall blaze in and around your bodies with the same fierce determination that you reach higher up on the side of the Mountain!

Some Magnificent Activities have taken place on this blessed part of the Earth for many, many centuries since long ago on Atlantis; and when the Light becomes intensified in Its Outpouring of Blessings like that and Focuses of this sort through the centuries, then you surely must realize that as you stand upon that

Substance where the Light has gone forth so long, that the Light goes forth into you and will saturate you to the point where you do feel It. As you give It Conscious Recognition, every time you think of It, there shall go forth another stream or continuous stream to join your Life Stream and give you Its Joyous Blessings.

This is a memorable day, and I am sure you will remember it with the same great Joy that We have. If, at any time you want to know more about the Ascension, and in anticipation of your own, you begin to wonder how you would feel, call upon Me! I anticipated It and lived It, My Dear Ones! I desired That for more than fifty years! Even the Master Jesus didn't have that Momentum of Desire. He was well along in His younger Life before He contacted the Great Divine Director. Of course, after that He was aware of It, but I held that Desire for over fifty years. Therefore, It is a very deep record in My Feeling World. *If you want to know how deep My Feeling and Desire for It was in My Life Stream, ask Me to illumine you and make you feel My Feeling of the Joy of Its Victory!*

Now, in attaining the Ascension, some of those who have to go through more discordant experiences than I did, previous to the Ascension, have more or less of a struggle, but that was not true of Myself. I had loved It and desired It so long, that when the Final Momentum of that Light burst through the arms of that Beloved Godfre, as that Light struck My body, no words in any language can ever tell you the Thrill of Joy and Release and Relief that was in My Feeling World! I can give That to every one of you, even as I speak these Words this moment — a Joy that you can never know except as you experience the same thing. For I, having experienced It, can convey that Feeling to you now! The Beloved Godfre, as He felt that Light in His arms, the Thrill of Joy was as great to Him as It was to Me! *If you ever care to take a Decree to charge your arms with that same Light, and feel That enfolding you, He can give you that same Feeling to assist others to the Ascension in just the things you do!* Every day there will flood His Light, and that Light will carry His Feeling of that Experience. It is a Thrill that you can only have as you make this Call!

So now, I trust you will anticipate with great Joy, My Feeling

and His Feeling, until as they join with your Life Stream and that saturates the feeling world or the energy in your feeling world, you will go forth knowing a Joy that you have never yet touched in this embodiment. You can have that Joy long before your own Ascension! You could enjoy your Ascension in accepting It every day, with just a flash in the feeling, of release and relief in the Victory of that Attainment — whether it be now or a thousand years from now, matters not. Sometime each day you can begin to enjoy, in anticipation, the Thrill of your Freedom; then as you feel that greater Freedom, will that surge out into your affairs, and you will find yourselves free from many things that you have considered problems and from which you seem not to have been able to free yourselves.

You can anticipate your Freedom, each day, in the Fullness of Our Octave; and as you feel It sometime each day, It becomes then Our Freedom in your world, and that releases your problems for you. I trust I have made this clear! I trust you feel this moment, the beginning of that Freedom in your own world.

Therefore, go forward! I wish the Great Cosmic Law had permitted Me to furnish you with a Precipitated Dinner tonight! I would have loved to do it, but I am coming nearer to it! If I give you My Love, My Happiness, and My Feeling of Freedom, and the Beloved Godfre does too, and the Mighty Saint Germain, you must one day have it! Just go on with the same determination that you had to reach the heights, and how many of you can tell Me how much the determination you had to climb the Mountain would have bearing upon your determination to have these Greater Powers, as you draw Them forth! You see, *if you expand your determination in one channel, it acts in all!* So you have had a great expansion of determination today!

Now let us turn that into the channels of My Happiness and My Love, and your Freedom in the Ascension, and then the use of these other Powers which We are waiting to bestow, and which We want to watch you enjoy in your use of Them in the outer world. Go on and demand with your increased determination, and We will grant your requests according to the Light!

May We enfold you in all the Love, Rest, and Peace of Our

Hearts. As you return, I trust you will enjoy the sunset, the moonlight, and the Peace! We want you to be the happiest people on Earth; then We will have more Power in the physical octave. So, thank you for your efforts! Accept the Gifts We offer, and as often as you remember Us, will We be with you!

You know the Beloved Master Jesus, at the Last Supper, performed the ceremony of offering the bread to the Disciples. He said, "Do this in remembrance of Me!" I say the same thing to you, "Do this in remembrance of Me," and when you think of Me, remember My Feeling waits to surge into your world and do This which I have offered and which I know will bring you Happiness that is Eternal, and Victory that is Boundless!

With Invincible Love and Protection to you all, and My Eternal Gratitude, as well as That of the Beloved Godfre, the Mighty Saint Germain, and the Brotherhood of Mount Shasta, I clothe you with Their Blessings. As you think of Them often, will They come closer and closer and closer, until when your feeling and Ours unite, there won't be any veils between. You will see Us as We see each other; and then, your world and Ours have become the Victory of Perfection!

Just go forward, and remember the paramount idea is, hold before all mankind the Goal of the Ascension and the full, reasonable Blessing of Its Attainment, and then, the Happiness and Anticipation of Its Victory! Each day you are one day nearer. Each day you shall feel our Feelings stronger, and your Victory is as certain as that the Sun is in the Heavens!

Go forward and just be happy! Everything We have, We give to you to clothe you with Success, until you are in Our Octave forever! Thank you for the expansion of your determination! That is something far more than you know today! I think you have grown a hundred years in your power! Just accept it now! Try it out! Go forward and use it, and bless without limit everybody you meet with the Feeling of the Victory of the Ascension, the reasonableness of Its Attainment, and the great Joy of working toward It!

Thank you so much, Precious Ones of Mount Shasta's Family! Glorious Mount Shasta, the Heart of Light! Bless these whose determination and strength of that Light is hourly expanding with great Joy and Victory to all! Thank you, Precious Ones!
