

BELOVED PELLEUR'S DISCOURSE

Through Mrs. G. W. Ballard

Ouray, Colorado

The Lodge

June 16, 1944

BELOVED ONES of Saint Germain's Family, tonight I speak My Love and My Light to you. Through your love to Me, you are closer in My Realm than you dream. Since the establishment of the Mighty Power that was drawn here last night, it has given Me great Joy to feel a connection with you through which there will flow an Ease and a Balancing Power which it is My Privilege and My great Joy to pour to you.

I wish you to know something of the Action of the Sacred Fire, for It has not been revealed to the outer world. There is within the Center of the Earth an Altar to the Unfed Flame; and may I say to you, the Unfed Flame that was drawn here last night, rests upon that Altar. I want you to see that. The Altar is triangular in shape, and it is no accident that this which holds your Crystal Cup has taken that form.

Just as the Unfed Flame abides within your Heart, so must the Unfed Flame abide within the Center of those Great Cosmic Manifestations throughout the Universe, at least to this System of Worlds. Whether that be a Planet, an individual, or a Manifestation through which Life brings Its Mighty Blessings, there always is at the Heart Center the Threefold Activity of Life in the Action of the Sacred Fire.

I am sure that you will all feel the greater Ease and Balancing Power that will come from now on, as you give more conscious acceptance and recognition to this Mighty Cosmic Outpouring of the Unfed Flame from the Seven Kumaras. These Great Inner Actions of the Fire Element are held at certain places on the surface of the Earth, as well as within the Center of the Earth. It has to be so. Just as there are the seven Centers of Light in the physical body—the ganglionic centers through which a Focus of Light is directed in the physical body—just so are there corresponding Centers at certain points on the surface of the Earth and within the Center.

The Unfed Flame established at Shamballa, where four of the Mighty Kumaras focus Their Love and Blessings to the Orient,

pours forth Its Radiation to hold balance in the structure of the Earth itself and govern its pressure. The Unfed Flame in the Royal Teton renders a similar service to your Western Coast—in fact, to the Three Americas.

This which you have asked to have established here is an up-reaching from within mankind itself to these greater Cosmic Actions of Life; and those Great Beings will answer you beyond all words to describe as you dare to stand steady and reach into the Heart of Creation and call forth the Explanation, the Truth, and the Illumination of the Great Powers of Light to this Earth. Life will give you the full Explanation from within the Light concerning anything for which you care to call It forth.

You may have the full Explanation of what goes on in the Center of the Earth if you will give your attention to It and call It forth through your love. Since one of My Services to Life is to hold that great calm Balance in the mental and feeling world of those within My Domain, I naturally can pour that same Mighty Feeling and Love to you, if you care to accept It. It is My Joy, My Praise and My Service to Life to give Assistance in balancing and purifying the emotional bodies of mankind. While I have been occupied for many centuries in doing that for those who are within the Center of the Earth, yet I would not deny that to anyone who chooses to call to Me for that special Assistance.

We have such beauty within the structure of the Earth itself! It is really so magnificent that I will do everything to assist those who will accept My Reality and make the Call to My Life, My whole Life Stream, to give Its Qualities to Life on the Surface of the Earth, as well as within Its Heart.

Oh, My Beloved Ones, you who have had a taste of the Peace and the Harmony and the Purity that you can have in this Crystal Cup Lodge and Canyon, you are just beginning to, shall I say, enter the Door of My World. As you abide here, the vibratory action of the outer world does not reach you; you are insulated within this Peace and this great Balancing Power within these walls, within the canyon itself. You are held, as it were, within a Great Sun of Love and Purity and Peace in the Powers that you have drawn forth here in your constant recognition of the Crystal

Cup and your adoration to the Flame through your Ceremony of the physical fire.

Just as you within these walls tonight are disconnected from the vibratory action of those in the world about you; just as you can have drawn this forth and Life has given it to you; so can you have the Peace and the Light and the Balancing Power from within the Center of the Earth!

May I remind you of the Words of your Beloved Saint Germain—that there is no barrier anywhere on this Earth to True, Pure Divine Love. It was your love to Me and recognition of Me that has enabled Me to pour back to you the Feeling of Ease and Balance and Purifying Power. I could not have come to you, if you had not loved Me enough to invite Me, and so it is with everything else in Creation.

Life holds Magnificent Things throughout Creation that the intellect of man has never contemplated, because it has never turned its attention there and asked those Magnificent Powers and Manifestations of the Light of the Universe to open their Hearts, and give you the Knowledge and the Power of their Presence here.

When your attention was called to the Mighty Elohim of Peace—the day He came in Chicago, the Saturday before last Christmas—the moment your attention was turned to Him, you felt His Love come back to you; and there was not a person sitting in that room who did not feel it. He is a Cosmic Being of Transcendent, Majestic Power—a Being who, with one Wave of His Hand, can cover the Earth with Peace and still every vibratory action of everything else. Whenever you have turned your attention to Him, you have felt His Peace immediately, and have been given ease and rest and happiness. He has answered your love through your attention.

The Elohim of Purity answers your love through your attention, because since His Dictation, if you will notice, the Decrees have been continuing for Purity; and the Concentration of that Purifying Power had not been called forth to that intensity until He approached nearer the surface of the Earth.

So it is with your Seven Mighty Kumaras. To those who will turn their attention to Them in great love and devotion, and ask

those Blessed Beings to tell you about the Cosmic Action of the Unfed Flame, you shall receive the Knowledge. Maybe I am presuming, but if you will ask Me for the Gifts and the Happiness and the Purity that is within the structure of the Center of the Earth, I will pour It back to you; and as It comes forth It will purify all the Earth around you, for I shall pour that through the structure of the Earth to you.

Do you not see how Life, being everywhere, when you begin to feel your at-one-ment, your loving cooperation with all that is of the Light, through your Cosmic Love and Light, you may become One with Light anywhere, and that Light will give you all that is within Its Heart! Whether that Light be the electron in the atmosphere, whether It be the Light in the Heart of your own “Mighty I AM Presence,” within the Flame, whether It be the Light from the Great Central Sun, or the Light in My Domain, or the Light in your Physical Sun—what matters? *It is all Life! It is all Light! It is all Consciousness! It is all Intelligence!* It is all connected with every other part of Itself. Why wouldn't It open Its Heart and tell you that which is Its own Perfection and Power of Life?

When you enter in through your love and blessings to all Life through your devotion, you may enter into the Heart of everything in this Universe and have all that is within it. There is always going forth from within all Light, greater and greater Perfection, more marvelous Ideas than have ever been in existence, greater Love, greater Blessings, greater Perfection, and greater Power; because the Light of Life is ever expanding Perfection from within Itself, and pouring It forth to bless and flood into all who will accept It and receive It.

You can say to Me, “Pelleur, show me what You do to hold Balance in the Life Streams of those whom you assist,” and I will release that direction to you, so you on the surface of the Earth may be that Balancing, Purifying Power to the mental and feeling world of all Life that you contact.

Do you know, My Beloved Ones, when you make the Call for the release of the Life from the animal forms on the surface of the Earth, do you know when you call for that Life to be released

from those forms and go back into the Octave of Light—with the Command that it shall be purified and never serve anything but the Ascended Masters' Perfection in the future—do you know you are rendering a tremendous Balancing Service to Life? You are sending back into the Octave of Light that Life which has been caught in the substance of the shadows; that which was imprisoned in the shadows you are setting free. You are rendering a Mighty Balancing Service to Life and that can all be done harmoniously.

It sometimes takes a determined Call, because you have to cut through much human creation in the atmosphere about you; but when that Flash of Light goes forth to either your "Presence" or the Ascended Beings, the Answer comes, and Life moves into action to free other parts of Life from human qualities.

My Beloved Ones, there are sounds in the Center of the Earth that produce manifestations of Beauty indescribable, and the Music that fills the atmosphere is of an exquisite, marvelous Quality. The Vibratory Action of that Music is the most healing, marvelous, soothing power. It is as if there were one great Tone of such Perfection, breathing, as it were, Its Qualities through the Center of the Earth, and It is of such Cosmic Concentration that discord cannot enter into It. Anything of a discordant vibratory action, the moment it touches that other rate of vibration, is consumed on the instant—just by the magnitude of the Energy charged into that Music. It holds the structure of the Earth balanced. It forms a pressure against the crust of the Earth that is Invincible, and does not allow that which is of destruction on the surface to enter the crust of the Earth past a certain distance.

These are Great Cosmic Actions of the Balancing Powers of Life. I do not want you to think I am a school teacher tonight, but I want to show you what can come forth through your requests. You who want to assist in drawing forth Healing Power to undo the damage that war has perpetrated upon Life Streams, upon those bodies—this is not just exactly in My Domain, yet some of it is—you could say to the Mighty Helios: *"Beloved Helios, open the Flame of Healing Flame in Your Heart to me, and show me how to build anew any part of the body at my Command! Show me how to heal instantly every condition of discord that has been imposed*

upon Life!” My Precious Ones, do you realize what the Flame from Mighty Helios’ Heart means to this Earth? Do you know there would not be the Light within the Center of the Earth if the Flame from the Physical Sun had not been anchored there in the beginning?

The Great Cosmic Being who governs the Activity of the Earth and its structure had to give the Unfed Flame into the Permanent Atom that became a World *before* the structure of the Earth was built, and that came from your Mighty Helios and the Mighty Virgo. Then, wouldn’t He be concerned with showing you how to build anew a hand or a foot, or an eye, or any other part of the body? If those Cosmic Beings can build a World, do you think a physical hand is such a tremendous problem for Them?

That would always be in conjunction with the Higher Mental Body of the individual, but still I say to you, you will come to the point where you recognize only One Authority, and that is the Authority of your “Mighty I AM Presence”; the “Mighty I AM Presence” of every other human being; and the “Mighty I AM Presence” in the Heart of all Ascended Masters and Cosmic Beings; the “Mighty I AM Presence” in the Heart of the World; the “Mighty I AM Presence” in the Heart of the Sun; the “Mighty I AM Presence” in the Heart of the Great Central Sun! When you recognize only that *One* Presence, then you will control all substance and manifestation of the Four Elements, and instantly.

When you recognize that every Point of Light in your body, even your flesh forms, is connected by a Thread of Light to your Higher Mental Body and your “Mighty I AM Presence,” then you must know that those Points of Light in your bodies are that “I AM Presence” in you. When you give that Light full Authority and you say to everything that is not self-luminous: “You have no authority in my world! The *Light* is the only Presence acting, the *Light* is the only Presence thinking and feeling and manifesting!”—then the *Light* is the Power changing that hand into Perfection; the *Light* is the Power rebuilding an eye; the *Light* is the Power establishing Perfect Balance in the mental and feeling world. When you know that Light is the Only Authority and Presence, and that nothing else gets acceptance or consideration, then that

Healing Power that heals instantly with the spoken word will be yours to set Life free wherever you move!

You may say to all substance that still has imposed upon it some of mankind's impurities or discord—and it would be well to form this habit—say to all substance: *“I command you into the Violet Consuming Flame to become and remain purified forever!”* Then you confer upon that substance your Consciousness of Life, the Authority of your Life Stream to sustain Perfection in that substance for Eternity. This will give you Mighty Confidence.

I am just a little reticent tonight about telling you something else that takes place in Our Domain, because I do not want you to get the wrong impression nor misuse it; but there is a Power within those in the Center of the Earth, a Power and a Use of the Free Will that is a terrific thing, a tremendous thing from the Cosmic Standpoint. I do not wish to strengthen any feeling, known or unknown, within you that might give you that sense of dictator power again, for We are trying to release that from the feelings of those on the surface of the Earth; but if the determination people have had to create discord had just been used as a determination of the Free Will to acknowledge just that *One Presence of Light as the only Authority*, a shadow of human imperfection could never have been created.

So if you care to *call forth the Cosmic Power of the Free Will of Light and Its Cosmic Invincible Protection and Ascended Master Use*, then you may become as fierce as you like when you are determined to acknowledge that your “Presence” and Its Light are the only Authority in you and around you. *The Cosmic Authority of the Will of Light means that the shadows cannot be accepted longer.*

I wish I might show you—perhaps some day We can—the power of the children within the Center of the Earth. Their Power to will into existence that which they are creating to produce Beauty and Perfection and Power of the Will, would amaze you, but it is only used to create Perfection. It is never allowed in Our Domain to produce human qualities.

The Beauty and the Purity of the structure of the Center of the Earth, were that to be released to mankind, shown to

mankind, would be such an inspiration as this World has not known for many thousands of years. My Dear Ones, tonight, were you permitted to see the Beauty and the Purity and the Action of the Light within Our Domain, it would be an Inspiration and a Power, a Raising Power to you that would last until your Ascension. You could not gaze upon Our Realm for half an hour and ever again stop your Commands to make the rest of the Earth that beautiful.

You have many magnificent scenes of beauty on the surface of the Earth, but they are not a fragment in comparison to the Purity and the Beauty that is within the Center of the Earth. The surface of the Earth one day will be that Beauty, but it can only come through Purity, because extreme Beauty and Eternally Sustained Beauty cannot be, except all human qualities have been consumed forever. If the human discord and impurity that has been imposed upon the structure of this Earth by mankind in the centuries past could be consumed—as it one day will be, by the Call of Love from the Hearts of mankind—then you would see the surface of the Earth and what you now see as the formation of stone, and so forth, would become crystal clear and luminous and magnificently colored and formed, and it would be as if the Earth were made of jewels. Then would the Light within that substance and the Light from the bodies of the beings upon the surface of the Earth become the Illumination of the Planet that would make it a Sun.

The action of the mind of those within the structure of the Earth is a very wonderful thing to behold, for within that Mighty Radiance, that soft white Light, the consciousness and action of the mental faculties is, of course, one of very great ease, and the ability to reach within the Great Octaves of Light and draw forth Their Secrets and Their Blessings is almost without limit. These are the things, some of these things are to be brought to the surface of the Earth after the change; because they are to render a blessing to Life that focuses upon the surface of the Earth those activities and that assistance which bring in the Permanent Perfection of the Planet.

Beloved Frederick, the Power that struck yesterday morning when this Messenger was at the Novachord—both of you felt It

first within the solar plexus. At the same moment there struck within the Center of the Earth a Wave of Love from the Elohim of Peace, to begin Its Expansion through the Earth to the point where Peace becomes Eternal on the surface as well.

If you care to call to Me to pour the Light which it is My Privilege to direct, into the military camps and the channels of your National Defense to more quickly purify and establish balance there, in the mental and emotional bodies of the people, I shall be glad to add My Assistance to that which the Great Ones are giving to help purify those Life Streams, to help hold the mental and emotional bodies balanced around them until more of the war condition can be removed from the Earth.

We have given that Assistance to Life Streams for many centuries—of course with the full permission and cooperation of the Higher Mental Body of each one; but there is no reason that more of these Cosmic Actions of Light cannot be released into the channels of the outer world's activities wherein such frightful viciousness is creating such havoc in the misuse of Life and Its Gifts.

You make the Call, and I will stand ready to direct the Power which it is My Privilege to wield, and to help purify those conditions; and later on, one day those blessed ones will stand in Eternal Gratitude to bless you for that assistance now.

You blessed ones are building a momentum which as yet I am sure you have not exactly thought about, because I know you are not doing it from that motive; but I wonder if you realize just how grateful Life Streams are to you for these Calls that affect a Nation and the World! Those who are being set Free through the activities of war and through your Decrees for their Freedom, My Precious Ones, they love you as you cannot now possibly understand. Their Love to you and their release of gratitude for the Calls that have been given through which they are now Free, will draw to you Cosmic Powers of which you little dream. This is increasing around each one of your Life Streams, for the moment they are wholly Ascended and Free, they stand ready to flood upon you everything that they know how to use; and as soon as they learn more, they come and pour Its Blessings to you. They are just as much concerned with the Purification of the Earth as you are, and when

they see what your Cosmic Calls have done thus far, their gratitude comes to you continually.

Those who are receiving the Ascension, having passed out through war, know very well that it is the Activity of Saint Germain's Gift of the "I AM" to the World. They know they would not be Free if you Precious Ones had not called for the seizing of the black magicians and the discarnates, and given the Calls for the Ascension of those Blessed Ones. They know well enough it is those who have personally made these Calls that has enabled them to be free this hour, and that is Eternally Free from that through which they have just passed.

Life does not forget a Gift of Love for the expansion of Its Perfection; and your Decrees, My Blessed Ones, for the correction of World conditions are the Gifts of Love from your Life Streams to bless Life with Greater Perfection. Life does not forget that! You have never yet realized how great is the Love and the earnestness to help, from those who are free because of your Calls. You have not done it with any sense of reward. You have held the right attitude—that you are balancing your debt to Life by blessing and freeing Life wherever you move. But nevertheless, those who have become Free are Eternally Grateful to you!

Just as the Beloved Saint Germain bowed, and still does bow in Love and Gratitude when He passes Beloved Jesus, and as He says, "That is My Praise to Life for My Freedom"—just so do they feel to those through whom they have gained their Freedom, and that is well; for were every individual able to be so grateful, first of all to his or her "I AM Presence," and then to every channel that cooperated in order to help that one have greater Freedom and Purity and Happiness and Freedom, oh, My Beloved Ones, the Powers of the Universe would rush to offer Their Blessings to you.

Life does not forget a Blessing that sets It Eternally Free. No channel of Life forgets that! Once It enters into that Freedom, It becomes all gratitude to Life. And so it is within the Heart Center of the Earth. The Harmony, the Love, the Gratitude, the Purity, and the Beauty within Our Domain make Our Activities produce transcendent Perfection and release great Cosmic Power. That has been used thus far to hold the pressure of Perfection and Light

against the discord on the surface of the Earth; but later on, when that discord is removed, then will you see the Beauty and the Perfection come forth from within to help the outer become like that.

The Great Cosmic Crystal Cup to which you call to pour out Its Blessings, Its Gifts, Its Secrets, is the never-ending Outpouring of Cosmic Assistance to all who give It recognition and acceptance. Each one of you is a Cosmic Crystal Cup of Life and the Outpouring of Life's Gifts. Therefore, your worlds should be flooded with the Cosmic Outpouring of the Great Cosmic Crystal Cup, and by your Calls and acceptance, that shall go on until you are an ever-expanding Cosmic Outpouring of Perfection to Life everywhere you move.

Now you might think as unascended beings that you could not be a Cosmic Outpouring, but I say to you, you can. When your Heart makes the Call to the "Presence" or the Ascended Masters or Cosmic Beings to pour forth through every human being on Earth the Cosmic Unfed Flame and to seal each Life Stream within that—seal each physical body within the Cosmic Unfed Flame—and you ask the Seven Kumaras to focus that around every human being on Earth, is that not a Cosmic Action? It is an action of such Magnitude that It focuses around the physical body of every Life Stream on this Earth. Is that not a worldwide action? Does that not affect the Life of the whole System? Then you can become, through your Calls, a Cosmic Outpouring of whatever Cosmic Blessings you determine; and as you make your Calls to hold Absolute, Perfect Balance in the mental and feeling world of all Life that you contact, that is one of My main Activities. I can always pour to you the Power of the Great Cosmic Sun of Even Pressure, and that Substance flows around an individual or floods into the atmosphere about you as the Pressure of Light that releases you from the pressure of discord. You may have that and move within It to any degree that you choose to call.

Just as Our Activities within the Center of the Earth hold the balance against that which is on the surface, so may you have this Power of the Cosmic Sun of Even Pressure within your bodies and around them, to hold away the pressure of all that is human around you; and you will move with an ease, you will move with a

balance and a clearness of thought and feeling that you have never quite experienced before—except from the Outpouring of the Great Elohim of Peace, because This does bring very great Peace.

May I say to you that That Substance, for It is a Substance of Light, is soft white Light-Substance that enfolds you with the ease and comfort you have never experienced except from that Elohim of Peace. As you call for This to be drawn around you and hold Its Feeling within you to bless you, so may you move among the rest of mankind pouring forth to them your feeling of that same great Peace. If you choose, you can ask that That be anchored within their worlds, and they have the Great Cosmic Sun of Even Pressure, and hold Its Balance of Love and Light within their worlds.

Oh, these Inner Actions of Life's Mighty Blessings and Gifts are so wonderful! They are so limitless! They are so free for your use! You might think that you have been given a very great deal in a short time, and true you have, but there is a powerful reason for that. There is great Speed of Action in the increase of the Cosmic Light's release to the Earth since the first of January; and after the first of July, you will see another increase in the Speed of Action of the Powers of Light through your Calls.

That is why I have come tonight, to offer you the anchorage of this Substance from the Great Cosmic Sun of Even Pressure, that It may fill you and surround you, and you be a Sun of that same Mighty Power pouring to hold Balance and Peace in those around you.

You remember, you Blessed Ones who were in Chicago, the Decree that you gave, or the Call that you made to those who wield the Sword of Blue Flame, to *STOP! (3) the action and reaction of all your mistakes; past and present, known or unknown! And annihilate their cause, effect, record and memory!* You could apply that same Call to all pressure of discord in the atmosphere about you, and ask those same Mighty Beings to *STOP! (3) the pressure of all discord in the atmosphere of Earth wherever you move, and annihilate its cause, effect, record and memory before it can act or approach.*

I think you will feel very much greater ease in your bodies—not that you have been especially in distress lately, except in

some small degree; but you might just as well have the complete release from any pressure of discord in the atmosphere in which you move. You may have My and Our Atmosphere of that Substance from the Cosmic Sun of Even Pressure, that holds perfect ease within you forever.

Do you know why This has come forth tonight—another reason? Because at the same time you gave that Decree in Chicago, you also called forth the one to remove all obstruction you had ever placed in the pathway of any other Life Stream; and when you asked Life to remove all obstruction from every other Life Stream you had ever contacted, anything that you had ever placed there, then you gave Us—you gave Life, your “Presence” and the Ascended Ones, the opportunity to remove more and more and more obstruction from your pathway; and it will occur more and more, and it will be more and more noticeable after the first of July.

Go on with that Decree, for when you remove the obstruction from the pathway of any individual Life Stream, then Life will take one obstruction after another out of your Life Stream, whether it be your bodies, your affairs, or your loved ones. All obstruction will move aside and be dissolved, and then as you become the Will of the Light, Power that you dream not of will become yours for your direction; but this Purification must come first, and with That will come such Freedom, such Joy in the use of that Power! *Remember to charge It with the Ascended Masters’ Consciousness that never lets It act except for constructive purposes.*

I am sure you have felt the Ease and the Balancing Power tonight in the atmosphere. May I let you in on another family secret? The Mighty Goddess of Justice is One with whom I cooperate a great deal, since Her Service on the surface of the Earth is to establish Balance, and mine is to hold the Balance within the Center of the Earth; naturally the use of the Unfed Flame is of very great importance to Us. So when you called for that to be drawn here last night, We were greatly delighted. Her Joy is quite as great as Mine, because it gives the Balancing Activities of Life greater opportunity and greater release because of your Call.

So your Crystal Cup Lodge and your Crystal Cup Canyon are

filled, if I may say that in confidence to you, with the Cosmic Focus of the Unfed Flame from the Seven Mighty Kumaras from Venus—that Balancing Power of Their Love which has held the Earth from destruction for many centuries. In all Eternity you could not give Them Love enough; but the more you give Them now, the greater They can release the Power to establish Balance first of all throughout your America, and then throughout the World.

May I say to you that the coming next six months is a balancing time in the affairs of the United States of America. May we be the Cosmic Balance that returns Her activities to the direction of Saint Germain's Constitutional Government and His Victory of the Light, and the Courage which He gave America in the beginning. May we all call forth the Balancing Power of the Cosmic Unfed Flame from the Seven Mighty Kumaras and hold Its Dominion and rule in America, until His Freedom to the people and His Victory of Light are complete.

To that end do I offer My Love and Assistance to you, and with the Goddess of Justice, call forth the Balancing Power of the Unfed Flame to guard you, to release all Pressure from around you that is not the great Ease and Balance of the Light of your own Life Streams.

Ask the Cosmic Sun of Even Pressure to open Its Heart and give you Its Cosmic Power and Ease, the Joyous Control and Balance that will be just naturally your everyday experience. It is a Mighty Real Focus of Light and Love and Life's Perfection. It can be drawn on the surface of the Earth, within the Earth, within and around an individual or a whole Planet or a System of Worlds; and It is part of the Goddess of Justice's Action of Her Life Stream as well as Mine.

Let us assist Saint Germain in His Purifying Service to the Earth through the Violet Flame and Her Balancing Power. Let us move forward and release that Action to bring His Freedom and hold His Victory of Light in America now! May that Cosmic Expansion from the Great Central Sun of His Cosmic Authority of Freedom come forth tonight, and the One Mighty Stroke set into Divine Order all in America quickly, at least as quickly as is possible

at the present time. His Love has been so great! His Gift of Himself throughout the centuries has been so absolutely selfless. Now may His Reward be great and His Victory immediate!

I offer you the Flame of Love from My Heart. May It open to you all of Its Secrets, give you all of Its Powers, and make you all of Its Presence to hold Balance and Freedom and the Victory of the Light wherever you move, and to bless all of Saint Germain's Activities to the full Completion of His Divine Plan fulfilled.

I thank you for Eternity for the Calls you have made within this Crystal Cup Lodge. I thank you for this mighty Answer from the Mighty Kumaras. Feel, each one of you, that you go forth a Crystal Cup of Their Love, Their Balancing Power to the outer World; and just *be* that Authority and Perfection to Life everywhere. I ask Them to hold Their Invincible Protection, Their Cosmic Protection of that Cosmic Unfed Flame so blazing around you, that the human dare not come near—anyone's human; and may you just feel the great rest within the Flame of Their Love.

May you feel the Great Cosmic Sun of Even Pressure and Its Power from Our Domain; and may My Love make your way the Pathway of Light, so blazing that there is no longer an obstruction anywhere. May you *be* a Cup, a Crystal Cup of My Love to all on the surface of the Earth, until that hour when We can release the Eternal Perfection to cover the Earth forever with Beauty and Purity and the Power of the Sacred Fire forever.

May you rest tonight in the greatest ease you have ever known, and be Its Full Authority and Power when you awaken in the morning. I offer It and I know you want It! Life, the "Mighty I AM Presence" is the Only Authority, so It is yours now. *Be* Its mighty Happiness tonight and *be* Its ceaseless Outpouring to Life wherever you move.

May the greatest Joy and the greatest Love and the greatest Victory and Power of Perfection hold you sealed forever within My Heart and the Cosmic Unfed Flame from the Seven Kumaras, the Precious Goddess of Justice; and Saint Germain's Freedom and Victory of the Light wrap Their Mantles of Flame about you; and the Beloved Godfre show you what Obedience to the "Presence" means, in Its Power released now tonight into your

direction—and you become the Law in Action wherever you move from this hour. I decree it! I insist upon it!

I wrap My Flame of Love about you until you are Its Manifestation in Its Fullness forever. I thank you for the privilege of this night. May it bless you and all the World forever!

Thank you, thank you, thank you for your love and your Light and your Calls to bless Life forever. I thank you, and good night.

GEMS OF LIGHT

Beloved Neptune

Within every atom of water is a Point of Light at the center, which is the Eternally Pure Light-Substance from the Great Central Sun. That Light-Substance came from the Great Central Sun from which the substance of this Earth came. If you really understand this, you will accept and feel the full Electronic Force of Light within all water you use.

You will be amazed at the effect on your feelings and the body of its greater Power of Perfection. Have you ever realized how water purifies the air? When it is heavy and hot, you have a rain, and after the rain it has cleansed the air; it has energized it; it is more comfortable to the body. It has delayed your sense of irritation, and it has illumined and freed your feeling world from the substance which is imposed upon it which is discordantly qualified.

You know how a drink of water refreshes you. At least eighty percent of your body is water. Every atom of water in your body contains a Point of Light, and if you will ask your "Presence" to expand that Light and keep on expanding It, then you quiet your feelings enough and visualize that Light expanding, you can make your own body Self-Luminous.

How much of the water in your body is Light? You have a Light Body, really. Since those Points of Light are there, by your Call to your "Presence" you can expand them; then whatever is wrong in the body can be consumed by your Call to the Violet Consuming Flame to pass through the atomic structure and atmosphere, and ask the "Presence" to expand the Points of Light within every cell of the body.
