BELOVED HEARTS OF THE LIGHT, it is My Privilege to come to you this hour and strengthen you in every way, that there may come in and around you at all times all the Powers that will assist you to hold your dominion over the hordes of the shadows in this World, until they are completely removed.

For your encouragement I wish you to know that the Cosmic Law is releasing certain Activities and Intensification of the Powers of Purity to this World that are the incoming Light of the Cycle into which you have entered. The Law of that Cycle, which becomes the Master Control of all in this World, is Purity; and therefore, every Action of the Cosmic Law is converging at this time, and concentrating into outer activities all the Sacred Fire Activities of Eternal Purity.

So, regardless of what the outer world appearances may be, there goes on underneath and over mankind the increasing Action of the Cycle, which is the drawing of the greater Purifying Powers of the Sacred Fire into the structure of Earth, into mankind, into the Powers of Nature, and into the atmosphere of Earth. This of which I speak is the Power of the Great Central Sun Magnet that is the Expanding, Purifying, Raising Activity of the Cycle into which you have entered. This is not a personal thing. It is an Action of the Cosmic Law that is the Law of the Cycle, and that Cycle is of Perfection.

Therefore, there is always provided by Life whatever greater Activities of Eternal Purity and Power that are required to strengthen the Life Streams that are in embodiment at this time, and that are going forward to constructive action in both the

Attainment of the Ascension and in the building of the new Civilization.

For your Illumination, I wish you to understand that as you build a business, for instance, in the outer world, you create a focus for your activities; and then day after day you pour your Life into that focus. Then you enlarge your business—in other words you create by your Life, more and more activity of the particular line of business in which you are acting. You build that, little by little, until it becomes that which you desire to fulfill your plan of that activity.

When you use the Luminous Presence of an Ascended Being, you do the same thing; and that is always the creation of the Thousand-Petaled Lotus. Every time you use the Luminous Presence of an Ascended Being, and you hold steadily day after day the Picture of the Activities of the Sacred Fire and the Cosmic Light, you are building a Sun Presence of those Activities. As you maintain Them, that Sun Presence becomes greater and greater; and that Sun Presence, since It is composed of your Life which holds the Picture and creates that Picture, that Sun Presence enfolds you, enfolds your physical body, enfolds your affairs, enfolds the atmosphere about you.

When This comes to a certain Intensity of the Action of the Cosmic Light or the Sacred Fire for which you have called, then the Higher Mental Body and the Assisting Ones of the Ascended Masters' Octave pour Their Sacred Fire Life into that to intensify It, and expand It, and let It flow forth into the Service to your city, or your Nation, or the World.

Wherever you have created, by continual recognition and use, a Sun Presence of any special Activity of the Sacred Fire, when That reaches a certain size, one or more of the Ascended Host will take That up and—drawing into It the Sacred Fire Activities that will affect the city, or the Nation, or the World—set It into action, set the Amplification of It into action to bless the rest of the Life of the World.

Therefore, We never cease to see every opportunity and use every opportunity to draw into this World more of the Purifying Love of the Sacred Fire. When you realize that this World, if It is to be purified, must be purified harmoniously by the Use of the Sacred Fire, then you can see how necessary it is for Us to use every opportunity to amplify the Sacred Fire for which you have called, in order to control conditions in the world around you; and in controlling those conditions, We come closer and closer to you, because We are drawing—and We must continue to draw—more intense Activities of the Sacred Fire in and around you for your Protection, as the destructive forces in the outer world continue to become rampant and try to accomplish their destructive end.

Therefore, unless mankind is taught the Use of the Sacred Fire to purify and consume human creation, there is no permanent Protection around those who want to serve the constructive way of Life—unless the Higher Mental Body enfolds the outer self in the Sacred Fire, and We draw more of It around you to be Our Cosmic Protection against the hordes of evil; otherwise mankind would not be in this condition.

Uncountable Legions, who concentrate and direct the Activities of the Sacred Fire, come with Us. When it is necessary to consume a certain proportion of mankind's discord, when We are trying to bring forth constructive activities in a locality, these Legions come with Us, and all They have to do is pass through a locality and Their Sacred Fire consumes the resistance to the Perfection We wish to establish here!

I am explaining this to you today because We want you to become aware of the Activity of your own Life, which your Higher Mental Body is drawing in and around the outer self every time you send It your love, every time you make the Call, every time you hold the Picture of the Sacred Fire and the Cosmic Light going forth to fulfill your Call.

This is what has taken place in the Healing Shrines of the

World where the people desire the Help of God to overcome the conditions of discord in which they have become enmeshed. When the attention goes to the Great God-Presence of Life, there are always Limitless Beings of the Sacred Fire who will come and help that part of Life when that desire is sincere, when the individual reaches up to the Greater Beings in the Universe and asks for the Help that raises that Life out of the clutches of the hordes of evil.

Many times this has happened in the past; and We have, in every civilization, taken away much of mankind's discordant creation. Then, sometimes, the same Life Streams have again created the discordant, limiting conditions as has been done in the past. Now, you come to the end of the cycle in which that is going to be permitted!

That is why My Return to the Earth must be manifested to the people of the World. Many fully believe and accept that I will return. Many have seen Me; and to many I have returned many, many times, just before their Ascension — I mean by that within a year or two before the Ascension was attained.

I have given this Service all through the centuries! I have come whenever any part of Life reaches up to Me and asks for release from human distress. I have never failed to pour forth the Flame, the Sacred Fire of My Life's Love, to help every part of Life in this World rise out of destructive conditions and try to hold to the constructive way of Life and make conscious effort to again attain freedom from the hordes of evil.

We would gladly lift every condition of discord from all Life in this World if the Cosmic Law permitted; but the Cosmic Law only allows Us to help as much as the individual makes conscious effort to help himself or herself to cooperate with Us. If mankind, in desiring release from the hordes of evil, would understand what We have to do to help them, and would cooperate with Us, why, My Loved Ones, it would be no trouble at all to consume the evil in this World! If the people only

understood what they must do to cooperate with Us to let the Cosmic Law act to consume those hordes of evil—for it is nothing but energy and substance that has been charged with destructive activities of Life.

Now, I am sure you've had explained to you many times what happens when you use the Luminous Presence of an Ascended Being; and My Dear Ones, We can duplicate Ourselves! We can create a Luminous Presence! We can send It forth like a Messenger! We can charge It with any Special Activity that is required to render the Service that is needed at that moment. We do this constantly for those who hold the Picture in the mind of Our Luminous Presence. We can create the Luminous Presence, charge It with any Special Activity, send It forth anywhere in the World, and sustain It there until It has accomplished what needs to be done to master the evil, to consume that evil! Therefore, don't you see why We are Master of Life?

We are Master over manifestation because We can create the Sacred Fire, concentrate It as a Sun Presence or as a Light Ray or as Our Luminous Presence, command It to produce certain Miracles or certain effects, and be sustained until the evil is overcome.

I wish to thank you all personally for your willingness, when the "Hallelujah Chorus" has been played, to hold My Luminous Presence within the Sun of the Sacred Fire for which you have called!

This in time, Beloved Ones, if it were built to a certain intensity, would control conditions in the atmosphere and govern the Powers of Nature and Forces of the Elements. Whenever mankind will hold the Picture of the Sacred Fire's Control of conditions, it gives Us a chance to act and focus there the Sacred Fire from Our Octave that will change any condition into that which is Perfection, and sustain It and protect It.

Do not forget that Our Luminous Presence, Our Sacred Fire Presence for which you call, is a Protecting Presence of the

Sacred Fire. I want This, if you will accept It, to be so thoroughly a part of you, that at any time that you call for My Luminous Presence, the White-Fire Presence, or the Blue-Lightning Presence of Cosmic Christ Control of physical conditions, you will find It coming forth in quick descent and controlling the conditions around you, until the disturbance is consumed. (*ap-
plause*) Thank you so much, Precious Ones.

I wish to show you We want to release all Life from human creation. We are so willing to help. We have such Power to use to correct these conditions; and I assure you, it is certainly not a joy to stand and watch mankind suffer again, and again, and again in a self-created condition because they will not accept Us!

If Our Hearts could ache in the Ascended Masters' Octave, They would have long ago; but such a thing cannot be, for We see the future. We see approximately the time that destructive forces are going to be allowed existence in this World any longer; and that is what makes Us able to, as the end approaches, release the Sacred Fire that masters those conditions, and takes one Life Stream after another out of the clutches of the destructive forces that seek to destroy them.

We see the ultimate Mastery that the Sacred Fire can always produce; and now, with your assistance, We want you to become aware of some of these same magnificent Victories. The more you call Our Sacred Fire Presence of any Ascended Master, as well as your "Beloved I AM Presence," in and around a condition, the closer We can come to you, the more We can control the condition, the more destructive forces will be compelled to recede! We are simply waiting for enough of mankind to reach up and use This which We have given, in order to release the Power that masters the evil that otherwise would destroy everything if it is not controlled!

Now, today there is one thing more that is vitally important. I do not care to have this publicized too much, but if you will call for your "Beloved I AM Presence' " and Our Ascended

Master Control of all in the atmosphere of your Nation or the World, and you demand the atmosphere of Earth be made the Sacred Fire Presence of the Ascended Host and the Cosmic Beings, it will enable Us to concentrate certain Activities into the atmosphere that will neutralize much destruction there, and take out of the clutches of the destructive forces the things they think they are going to use to create more discord.

If you *demand that the “Beloved I AM Presence” and the Ascended Host, in the Name of the Freedom of mankind, make the atmosphere of this World the Ascended Masters’ and Cosmic Beings’ Sacred Fire Presence*, I assure you, much Illumination will come to the consciousness of mankind, even though they do not understand It! They can see the Illumination, and understand It later; but they will have to reckon with Our Sacred Fire Presence! You need This very much, and immediately, in the atmosphere over your Nation.

I hope you understand this today, because it is vitally important, and it is the Cosmic Sacred Fire Presence that controls mankind’s frightful misuse of the Powers of Nature. Just ask that the atmosphere over your city or over your Nation—anywhere you are in the World—demand it become the Sacred Fire Presence of the Ascended Masters and the Angelic Host, that That is the control of the atmosphere over a nation or over the World, which the Hearts of mankind call to Earth to neutralize mankind’s intended destruction!

They won’t like this, but it doesn’t make any difference. We are not concerned about their likes nor dislikes. We are concerned with drawing enough of the Sacred Fire Presence from the Ascended Masters’ Octave, that comes into the atmosphere of Earth, possesses and controls it to the consuming of the destruction that has already been released into the atmosphere by mankind’s discord.

This will have many Blessings for you all! It not only will bring greater safety, but It will bless the Powers of Nature and

Forces of the Elements; and It will prevent many things that the sinister force intends and has already released to a certain degree, but yet which can be neutralized and prevented accomplishing their destructive end.

Just ask that the entire atmosphere of this World be made the Sacred Fire Presence of the Ascended Masters' Authority, Power, Control, and Blazing Presence of the complete removal of the hordes of evil from the atmosphere of Earth! You will find It will be a tremendous Blessing to your health, to the Powers of Nature, and to many, many, many activities of your daily life!

Our Sacred Fire Presence can just as well form the atmosphere of this Earth—in which evil cannot live—as to allow the electronic force that has already been made the atmosphere of Earth, and which mankind has polluted when entrusted with its use.

So, when this Messenger has through the years constantly called My Ascended Jesus Christ Luminous Presence into action around individuals or conditions, I assure you, It is a very real Manifestation! It has controlled destructive forces, and will continue to control them, for “I AM” Master of this World! I conquered the evil of this World! Therefore, when you call My Luminous Presence into conditions here, don't forget, My Sacred Fire has overcome this World; therefore, It is all Authority and Power of Control over anything generated by mankind!

This is why We have been reminding you constantly to use this Luminous Presence of one or more of the Ascended Host—especially the Seven Mighty Elohim—in and around those in your government and every government in the World; in and around your business activities; in and around your homes for their Protection. If you do not protect them by the Sacred Fire Authority and Power from the Ascended Masters' Octave, you don't have any protection in this World!

Mankind cannot protect itself, except by calling forth the Ascended Masters' Sacred Fire Presence that is the Master over

the conditions mankind has created. If individuals understood what Concentration of Power can be released into the use of the individual by calling forth the Sacred Fire Presence of the Ascended Masters and the Cosmic Beings into the lower atmosphere of Earth, to forbid the existence of evil—all you have to do is experiment with It! I said, “*I have overcome the World!*” Therefore, the Power that is now Mine to manifest complete Mastery over these conditions, must be called into the physical octave for use by those who are in the midst of the outer world’s chaos.

Now, let Me refer you to the Angelic Host. The Angels of the Sacred Fire, Beloved Ones, are Master everywhere They go. All you have to do is to call Their Presence into action to be the Authority and Control of physical manifestations; and you demand Their Mastery over all impurity, until that impurity is consumed by Their Sacred Fire! There are Limitless Legions of the Sacred Fire that can sweep through a condition and consume it as quickly as a streak of lightning.

You might have heard these Calls go forth again and again, for We have reminded the Messenger to keep your attention on Them and use Them as much as possible. This gives Us the opening whereby We can anchor into certain localities these Activities of the Sacred Fire that will steady the ground of the Earth Itself, when other places are not steadied. I trust you understand Me this afternoon! (*applause*) Thank you so much.

Do you remember when I stilled the waves and commanded the storm? Well, there is no difference to Me in controlling the energy in the water, and it’s no more difficult for Me to control the energy in the air by My Luminous Presence! I offered This to mankind centuries ago when I said, “*I AM’ with you always!*” Because when I took the Vow, or gave My Promise to Life that when I was raised Up I would raise all with Me, then, “*I AM*” still the Master Presence that controls the Powers of Nature—whether they be in the ground you walk upon, in the water, in the air, or in the fire, matters not! “*I AM*” *the Master of the*

Powers of Nature in the flesh bodies of mankind, and "I AM" Master by the Sacred Fire!

My Sacred Fire Presence is the Controller wherever you will use It. Wherever you make it a habit of calling It into existence and I see you are going to maintain that habit, then I come and establish there a permanent Activity of the Perfection which I wish to bring to the Earth. Wherever That abides, evil is compelled to recede and be consumed.

So, if We can have enough of these Activities called forth by unascended beings in the various places where you abide, it enables Us to establish there the Pillars of the Sacred Fire that continue to expand until the hordes of evil are driven back to their cause and forced into annihilation.

We did not give Our Promise to Life to fail! Such a thing is unthinkable once you understand what the Sacred Fire is in the Universe, and that you are That! *That is your Eternal Identity!* You are the Sacred Fire Presence of the "Beloved Mighty I AM," and so in that Activity which I chose to bring into this World for its Freedom and the Ascension of mankind, the Sacred Fire must be understood by unascended beings and called into action in order for the Divine Plan to be fulfilled! That is why We've pled with you for thirty years. We have done everything We could to remind you of the Use of this, and now I must speak plainly.

I give Myself to you in this Sacred Fire Presence for your Protection and your Victory of Freedom for your Nation! So, wherever you choose to use My Sacred Fire Presence, you have but to maintain the Habit, and I will as certainly establish that Sacred Fire Perfection, Authority, and Control there, as you call It into existence!

"I AM" waiting! The Assistance must come as quickly as possible; and there are Limitless Legions waiting to establish the Sacred Fire's Atmosphere over your Land by the Luminous Presence of the Ascended Host, and mankind better accept

Them! We are far more comfortable to associate with than what would be in the atmosphere if Our Sacred Fire Presence does not clear it and control it!

You certainly are not going to let individuals who are insane with hate, desecrate everything that the Great “Beloved I AM Presence” has brought forth in your Blessed Land of Freedom and has given you the Joy of Its use—you’re certainly not going to let someone else take It away from you! Not if I have anything to say about it—and I shall keep you reminded! (*applause—audience rising*) Thank you so much, Precious Ones. Won’t you be seated please, and just remain so.

Now, when enough, or even just *some* unascended beings make the Demand upon the Cosmic Law that the atmosphere over your Land must now become the Sacred Fire Presence of the Ascended Host, and the Ascended Host’s Sacred Fire Possession, Control, and Authority of all within the atmosphere over your Land, It will bring you Boundless Blessings and Protection that cannot come in any other way!

Therefore, “*I AM with you always,*” whenever you want My Sacred Fire Presence to come into a condition, control it, purify it, and raise it into the Almighty Victory of the Ascended Masters’ Octave. This is the Way your World becomes the Ascended Masters’ Divine Plan Fulfilled, becomes the Ascended Masters’ Heaven made physically manifest on Earth and Invincible against human creation forever!

So, I leave you to the Joyous Practice of My Luminous Presence and that of the Mighty Saint Germain and your Seven Mighty Elohim—any of the Great Cosmic Beings who have poured Their Love to mankind throughout the centuries. The Mighty Sanat Kumaras, the Mighty Lord Maitreya, and all the others of the Ascended Host—call for Their Cosmic Sacred Fire Presence to now be the Atmosphere of this World, control it forever, be the only Authority within it, and compel the Purity of Their Sacred Fire Love to blaze Its Luminosity into the

atmosphere over your Land and bless your people with all that Our Love can bestow, and keep you Invincible against the shadows of human destruction.

May the Blessed Angelic Host, the Lords of the Flame from Venus, and all who direct the Sacred Fire to the Earth, come close to you from this hour and — holding Their Luminous Presence around the conditions in this World with which you are concerned — make everything the Invincible Purity of the Ascended Masters' Octave, and therefore, the Invincible Mastery over the hordes of the shadows wherever they seem to try to come forth in this World. Remember, the Great Central Sun Magnet's Power to draw to you the Sacred Fire Presence of the Ascended Host, is yours to use without limit; and you will never find Our Love wanting, never!

I leave you clothed in the Sacred Fire Presence of My Love; and It shall rule till everything loves you, and Me, and the Ascended Host for Eternity, into the Ascended Masters' Octave in the Ascension! Thank you with all My Heart!
