

BELOVED SAINT GERMAIN

Beloved Students of Seattle and those visiting here, for your Great Love, just consider yourselves embraced! I just want to say to you, and give you My very great Gratitude for the Release that has been achieved for your precious selves in this Class. It has not been so great in numbers, but the *quality* has made up for it! I want you to realize, Beloved Ones, that a Greater Work is being done than you can possibly realize. From the Great Release that came the past two days We have been able to stem the tide in Europe beyond Our expectation! (*applause, audience rising*)

If you do not mind standing for a few moments while I am speaking these few Words to you, I want to render the Service by charging the Currents through your bodies—which can better be done while the spine is straight. I know it is not easy for you to understand as We do. Sometimes a great Impulse, constructively released, enables Us to do things that We, Ourselves, could not see possible before that Release came; only as the Substance of Life is ready for use can We determine to the extent that We may use it; because We cannot, as I have said so many times to the Beloved Students, determine what the human will do until it is accomplished, you see. Sometimes We set certain

things, then the human does not come up to it, and We must let down the constructive plan We have made. And We find it wiser to wait until the Substance is released to do the things in hand.

Let Me make clear to you today, and as these Currents are passing through your body, Beloved Ones, the need for your Decrees is so imperative, the need for your Call. Why? Because it releases a substance from your feeling world and body. Now that is tangible substance, but this has to be released from the human octave in order to bring about the Greater Release and Amplification from Our Octave of Light. That is why, Beloved Students, don't give up on your Decrees! Ever! If you had an abundance of everything good, and Happiness complete, still keep up your Decrees for your Blessing that goes forth to mankind!

Sometimes in watching over the Students, when I sometimes see, not often, but now and then, a Group who do not feel the need of the Decrees, it is so pitiful, really—when We have urged so long the need of these Decrees, then still sometimes individuals seem to think Our Wisdom is not sufficient. But I tell you, unless you release that substance from your physical bodies and your feeling world, which is the Substance of Light in your Call to your “Presence”—now I do not mean the energy that is ordinarily released from your body, this is a wholly different thing—but in your attention to the “Presence,” the Substance you release is the Power We work with in the human octave for you, and in America, or whatever the requirement is. Therefore I say to you, *Beloved Ones, keep up with all the enthusiasm of your being and your feeling world this Mighty Activity!*

I am sorry that I have to call this to your attention again, which has been done several times during the Messengers' activity, but the report has gone forth here that I am visiting spiritualists, mediums, and spiritualists' circles. NOW THAT IS NOT TRUE! I do not visit spiritualists' circles or mediums any more than I pour forth My Blessings to all mankind. I have prepared these Messengers, not only in this embodiment, but embodiments before, for this Work today, and I will not choose anyone else through whom to give forth these Instructions. Now everyone please understand that! The entities and the psychic world and the black magicians, and all that kind of thing, even project My Likeness to people to make them believe it is Me, until they get their clutches on the individual.

Now the precious mediums in America today—and there are many in your Seattle of all kinds—but Dear Ones, I speak to them in all kindness: Don't accept that I am using you to give forth anything! When I have these Messengers to whom I can flash the Words absolutely clear with not one particle of their human feeling in those Words, then why would I choose something else?

I want you to realize this. We are all working for the Freedom of America, and if other things begin to intrude, it is going to interrupt and confuse the Students so they won't know where they are. If you stand by My Instruction as I have given you and apply as I have given It, you will have your Freedom! And I guarantee It to every one of you who will stand by It and continue your Application. But you must have courage and strength! Dear Ones, do you realize that when you take your stand with the Light, you are resisting the entire world

of human creation! Don't you see that you must be very strong? You must be courageous in your Application and in your stand to the Light, or one thing or another will trip you up and throw you down. That must be expected, because the accumulation of mankind during the hundreds and thousands of centuries has considerable strength from the human standpoint. But it has no strength, no authority against the Light of your Great "Presence" which you are calling forth.

Now Remember, Dear People, and you who want to be free of entities and disturbances of that kind, remember, when you make the Call to the "Presence," to Myself, or the Divine Director, or the Archangel Michael, or Astrea, immediately comes back the Answer. Then accept your Freedom, and know that they have no power to touch or reach you again.

I say to you, and to the blessed mediums who do not understand, My Dear People, if you realized and saw what was around you! You only gather the things from the astral or psychic world! If the medium is very pure, why, of course, they themselves will go in thought and feeling direct to the Octave of Light. *But they do not bring those individuals down here!* The Law does not permit it. They might bring a radiation, but those whom they gather around them are those who cannot leave the Earth from the psychic or astral world—which is one and the same thing.

Now please understand. I know! For some forty years there have been individuals, and some not necessarily spiritualists, who conceived the idea of calling to the entities to give them release. *It is the most dangerous thing on the face of your Earth today!* Why? Because your

“Mighty I AM Presence,” which knows all they know, is the only means that can release you. The Divine Director is the Authority for this Earth—of who shall leave the Earth who cannot leave of their own volition. Now remember that! Therefore the hundreds of thousands which He has caused to be released from the Earth and around mankind is one of the most beautiful things ever witnessed from Our Octave, because those individuals cannot leave the Earth on their own. Now will you be seated.

Those individuals cannot leave the Earth, and therefore, until some Assistance is given, it would be impossible for them to go, unless Someone in Authority caused it to come about. Therefore, Beloved Ones, your loved ones who have lived ordinary, good lives, have gone into the Octave of Light, and you cannot bring them back here. Don't believe it! Don't accept it, because they cannot come. Life will not permit it. Now this is what many experience. There is no barrier to Divine Love in the universe. Now then, when you direct your Love to a loved one who has passed on and gone into the Octave of Light, your Love goes direct as an arrow to them, and they respond back on the Ray of Light to you. *But they do not come back to you!* I am saying this definitely today because of the great number of mediums there are here. This should be corrected. If they will allow Me, I will be glad to help them, but they must not say I am giving forth instructions through them! That is not true. Now they might necessarily believe that, but I am not, so they are deceived.

Many people believe that they have seen My Presence projected by somebody else in order to make Me appear to be there. This is the thing few people understand. Some black magicians* have very great power. They can project

the form of anybody they choose. But when they begin to project My Likeness, they won't continue it very long; (*applause*) because I soon discover it, and the individual who is doing it ceases to do it! Therefore, Beloved Ones, do not be deceived by these things. You must be alert and on guard—not that there is anything to be afraid of, but to prevent something intruding in your world. For instance, the Messenger just had a letter yesterday from an individual. You see, these powerful entities and the black magicians hear what I have said in these Instructions and are taking up some of the ideas and trying to use them. For instance, this individual is one of them who is preyed upon, and she said she was hearing the voice from within. They projected that and caused her to believe that voice is coming from within, when it is coming from without. But that is the way they deceive. She thought that she was receiving Instructions from Me. Really, that which came forth was the most deplorable ignorance! I trust I am not that!

I am explaining this, that you may not be at any time deceived, Dear Ones. We want you to be Free! Now then, continuing what I referred to a moment ago. Beloved Ones, individuals who call entities about them, not understanding this Great Law, will wish one day they had not been born in this embodiment! People humanly cannot give release to those individuals whom they would like to—and sometimes feel that they are. But that is not the case. They aren't being released from the Earth because they [the mediums] cannot do it. They do not know how! In the first place, they do not have the Power, the Authority of Life. Now they are calling for their release. The motive is good, kind and wonderful, but if they will stop calling the entities around them, and

then call to the “Mighty I AM Presence” and the Divine Director to release those entities from the Earth, and let the Wisdom of the Divine Director, the Mighty Astrea and the Angels of Blue Lightning direct, then they have performed a service. But they should not want to call the entities around them, because, if they do, they will find a great many remain.

I would not voice it to you, but you heard the Messenger refer to it the other day. This thing has been attempted for about sixty years, and recently the black magicians, failing in their great activity to influence mankind, have become furious; and when they cannot do one thing, they try another. And as I warned the people when the Messengers came to the Shrine [Class] the last time, a concentrated all-powerful action, so far as their power goes, was concentrated upon mankind, and especially in America—of abnormal sex desire. So I ask you as Students to stand guard over your feelings, and the moment a feeling of that kind comes to you, call the “Presence” to silence it at once and take it out of you. You will find that that feeling will instantly leave, because it is projected there. It is not your feeling in most instances. Therefore, do not be a prey to that frightful, destructive thing, because I tell you Beloved Students, as long as you continue to waste your sex energy, you cannot have your Freedom.

You are so lovely and so sincere here, and you have done such splendid work, that I am taking this opportunity to guard, or try to help you in that respect. I know! I know exactly what you require, and I will help you with all at My Command if you take your firm stand. But if the desire is still acting within you, I cannot prevent that acting without your Call and determination, because whatever Powers you call forth from the “Presence,” you

must balance by human effort, or outer effort, on your part. You must make the outer effort in obedience to Life in order to allow the “Presence” and Us to complete the action for you. That is why the need today is so great in this respect.

If you knew, Beloved Ones, and I say this to those who have attended spiritualistic circles, and the mediums themselves, My Dear People, if you realized the vile desires within the entities that gather around those places, you would never want to witness it the second time. This which the black magicians have projected and tried to reach humanity in the abnormal sex desire is necessarily charged a great deal more intensely through the disembodied entities who carry that desire over with them through so-called death. And remember, the atmosphere of Earth is charged with that desire, and if you feel that coming over you, you must be strong against the resistance.

I am not telling you what you must do. If you want to go on in the human desires, it is quite your privilege; but if you want to be Free in this Application by conquering that desire—and your “Presence” will conquer it for you—call the “Presence” to take out any kind of desire; for instance, abnormal sex, drink, or tobacco. If you will call the “Presence” to take out that desire and replace it by Its Satisfaction and Perfection, It will easily do it! But since you are making such remarkable progress here, and the Expansion of your Light, Beloved Ones, is so splendid, I am making this effort to try and help you grasp more clearly, to give you the needed Obedience, and have the Strength and Power. Because that is what I have been doing today: charging your feeling and body, and into your feeling world, to give you the resistance to withstand when

that is projected. And the Divine Director is giving you the Assistance from the Power of the Golden Liquid Light. (*applause*) Therefore, We are making all possible effort to give you all the Assistance that is possible for you to be prompted in this Class, and to make you the Victory of the Light in whatever you desire. These things constantly creep in, and We just have to correct them.

But remember, Dear Ones, the Mighty Group Activity of the "I AM" Students in America and the world is principally to issue these Mighty Decrees for the Blessing of mankind and the Protection of America, and the Assistance which We must try to give Europe. And I tell you, within five days Our Delight is Boundless! Therefore, Precious People, do you realize what these Classes mean to humanity, aside from the Blessing you individually receive? This Mighty Blessing that is going forth, oh! We only touch upon a slight fragment of what We actually do during one of these Classes, insofar as the government, Europe, and general mankind are concerned. We cannot, there is not time to do it. I just touch upon it today that you may know how Great is the Assistance given, besides the little We mention. I want you here to feel so joyful, such a relief and release in the great accomplishment of your efforts here!

Again I say to you, Beloved Students of Seattle, I know some of you do not quite believe it, but Dear Ones, if you knew what a tremendous focus Mrs. Fowler is in your city, and for the Students here, you would all bless her. (*applause, audience rising*) Now Dear Ones, I am saying this because I know she is wholly unselfish and has but one desire—to serve the Light and you. She has made tremendous Application, and you know that there

has been very much unkindness projected at her. I ask all of you Students, please do not do that anymore. Let the Great Focus of Light be held, that you, too, may pour forth your Blessings to mankind and the Earth.

Precious Ones, human opinions and little petty differences must be put aside in this Great Work. And I say this to you now because the Work, having progressed thus far in Seattle, can expand with Tremendous Power during the remainder of the Class and following it. Please accept this, because you do not see as We do, the Light released, and the Mighty Focus that can be held. She can become a Mighty Focus if you will give her your Love and kindly cooperation and do not—do not misjudge her. Don't feel unkind thoughts and feelings. Much depends upon this cooperation here.

I say to you for your encouragement, Mr. _____, who recently returned here made a very short stay, and let us trust that it is the last visit! (applause) I did not say to you all I intended the other day, but I think I should say it to you now. That unfortunate man will become an outcast because of the destructive forces which he has released and caused to be released. But call and stand guard constantly, that that influence never finds action in your city again! He was used by the black magicians, and tried, and at one time came very near carrying things to a very great, tragic end here. But it was prevented. Therefore, do not hate him, but be firm absolutely against that influence entering into your city again, or releasing any influence whatsoever! I am saying this very kindly, but firmly, because I want your city to be protected. It is on the way now to Great Happiness and Great Blessing if you as Students here do not discuss this outwardly. I consider that I am talking to

you as in the privacy of your own homes when I talk in this manner. Issue your Decrees! Stand firm against these things, that your city be protected, as well as yourselves.

Do you know why the great, tremendous influence was so powerful here through him? Because you are so close to Russia, and this was the principal focus. That has been dissolved, so accept that with no feeling of unkindness, but firmness; because no good comes from hating anything. That does no good. But be absolutely firm and unyielding that he never enter your city, and that his influence is gone forever! (*applause*) And it would be a very great service to call for his awakening and release into the Light. That is a service that can be rendered him. I do not think he would appreciate it at the present time, but still, We could do that, because when you call to the “Presence of Life” to bless someone, you do not have to ask their permission. See? That is left in the Hands of the Great Wisdom of the “Presence.”

“I AM” very grateful for this opportunity to speak to you today, and may you hold My Hand. My Love is forever enfolding you in the Glory of the Freedom of your “Mighty I AM” and the Perfection of Life. I thank you. (*applause*)

DISCARNATE ENTITIES: Near the end of 1939, the Mighty Astrea, the Goddess of Light, and Others of the Ascended Masters and Cosmic Beings took away all discarnate entities from the United States of America, and no more will ever be allowed to remain

or enter here. Since then, They have taken all discarnate entities from the Three Americas and Switzerland. The “I AM” Student Body has been asked to keep decreeing for them to be taken away from all mankind, the Earth and its atmosphere, until it is completely accomplished.

“I AM” Fundamentals, Series I, Lesson Five:192

BLACK MAGICIANS: Since the new Cycle has entered in, it has permitted the removal from the Earth of the black magicians, and those Life Streams have ceased to prey upon mankind. But because of the damage they did through the world of suggestion, and in the establishing of habits of thought and feeling in the mass of mankind, many of their destructive plans have gone on.

Beloved Lanto, January, 1990 “Voice of the I AM”:5
