BELOVED SAINT GERMAIN

Thank you and greet you, Friends and Beloved Students, in the Name, the Power and the Authority of Light. Please hold sustained that which I shall say to you today, for it means much in the coming days. Since We wish to do certain Work, or in other words, render certain Service to you, no matter what I say, will you kindly be quiet and remain seated. Today, in the Service being rendered, quiet within your feeling world is more important.

The achievement in Chicago just previous to and during this Class is more stupendous than anything thus far achieved! You, as individuals, have had in the beginning of the Class a Service rendered which will be forever sustained until your complete Freedom! It is this: Every Student here who is loyal to the Light has had removed from his or her world all discarnate entities.* (*applause*) I mean that it is done! So, Beloved Students, please do not ever

*Discarnate entities: Near the end of 1939, the Mighty Astrea, the Goddess of Light, and Others of the Ascended Masters and Cosmic Beings took away all discarnate entities from the United States of America, and no more will ever be allowed to remain or enter here. Since then, They have taken all discarnate entities from the Three Americas and Switzerland. The "I AM" Student Body has been asked to keep decreeing for them to be taken away from all mankind, the Earth and its atmosphere, until it is completely accomplished. "I AM" *Fundamentals, Series I, Lesson Five:192*

accept again that there is any such disturbance about you. If you have been disturbed, there may still remain some memory in the atomic structure, but every time a thought of them reoccurs, accept that they are not there, and ask the “Presence” to remove from the atomic structure any memory of them which may be there.

Never in the history of the Messenger’s Service has there been such gigantic response over the radio! Again, I thank the beloved one here who has made that possible. Therefore, every Student who has assisted, you can imagine the Service you have rendered. You were told that six hundred thousand people in Chicago were ready to receive this Light. Three hundred seventy eight thousand have had their attention brought to It with full acceptance! That accounts for the amazing letters which the Messengers have received. This is only the beginning, and I say to you Beloved Students and Group Leaders of Chicago, as you maintain Harmony in the feelings and call the “Presence” to reach Its Loving Arms out and draw you to these people who have at no time contacted the Class Work, then you will find this Great Assistance flooding into those whose attention has been called to the “Presence of Life.”

More than three hundred thousand additional discarnate entities have been removed from the city. Therefore, this Cleansing, Purifying, Almighty Activity is taking place! There is also the outstanding Activity in the coming forth of the Goddess of Justice, which has established a Centralized Focus of the Cosmic Light that you witnessed last night. Since to all mankind the Cross of Light represents the Christ, then that Power of the Christ Light is from the Higher Mental Body of every earnest, sincere Student in Chicago, and many elsewhere, and also

from many who are not yet much acquainted with this “I AM” Activity. Remember, the Higher Mental Body of every individual knows all this, even though the outer is still unaware of It, but It does not interfere with the Higher Mental Body’s Service which those individuals have given many times. This Assistance is going forth with tremendous Power, so to the degree that you, as Students of the Light here accept without doubt, without questioning, the Power of This which I am explaining to you to take Its Command, Its Dominion in the city, about her people, then will you see the outpicturing of all this—which will satisfy anyone, I am quite sure.

It is coming now into this Mighty, Powerful outer Manifestation through the momentum which has been gained. Observe, Beloved Students and Friends, how absolutely free this Understanding is of anything mysterious. It is practical, so clear that a child may understand. That is the Power of it! That is the Power of Life! Life, in itself, is absolute simplicity, but it is majestic and All-Powerful! Therefore, today this is the Service which is being rendered you. And it is quite aside from the removal of discarnates. People have little concept, even yet, of how great has been the interference with mankind by those who could not leave the Earth; but steadily and surely it is being removed. We only occasionally mention it, but there is a constant stream of discarnate entities being taken from the Earth. This Service goes on constantly. We only call your attention to it occasionally when some undue activity has occurred.

Since your own accumulation and creation is being dissolved and consumed so rapidly, then you are receiving your Freedom with a speed that has been incredible

heretofore. One other Almighty Service is being rendered to you who are in this building today. Here is established a Concentrated Action of the Violet Consuming Flame. I marvel that many of you do not see It; but as you observe this, there is also a Counterpart of It in perhaps a thousand times greater intensity. From everyone in this room there is being drawn your discordant accumulation into that Violet Consuming Flame to give you Release and Freedom. It is the first time in the experience of the Messengers that this has been done! Chicago needs this Assistance! Chicago needs the strength and encouragement, the enthusiasm to go forward like a mighty avalanche into the Victory of this Light. I am sure most of you are feeling it—are feeling the enthusiasm, the joy and the power arising within you to give you the Victory in that Service which you wish to render to the Light and to your fellowman. Beloved KH, M,* and K-17 have rendered a Service in Washington, D.C. which is gratifying in the extreme. These tremendous Activities are taking place throughout America, and They have established in Congress, in the House of Representatives, and in many official places a Focus of Light that will render a Service of which you will presently see the Outpicturing.

When I call your attention to something, it is because I know that Victory of it; for I will not call your attention to something—except to call forth your Application—unless I know Victory is assured. There is great wonderment throughout America, and the vicious individuals who have attempted to oppose this Work, seeing It go on and on in Its ever-expanding Power are confounded and

*KH, Beloved Kuthumi; M, Beloved Morya El

dumbfounded. But they will be still more so! Then, one day not far distant, will they see their great mistake, and of what they have deprived themselves.

The condition in Los Angeles that at one time was so tragic in the viciousness there is disappearing with great, great speed. Therefore, as the Light takes Its Dominion in your cities in response to the Call of the great Student Body, observe, My Dear Ones, what a magnificent opportunity of Service you can give! These great Groups in Los Angeles, My Dear Ones, are outstanding! I am not minimizing your efforts, don't misunderstand Me, but the volume that is released there is so stupendous! The earnestness, the sincerity and the determination to render this Service is remarkable. In many of the Eastern Groups, the same great intensity governs. When you gain that Freedom within you, of your Dominion to render this Service, then the enthusiasm, the release of energy, and all that is required to make this Service the Power of Dominion, will gladden the Heart of every human being, and especially every Student.

Today I am simply revealing and calling your attention to these various things; for I want you, at the close of this day, Beloved Students and Friends of Chicago, to be so happy, so firm in your determination to have this Light govern in Chicago, that you will release the energy that is required. I reveal this today because I want you to feel that your energy must be released. It cannot be unless you have the enthusiasm and the joy in your Decree Work. Under no circumstance ever sit down in your Decree Work! You cannot release the energy required in the same quantity that you can standing. Standing makes you firm and positive! If you are ill in bed, make your Decrees,

of course, but for the Service to be rendered America, stand on your feet. And if you are enthusiastic and your earnestness for Service is really sincere, you will forget your feet, I assure you. I ask you to try this out. When you have been on your feet during the day, while you are at your dinner, before you go to your Groups in the evening, call the “I AM Presence” to charge Its Energy through your body and REST your feet. Then see whether or not I am truthful when I say, in the majority of cases, you will forget your feet.

We are doing everything the Law of your being permits to help you forget your body when you are rendering Service. As the Messengers have told you, body consciousness is the binding chain of human creation. You might be interested to know how that Great Law operates. When We are giving these Dictations and when the Messenger is speaking Our Words, most of the time he is wholly unconscious of his physical body, or that he has feet. We want you to be the same. When you stand for your Decree Work, forget your bodies! Try it, and let Us help you to forget them. You will remember them afterwards, but be free at the time from their pull on your attention.

When you want to release this Almighty Power of Light and you want quick answers to your Calls, after you have made your Calls, try to forget your bodies for at least a few minutes afterwards. Guard yourselves, Beloved Students and Friends, against having opinions as to how or when the “Presence” is going to answer your Calls. Accept them already answered. Then abide in the Power of the “Presence,” and you will have the result so much more quickly. There has been tremendous need here of enthusiastic Application. And remember, Beloved Students—

never forget—*your Application so far is one of the most important things in your precious lives.* And if you won't make the Application, you won't have the enthusiasm of the Power and Freedom of Life flowing through and caring for the outer conditions. People have thought sometimes that they could make a few Decrees, then leave it up to the "Presence." Remember, *you* are the Authority and the Decree of your world!

I wish to explain this very important thing to you because there are many who are not understanding it—I mean, not giving cognizance of it. Why do you have to call again, again and again? Why must you call each day? My Dear Ones, have you not built these great limitations and accumulations about you day by day? Since Life is so beneficent and has provided a means by which you can free yourself from all those accumulations in a comparatively short time, your Call three times a day with great intensity is imperative! You cannot afford to forget it if you want results! Since you accumulated this day by day, then to release yourself, you must again reverse the currents by calling for your release, and the dissolving and consuming of everything—cause, effect, record and memory of everything that has held you bound in any way.

This is the Law of Life! None of you are exempt. What would We have done if, after making earnest Application for a few months, We should have ceased? Well, Our progress would probably have ceased, too! Today, My Beloved Ones, have you any idea the advantage you have over Us in Our Achievement, centuries gone? We went through and labored with application, with conditions that you have not the slightest concept of today, because so much more was required of Us, and so much less assistance given. We

had to thrash things out ourselves! Do you think We had a great Group of Ascended Masters, Powerful Beings of Light who were not only coming to Our assistance, but pleading with you as They are today, to accept Their Assistance? We had none of that!

I want you to see, if possible today, your magnificent advantage, even over two centuries ago. The Infinite Power of Life is bringing to your door in comfort, without price, the Glory of Its Eternal Freedom, asking you to please accept it. And yet many think they are having a hard time today! O My Dear Ones, what an easy, joyful time you are having! And I trust, this time, you will see that, and whatever confronts you, you will think instantly, “Why, that is nothing in comparison with what those in those centuries ago had to contend with to win their Victory!” And then say to that appearance, “You have no power! Just get thee hence!”

Now then, in this Service that is being rendered today, all this is being made easier and easier for you. I hope it is not too easy! Did you quite understand that? I hope it is not too easy; and I mean by that, that you will not forget to make your dynamic Application at all times—individually, and in your Groups. Oh, it is so important! Determine now, Beloved Students! It has been so all over America, and always has to be; you have to meet responsibilities. You have to meet doubts and fears of others, but you must be strong enough to say to that, like all other human appearances, “Get thee hence and run along!” Do not be swept under. Remember, human sympathy is agreement with imperfection. Arise in Divine Compassion and render the Service, and take the human mind off conditions, persons and places.

Self-pity and self-justification are the most destroying things in the qualities of mankind. I repeat, *self-pity and self-justification are the most destroying, disintegrating qualities in mankind*. I am many times condemned because I don't run along and whisper in the ear of individuals who are calling for Me when they must win their battle. My Wisdom is too great to interfere with the Life Stream of an individual who is at a point where they must win their battle or fail. Does that sound harsh? You would say to Me, "Well, Beloved Saint Germain, is that quite just when you could remove the condition?" Oh, quite true! I could remove a condition, but through removing the responsibility of the individual by My interference, I would open the door to something still greater to overcome. Wisdom does not permit Me to do these things; but for every human being, every Student in America and the world who will make their maximum effort, and shut out doubt and fear, I will move Heaven and Earth to give them Assistance.

But, Dear Students, if you insist on doubting Me, I withdraw from your world. Therefore, sometime, somewhere, all who have turned aside will come back. Would that they had never turned aside! So near! The Great, Glorious Goal, so near! And yet, placing all in the Hands of their "Mighty I AM Presence," and charging forth the Glory of Its Presence, Its Mighty Activity, may the Fullness of Light quickly transform—transmute—all conditions, until the Fullness of Its Light takes Dominion everywhere.

I say to you again, My Dear Ones, *I am Real!* I am far more Real than you have yet dreamed. Because Europe could not accept the glories which I offered them even before My Ascension, many think of Me still in Europe as

a charlatan. All Europe know Me because of the memory of Me before the Ascension. Oh yes! All Europe know Me, and some of the people of Europe recently have had a vivid reminder that I still am! So, I say to you, shall Europe, and shall America know My Reality in good time. In the meantime, it would be great Wisdom to accept My Reality until such time as I choose to prove to you that I am real—or very tangible.

While My Body is a rate of vibration so much more rapid than yours that you do not see Me, I am standing right here. Why don't you see Me? Because the vibratory action of your optical nerves is not raised to where you see Me. I could raise your sight with a wave of My Hand, if I chose, that you would all see Me standing here. And then what would you say tomorrow? You who are here for the first time would probably say, "My, how that fellow hypnotized me yesterday!" Please, Beloved Friends and Students, abide in the Wisdom of Life. Allow the Wisdom of Life to do the things which that Wisdom knows is right and best for everyone. Go serenely on in your Application, then see how much more quickly will come Our Tangibility, Our Presence, and all else—a thousand and one things that, then, you will come to know are real; for instance, the Power of Precipitation. Mankind long so tremendously for it, yet it is one of the simplest things in the world.

One day, when the time is right for it, I will show you how that represented in *The Tempest** can be a reality. It was then! I could cause a table to appear here laden with every good thing, and then disappear. Now why—how—could I do that? Please understand and see now

*The play by William Shakespeare

this explanation. As you have read in *Unveiled Mysteries*, everything that is precipitated, in other words, brought into your visibility, is here, already established in the Octave of Light above. We lower its rate of vibratory action to your visibility until it sets before you—on the floor, or wherever it seems natural to you. We could as easily hold the table in mid-air, as perfectly substantial as sitting on the floor, but you would think that was a miraculous thing. Because you do not understand the finer substances, My Dear People, you do not believe it. You believe these buildings, these physical things that you see here. They are tangible to you. But you don't believe that the substance around you in this room which you don't see is still just as tangible.

Now, for instance, one of Us could start here, standing before you, and walk right on an incline to the ceiling. You would think We were walking in air, while We would be walking on substance. These are things today in this charged atmosphere that I am trying to have you comprehend. You must understand that the invisible is just as tangible and real as your physical octave, if you want to have that invisible, greater activity brought forth into your visibility and use. At the Rayborn's home at the mine, where I precipitated the dinner, well, it was here already—prepared! I lowered it down here into their visibility. There is not a single thing unusual about it, but to you who have not seen it, it seems at first a miraculous thing. Why, it is not! It is as practical as your physical table here.

Since I was the writer of those magnificent Explanations of Life, and they still stand before the world, I sometimes smile to Myself when people think I am a myth—how that you, today, in your physical world are using the laws in your legal profession which I provided

centuries ago. You are using them right along! And that which I brought forth is still the authority in cipher code. I think it is time I should establish something new. Well, you may not know it, but I am! Therefore, now please don't look at the Messenger and think it is he I am talking about. When I point to this physical body, I am pointing to Myself. Don't get the two mixed up! I did tell you that he was a part of Me, but just now I am talking about this part. (*pointing to Himself*)

O Beloved Ones, how rejoiced you will be one day, you who have never doubted Me, you who have never doubted the Reality of these Great Ones. There is not only one Savior, but there are thousands of Saviors of mankind. How glad Beloved Jesus would be to have you understand that! These Great Ones who are here today ministering to you in this room, any One of whom, with the turn of Their Hands could reveal everything to you that is in this room, just as tangible as you are sitting here, are still invisible to you. And remember, if you stood in the Cave of Light in India, It could not be more tangible in Its Walls of Light than that which envelops the interior of this building, these walls; for He has drawn here the Power of that Light to enfold you today so this Service, some of which I have mentioned, could be rendered you.

Do you understand why I said to you that We in Our great struggle, if you please, We had to win the battle Ourselves with so very little assistance; while you, today—what do you think would be the expense for all who are in this room to go to the Cave of Light in India, Chananda's Home? Can you just hastily estimate what that would be? And here, the Divine Director has brought to you the Radiance just a little less Intense and Powerful than It is

there, having brought It here to you, enfolding you in Its Presence, Its Blessings. I thank you sincerely, every one of you, for the acceptance in this room is tremendous! It is very wonderful, and I am just about coming to the conclusion that you do believe I am Real! The acceptance would seem to prove that!

Now let us consider the powers of your ability. Understand, Beloved Ones, your ability is that Stream of Light, Intelligence and Energy that is right here, anchored within your physical heart. If you understand that That is the Power of Light, and that It is Life's ability—not that which you have manifested in the physical that is taking Command to release this greater volume of Itself—you will not have difficulty in your Application. You must fix this firm, that when you make the Call, you understand that it is your Life, anchored here calling for the Release of Itself into Its Own Perfection.

We are getting at this very much more tangibly, very much more powerfully, according to your comprehension, your determination. And We just must keep repeating this until you get the full volume of it. Your outer determination is the activity of the Inner Will. I am holding steady on your Application, Beloved Ones, because it is imperative at this time. I could give you a very flowery Discourse and describe the magnificent beauties and splendor of it all, but what you need today is the Application of this, and I am determined you are going to have it! And remember, if you understand that Life is Light, and that your Call is Light calling to Its Greater Self, Its Greater Power, Its Greater Intelligence, then It has to come forth in your physical body and out into your world of action. It cannot fail you!

Therefore, remind yourself of these simple, important things before you start your Application. It is important! Many are doing it, but there are still some who do not still themselves enough from their agitation of the conditions of the appearance world that they get the Full Flow of the Energy. Now please, Dear Ones, before you start to apply, make your Call! Still yourselves, and make every vibratory action in your body and around it perfectly quiet. You can tell quite well because here [solar plexus], if there is disturbance, if there is agitation in your feeling world, if you try to still yourself you will know it immediately whether it is stilled or not.

Why, I tell you, My Dear Ones, when I see individuals trying to make Application when they are all just a-tremble like that, O My Dear Ones, please don't try to make your Application in that kind of a feeling! Don't you see, you qualify that energy, and it goes out in your world, and your whole world is a-tremble! That is not poise! That is not achievement! Oh, please do not think Me unkind when I say this, but when I see individuals having nervous breakdowns, pardon Me if I smile. Do you know, there is not one person who lets themselves go into a nervous breakdown who has not just given up. They have allowed themselves to accept the power of conditions to find action in their world, and finally they allow themselves to get all trembly and agitated. Then, finally, collapse they go, when, if in the beginning, they would straighten their spine and say, "*Mighty I AM Presence,*" *I refuse acceptance of that thing! It is not mine! I won't have it!* Just exactly as when you go to faint—you don't have to faint if you don't want to faint. Think of the people who have said, "Oh, I am going to faint!" They know it

beforehand. See! Just like some who are so sure they are going to have a nervous collapse. Of course, they do.

Now then, My Dear Ones, let us go just a little bit further. Everything that starts disturbance in your body, if you will say to that, *“You have no Power! Get out!”* you will stop that action right there, whether it is fever, or whatever it is. How do you suppose that name came about? “Fever” should be called “fear-ver,” for that is exactly what it is. Anything that causes a raising of temperature in your body is fear. You might not know and believe it was there, but it has to be, or there would not be fever. And notice how much less of it there is today than there was twenty years ago. You know how fashionable it gets when something starts and everybody begins to accept it. You know, like when people use to talk about and enjoy their operations. First thing they know, their friends were all getting operations to be fashionable! Don’t you see, My Dear Ones, that is really true. A constant revolving and throwing out in your feeling world and discussion of your operations will cause others to have operations because they do accept it in their feelings. At the first intimation of something wrong, “Well, I just believe my appendix needs to be removed! I’ll bet my gall bladder needs to come out!” As true as I am telling you, Dear Ones, you would be amazed if you saw the inner records of these effects upon mankind.

That is why I am taking this opportunity to prompt you Students today. Stop! Square off against accepting these suggestions, and you will find your world will be at peace. And to any intimation of disturbance in your body you can say, “Stop that! Get out!” Do you think that that portion of your atomic structure there would fail to obey

you? Why, My Dear Ones, you can concentrate a Focus of Light at any point in your body instantly to dissolve anything that starts to act there.

And really, when mankind don't mix so many different kinds of foods at one meal, they will find lots less disturbance. The accumulation of gas in the stomach and intestines, My Dear People, has been a terrifying thing to mankind, because they have not understood a thing about it. And our precious doctors haven't understood anything like the fullness of the effects. Why, a strong pressure of an abnormal amount of gas in the intestines can cause pain in any part of your body, Dear People, and you will think it is from some other cause. Even your x-ray will show the condition acting in that particular part wherein the extremity of that pressure has stopped, though the cause is entirely somewhere else. But the appearance is there!

That is why, as you come to more fully understand how you can call and have released any condition of that kind instantly, as you gain more confidence in your Application and the Power of the "Presence," you will find there is not one thing that touches your body you cannot remove immediately in your Call to the "Presence." That is why I am trying today to get you more firmly fixed in the Governing, Controlling Power of your own bodies; because they are going to be important. A body of Harmony is very important right now. And why? Because of the certain amount of energy from the physical structure of mankind that must be released within a given time. I do not want you to feel I am hurrying you, but still, it has to be done. That is why I have referred to those amazing Groups in Los Angeles. My Dear People, if you could come with Me—do come with Me sometime—and see the Energy that is

released from one of those Groups! I tell you, you would never forget it in the world! And that is physical substance which is taken up, and this Service rendered.

So in reminding you of this, I insist, put joy and enthusiasm into your Group Activity! I assure you, Beloved Ones, if you are very busy during the day and you have forgotten to call in the morning for your limitless supply of energy, and you feel just a little bit tired or worn out, when you sit down to your dinner call the “Presence” to charge Its Limitless Energy through you, that when you go to your Group you may feel refreshed and free. Why, you can do it just as easily and surely as you make the earnest Call. In its full acceptance, then you will have the enthusiasm in your Groups that is required. And you have no idea how it will reach out and draw these people who really want to be there but have not found it out yet.

So, today, in this joyous Heart to Heart Talk with you, may it be a glorious memory in your Hearts, and may My Words stand guard within your consciousness and feeling world to prompt you every time there is need, and set the right Power of Life into action to bring the result that you require. I love you and bless you, Blessed People of Light. And in the tremendous efforts that I am making to arouse the people of America, and the magnificent response that has been thus far, can you understand how Great is My Love for you, and those who have been willing to give response? It is not My problem, but it is the problem of the people of America to hold sustained this Almighty Cup of Light, that the world may drink—that you may all drink. And remember, one day you will all drink from that Crystal Cup the Pure Essence of Light. I thank you.
