

Discourse By
GREAT RULER OF THE VIOLET PLANET

THROUGH MRS. G. W. BALLARD
SANTA FE, NEW MEXICO — APRIL 28, 1962
CD 862 SGC 01-2

Mrs. G. W. Ballard: Now as the Mighty Presence known to us as the Great Ruler of the Violet Planet speaks His Heart to us, we ask our “Beloved I AM Presence” and all the Ascended Host to bless Him, and to pour forth through us at all times whatever Ascended Master Feeling will enable Him to pour

forth in, through, and around those under this Radiation His Mightiest Concentration of His Violet Flame Help to this world—especially to our government, our Nation, and those under this Radiation throughout the world.

Great Ruler Of The Violet Planet

Beloved Ones of the Mighty Saint Germain's Family of Violet Flame Freedom, I come tonight to help you accept and to receive every possible Outpouring of the Blessings which We are privileged to bestow on you in this world as you open the way to receive Them. From tonight, if you will experiment with a Call to Me and to all on the Violet Planet who are concerned with the purification of all in this world, ask that there be like a steady flow of a great river whose current releases tremendous force as it flows onward in its pathway of service to Life. If you will ask your "Beloved I AM Presence" and Us to open the way for a continuous, ever-expanding, steady Cosmic Flow of Violet Flame Purifying Power to come in and around you, and blaze through you to purify all in the outer world in which you must move, it will enable Us to do tremendous things in outer world activities to stem the tide of the feeling in mankind that wants constantly to move into physical conditions whatever causes turmoil and explosions of human feeling.

When uncontrolled humanity continually generate the desire to just destroy and shock anything and everything wherever individuals go, there must come, Beloved Ones, some counter-pressure onto that to keep it from tearing everything to pieces where it flows. This is the reason I have

come tonight to offer this Assistance to you. And if you will consider yourselves a wide-open door through which there pours the great steady flow of ever-intensifying Power and Pressure of the Violet Consuming Flame from the Violet Planet, and all of Its Purifying Love to the Earth, We can open one door after another and establish this through each one of you constantly wherever you abide, and let It flow into the atmosphere and into the world around you to go on Its way in Its Invincible, Eternal, Purifying Sacred Fire of Life that consumes—wherever It goes—anything and everything that is of human creation. You may have any intensity of this for which you ask!

I want you to feel that in your very desire for It, your love for It, your need for It in this world, and your willingness to be the open door through which Its Boundless Help can come to Life, there is always awaiting the opportunity and the action of Life to bring this into your outer use under the Direction of those Great Beings on the Violet Planet who give It. This world must be flooded with the Cosmic Action of the Violet Consuming Flame so that wherever possible, that which is constructive can be cut away and disconnected from the destructive activities of the mass accumulation of mankind's feeling.

Now if you wish to experiment with this, charge your outer self and command it to be so filled with Our Feeling from the Violet Planet of all that the Cosmic Concentration of the Violet Consuming Flame can do—in, through, and around you and for you—that each day you become so much more powerful in your use of It that you become the revelation of Its Mastery over conditions around you. This is part of the Fulfillment of your Call for the Great

Central Sun's Violet Flame Mastery over all in this world to come in, through, and around you to serve you—and through you, control conditions in the rest of the world that mankind cannot control except by some use of the Sacred Fire under the Direction of the Ascended Host.

Your Blessed Saint Germain has anchored this and asked you to give recognition to the Violet Consuming Flame blazing in and around you whenever you desire discordant conditions to be consumed. This which We are drawing into the atmosphere of Earth through those who will understand this Law and use It, is an intensified Cosmic Concentration of Its Action because of the entire Momentum on the Violet Planet. That planet—being a Cosmic Concentration of It in, through, and around the whole planet itself—you must remember, has a Cosmic Purpose and a Cosmic Cause for Its Existence. And some Mighty Action of the Great Central Sun brought that into being to render Its Service of ever purifying, balancing, and controlling everything harmoniously. And It pours that Blessing to the whole system. You can have that same Blessing individualized in and around you, flowing through you to bless the outer world conditions in which you move.

Therefore, It will make the outer world more comfortable for you to live in until it is completely purified. Remember, just keep asking for a continuous flow in the Cosmic Momentum and Pressure of all the Purifying Violet Flame Love and Power without limit from the Violet Planet. Just open up and let It flow through you and experiment with what It can do for you. Watch your feeling, and as you let It flow into the outer world conditions around you to compel the purification that brings you greater protection, it will enable Beloved Saint Germain and your own “Mighty I AM

Presence” to concentrate in and around you certain Powers that They want to use through you to build in outer world conditions those magnificent Blessings which are to come in the Fulfillment of the Great Divine Plan—after mankind’s frightful human creation has been consumed, and those of this world are released from the mass accumulation of discord of the centuries.

You can be as definitely connected with Us and with all the Blessings of all the Cosmic Powers and Cosmic Concentration of the Perfection of Our Purifying Love on the Violet Planet—you can as constantly receive the continual Purifying Stream of Our Violet Consuming Flame as you receive the Blessing of these lights in this room or of the air that comes in your window. Just open the way and ask for the Cosmic Victory of Our Concentration of the Violet Consuming Flame’s Purifying Love from the Violet Planet, and We can teach you what that Love can do in producing manifestation in this world and the Universe around you. We can teach you because We will fill you with Our Life that knows what’s on the Violet Planet and knows what Its Cosmic Concentration is, to produce such Magnificent Activities in this system of worlds to forever expand the great Perfection that brings Freedom to all.

When you see what mankind is constantly generating in the misuse of Life, then surely you must realize if you’re going to have protection or be master over that discord, you’re going to have to have Life in a more powerful concentration and Almighty Directing Intelligence in Cosmic Action than that which mankind is misusing. These Magnificent Activities that for centuries have poured forth Their Boundless Blessings to the Infinite

Universe around them—these individualized Activities of Cosmic Concentration and Cosmic Love that want to give the Help to the people of this world—are ready every instant as soon as you still this outer, demand the annihilation of all discord, and demand the outer self open itself to the Gifts We can give, to the Power We can bestow, and to the Flow of the Violet Consuming Flame that perfects everywhere It goes, to which there is no opposition anywhere.

You can have this Life from Our Life, the Greater Life of the Greater Purifying Love of the Violet Consuming Flame. Your world needs It! You're going to have to have It for Protection! The Cosmic Law has provided It! The Cosmic Concentration of Its Power is without limit, and the Victory of Its Purifying Love is inevitable for anyone who will open up and let It come in to render Its Perfect Service which We have offered, until the Earth and all upon it have become purified, and the people awakened to the fact that the other planets in this system have Beings upon them who are ever ready to help Life purify and be free from the discord mankind has generated in this world. We want you to step forward and be the vanguard to understand some of this Power and call forth Its Cosmic Concentration into your outer activities of this world, that your way of Life may be easier if you will accept Us. (*applause*) Thank you so much, Precious Ones. Won't you be seated, please, and just remain so.

Now, charge yourselves—and you can do this without any limit whatsoever, and you'll never feel any strain or discord as a result, and neither will anyone around you as you use this Greater Power. But charge yourselves with the Cosmic Concentration of all the Power on the Violet Planet

that will forever bring in and around you all the Blessings and Purifying Love of the Violet Consuming Flame's changing of manifestation in this world into the Perfection of Ours. Try to feel it when you ask the Cosmic Concentration of the Violet Flame Power from the Violet Planet to come in and around you, and change manifestations into the Perfection that is the Almighty Freedom the Beloved Saint Germain has offered.

You must have Power, My Dear Ones, to produce these Manifestations. So do not hesitate to draw It into yourselves! Do not hesitate to flood It into the world around you. And I guarantee you that the Cosmic Concentration of the Violet Flame Planet's Power to produce Perfect Manifestation will reveal to you Blessings that you didn't even know were in the Universe. I challenge anyone that exists anywhere to experiment with this and call It into yourselves and not understand the Blessings It can bestow!

The Violet Consuming Flame cannot produce anything anywhere in Infinity but Purifying Perfection. Therefore, you can have Power without limit to produce Perfection without limit. You can have Power without limit of such Purifying Love that nothing else can exist within It but that Perfection. And so when you demand everything in your being and world be made such a Powerhouse of the Violet Planet's Magnificent Purifying Love to Life and Invincible, Eternal Perfection, you open the floodgates, and then you let Us have the opportunity to observe what you're doing! And We will always know ahead of time the next thing you're going to require. We have all Power to give it to you. We could help you manifest it in this world; and when it comes, everything you will ever experience from that which We give, will be greater and greater and greater

Joy—greater Happiness, greater Security, greater Peace. Not one discordant thing can ever be the result to you when you use the Cosmic Concentration of the Purifying Love of the Violet Planet.

And if you care to hold this Picture—you can do it or not, just as you feel the impulse; but when you think of the Heart of the Violet Planet, **hold the picture of the Violet Planet, and the Center opening, and a Heart of Violet Flame coming forth to enfold you and opening, and letting flow a River through you to your affairs of the Cosmic Concentration of Our Purifying Love.** And then tell Me, after a few days or a few weeks of this, whether your affairs are improved or not. If you want your affairs improved, We have a great deal of Improvement on the Violet Planet that can well afford to come to this world and reveal to mankind what God's Improvement means to Life. We can improve anything in manifestation by the release of more Violet Flame Love from the Violet Planet. And if you want a Heart of It to enfold you, It is as free as the air you breathe and as certain of manifestation as that you exist. We want to give It! You are here—you need It! Will you take It? (*applause*) Thank you so much.

And now I'm going to give you a very practical use of It: Run your business by It, and you will find the forces of the outer world that won't do right will either let you alone or will do right to you. You ask your "Beloved I AM Presence" and Beloved Saint Germain, the Angels of the Violet Flame and Myself, and the Beings from the Violet Planet to blaze in, through, and around you and your business such Cosmic Concentration of Our Violet Flame Purifying Love that It forever manifests ever-expanding, magnificent Victory, Success, and Blessing in your business,

and through your business to all Life you contact—provided what you’re doing in your business is constructive. When you call forth from the Heart of the Violet Planet the Cosmic Concentration of Our Purifying Love, It is Power of Perfection and Instantaneous Manifestation without any limit whatsoever.

And Dear People, when you see the condition of mankind’s bodies in this world today, sometimes, if We didn’t know the Law, it would be difficult to have the Power to give and produce Perfection—and then not be allowed to use It. What do you think Our Love is to Life? We’ve had to love Life tremendously in Cosmic Concentration to create the Violet Planet and sustain Its Ever-expanding Blessings of Love to Life. Here We have all the Powers of the Sacred Fire—all the Powers from the Great Central Sun—to help change all manifestation, to take away all mankind’s miscreation, and to set anew the Divine Order of this world. But mankind—unless the Free Will is used to ask the Greater Life for Its Greater Blessing, and unless the Will of the outer self forbids feeling to exist that does not glorify the “Mighty I AM Presence” that gives Life—unless that Free Will is used constructively, the Great Cosmic Law does not permit Us to beg mankind to take Our Gifts.

You are the most fortunate people on Earth to know of Our Existence! Who else knows anywhere in the world but you? And I do not say this to feed the egotism of the outer self—not at all. But here We are in the Universe with Limitless Power to help mankind, and then people are not interested enough to ask for Our Gift. When people are more interested in making money and chasing their own desires and doing what they want to, instead of reaching up to the Greater Perfection and being the Master Presence of

that Perfection to Life everywhere—so long as the desire is not awake within, We may not impose Our Gifts upon anyone.

I have opened the door tonight! I have brought this Illumination to you for your use. And now I shall await the Calls of those of you who, understanding, desire that Our Power of Cosmic Concentration come now into the physical world to help you, to help Beloved Saint Germain's "I AM" Activities expand throughout the world, and to help the Nation to keep out of the clutches of the complete desecration that the sinister force intends.

We are Masters of the sinister force! We could wipe it out! With one Flash of Violet Flame from the Violet Planet, We could dissolve and consume everything on this Earth that is of the sinister force. We could take it out of every human body. We could dissolve and consume everything that the destructive forces have felt or created or desire. And so We are hoping that you will give your Blessed Saint Germain this assistance by calling to Us to make you a steady, ever-expanding Cosmic Outpouring and Cosmic Concentration of the Cosmic Purifying Violet Flame from the Violet Planet, and that Its Purifying Love go into Life with the Command that human creation cease existence in manifestation everywhere. And if I may have your Call, I will prove to you the Reality of Our Existence, the Authority and Power We have to help you. I will prove to you that Our Love desires to give the Gift that sets you Free.

So from tonight may you love the Angels of the Violet Flame. May you love your Blessed Saint Germain for the Courage and the Strength and the Purity and Obedience that have been His to make Him the Angel Deva of the Violet Flame. He is worthy of every Honor all Life can give Him

for Eternity! (*applause*) Thank you so much, Precious Ones. Won't you be seated, please, and just remain so. I want to give Him and give to the Nation of His Heart every possible Assistance at this time, that We may minimize as quickly and as powerfully as possible everything within your borders that does not serve the Light. We wish to reduce as much as possible the reaction of its own creation. So if We may use you as a terrific River of Our Cosmic Concentration of the Violet Consuming Flame from the Violet Planet, We will make the feeling of Life in this world feel and know and see and be the Purifying Love of the Violet Planet till hate is gone, consumed from the Universe forever, and prevented manifestation in this world ever again.

We can govern your destiny! We can guard your future! We can reveal the Perfection that only Love creates, but which is the Everlasting Destiny of all Life, and is forever freely given into any part of manifestation whenever Life calls for It to come in and be a Blessing to ever expand the Beauty and Perfection of the Divine Plan made manifest in this world, until only Our Ascended Master Octave can exist in this world and mankind forever.

When you call forth the Cosmic Legions and the Cosmic Concentration of the Cosmic Blessings of the Violet Planet, be prepared to accept Our Purifying Love. And if you begin to feel merciful and forgiving, where heretofore you have felt not interested, We will be able to soften the feeling in mankind that would not let God's Perfection come in. It's no trouble for Us to forgive, because We simply give the Violet Flame into the condition, dissolve and consume it, and leave Love in its place. And that surely is not difficult! When you understand what the Violet Flame is and can do, and what Its Cosmic Concentration will bring to bless you,

your understanding of It will make you love It and remind you to use It, and then you are Free! And We—well, We'll go on to other channels and free others just as fast as We can, if you will be Free first.

So from tonight will you feel Our Life pouring Rivers of Its Cosmic Concentration of the Violet Consuming Flame in, through, and around you, sweeping out into annihilation all that has been your struggle and distress of the past, and let Our Purifying Violet Flame Love teach you of Itself what the Cosmic Scheme of Creation has within It to bless Life. It has Powers to give to you that are the Master Powers of Life in which never again is there lack or limitation of any good thing. This puts an end to mankind's poverty, distress, and limitation of every kind.

May you enter into this tonight. We are just hoping! We are offering, and then We hope. We can only abide in the Action of the Law that reveals to Us—when you awaken—what We may give to make you the Glory and the Happiness of your Divine Destiny, and the Perfection and the Release of the Power that enables you to go forth and free Life wherever you abide. We are at your service. We love to give Our Gift. The Cosmic Concentration is without any limit whatsoever. It is as free as the air you breathe. So may you feel Our Life one with your Life as We release the River of Cosmic Concentration of the Violet Flame Perfection from the Violet Planet. And Legions without number, Angels of the Violet Flame, and the Cosmic Beings who direct It will give you the best They have. Their Hearts will rejoice when you use It, and the world will bless you for passing this way.

May We forever become visible and tangible to you as soon as possible in the Oneness of Our Life as you call this

into action; for We will come within It and reveal Ourselves to you, and abide with you till the cleansing of the Earth is finished for Eternity. My Love, My Purifying Violet Flame Power and Momentum from the Great Central Sun, I leave with you as a Mantle of Its Glorifying Protection. May you feel Its Life around you and use It and understand that It has come to protect you in this world; and as you use It, It will protect those to whom you direct It wherever the activity is constructive and you have called for the release of Life from human creation.

May you abide within It and know that your Life and this Violet Flame River of Our Life come now to forever do for you what nothing else can. May you enjoy It, use It, and be thrilled by the Power It can release to change conditions and forever hold you abiding in Its Freedom until your Ascension is complete.

Thank you with all My Heart.

♦ ♦ ♦

Mrs. G. W. Ballard: Beloved Mighty Ruler of the Violet Planet, tonight I ask in the Great Love, Mercy, and Forgiveness to Life, I ask You to establish through the “I AM” Student Body a Cosmic River and Cosmic Concentration of all the Cosmic Violet Flame’s Purifying Love from the Violet Planet that you know is required to surge everywhere through us—through us to America, through America to the world; and remove all disease from all Life, even the Powers of Nature and Forces of the Elements everywhere in this world for Eternity, and make it impossible for mankind to any longer oppose the Perfection of the Ascended Host, in the attaining of the Ascension. We thank Thee.
