MRS. G.W. BALLARD: As Beloved God Meru speaks His Heart to us, we send our Love and Gratitude and Blessings to Him, and all who are the Guardians of the Americas, and offer every possible cooperation with everything that we can do to cooperate in all that raises the Americas into the Perfection that sets them free from the hordes of evil for Eternity.

BELOVED GOD MERU

Beloved Ones of the Legions of the Sacred Fire, I bring you Greetings from those who are rendering a Service to the Americas that shall forever bless Life, and pours to you tonight every possible Power of the Sacred Fire for your Victory. And since there is converging within the Americas a certain concentration of the Sacred Fire for greater Protection to that which is constructive here, We bring to you those Great Currents of Cosmic Light Substance, the Light Rays and the Sacred Fire that is concentrated for this particular Service of Protection to the Americas.

There are many Blessings within the Americas which We are holding in abeyance and in seclusion and in protection for future use. But those of you who hold close to the “Beloved I AM Presence” and the Ascended Host, as you go forward in the Fulfillment of the Great Divine Plan, will find some of these Blessings entering into your outer world activities for your use in your part as the vanguard of those within the Americas who point the way of Freedom to the rest of mankind.

We have held under Our Control for centuries much wealth, Beloved Ones, in the Americas, that I assure you, is not going to be allowed to come into the hands of those who are destructive—who seek only to use it for destructive purposes. That which has been stored, shall I say, in the Americas, has been held here for many, many centuries for use at this particular time, because as the Cycle releases more of Its Power into outer action, these Blessings of Life will come into the outer use of those within the Americas for some time ahead of the rest of the world. That is because you need to gather a certain momentum here of the Power which these Blessings release.

And since We are drawing Power of vast intensity into certain places in the Americas for Protection, Its Radiation is naturally pouring forth to enfold all of you who hold close within this Light. Greater and greater becomes the Release of the Sacred Fire's Protection to those who face the "Beloved I AM Presence" and the Great God Powers of Life at this time. From hour to hour is the Power of that Sacred Fire increasing for your Protection. (*applause*) Thank you so much. And since the Protection of the Americas must be intensified against many conditions in the world of which We may not speak, it will be well to always include the Americas in your thought of your Country or the Protection of that which is of the Light in the Western World. Just as destructive forces try to burst their destruction here and there and everywhere else sporadically at times, so does the Cosmic Law draw forth one Focus of the Sacred Fire at a certain place, and sustain and expand It again and again and again. And everywhere evil is accumulating and concentrating, there must come in the atmosphere above that the concentrated Cosmic Action of the Sacred Fire to control, bind it, and consume it.

So, Blessed Ones, there is not one destructive thing takes place on this Earth that there is not some Focus of the Sacred Fire near which can be drawn upon to prevent the destructive forces accomplishing their ends. We watch from the Inner Level the atmosphere of Earth, and as the clouds gather at certain places in the outer world's activities, as the hatred and intense destructive desires of selfishness seek always to desecrate everything, so does there come from above Focus after Focus of a Sun Presence of some Activity of the Sacred Fire to hold a certain Pressure around

that destruction which is intended, until one or more of the Cosmic Beings blazes the Blue Lightning that stops the destructive activity, cracks it apart, and consumes it.

Mankind has been left to go almost unbridled in one outpouring after another of war. And now, thank the Cosmic Law, the Cycle is closing in which the entire war beast of the world—and that in mankind which creates and sustains it—can be removed from the Universe. And thank God, the “Mighty I AM Presence,” it is so! (*applause—audience rising*) Thank you so much, Precious Ones. Won’t you be seated, please.

Now you were told the other night of the necessity of controlling the energy in the feeling world, in the emotional body. Tonight I am going to intensify and expand that Request, because in the emotional body is the cause of selfishness; and selfishness is the root of all evil. And the feeling of selfishness is always at the solar plexus, the whole area of the stomach. All feeling of selfishness acts from the solar plexus of the individual because of ideas in the mind that feed the egotism, or the conceit of the individual in the gratifying of the ambitions of the outer self. The focus in the mind of the thoughts that are destructive—that focus could never cause manifestation if it did not strike into the energy of the feeling and cause the concentration of that energy to condense into outer conditions.

So, Beloved Ones, tonight as We enter into the fuller Understanding of what this means to hold absolute control of the energy in your feeling world, you will enter into a Mastery which you have never dreamed could be yours. Now this feeling must come throughout the Americas. The feeling must come and be aroused within the people to hold the God Recognition and God Control of the Americas by

the Will of the people themselves. And you will find arising within the Americas an entire wave of Love to God and an Acknowledgment of the Demand for God Control of the Americas.

The world is seeing by the frightful terror imposed upon the satellite nations of the world the hordes of evil that are in Russia and the sinister force that is back of it. And so since the masses are becoming aware of just how evil that is, the accomplishment of what those destructive forces intend is becoming more and more difficult and will become more so as time goes on. So you who understand how to call the Cosmic Activities of the Sacred Fire into Action, as you constantly *demand a Sun of the Sacred Fire hold Protection and Control of all in the Americas*, you will find much taking place within your borders that will reorder a good many things. *Whenever you see outer world disturbances, demand the Descent of a Sun Presence of the Sacred Fire so great that the disturbance can no longer manifest through anyone.* This will be just like puncturing a balloon, and much of the evil that is intended will collapse before it can come into some of the outer channels that it wishes to destroy.

So We are holding in South America certain Powers of the Sacred Fire that, I assure you, will protect that which is of God. For long, long centuries there has been the Power of the Sacred Fire held in expanding intensity within the Americas; and It is growing to the point where It will take Its Dominion and control that which is within the borders of the Americas. These Activities of the Sacred Fire are the only possible Solution of mankind's saving, and the only saving Grace by which the masses of the people can be drawn through the attention to the "Mighty I AM Presence" and the Ascended Host for greater Assistance. The Master

Jesus, as one of those whose Direction of the Sacred Fire is of Cosmic Power and intent, will yet reveal to the masses of the people the Power of the Cosmic Christ which He now wields for the Freedom of the Earth. (*applause*) Thank you so much, Precious Ones.

So in the Assistance that We are giving tonight, We are drawing in and around each of you a more intense Focus of a Violet, Golden Flame for Peace or Purity and Protection. Just try to feel that when you call these Activities of the Sacred Fire into outer action through your Decrees, that every one goes forth as a Sun Presence and spreads Its Flame and Light into the conditions for which you are calling Help; and just as the Sun gives Its Light to enfold the Earth, so will these Activities of the Sacred Fire sent forth in certain localities expand that All-controlling Action, and entering into destructive forces, dissolve and consume them as quickly as they are collapsed.

It's not the work of a moment, My Dear Ones, to undo mankind's destructive accumulation of the centuries. But by the understanding and conscious use of these Powers of the Sacred Fire, with your Calls and cooperation, We can consume in ten years or less what mankind has built through the last fifteen thousand. So it is well worth every effort you make to give conscious recognition to this Beloved Sacred Fire. Don't get tired of calling It into outer action. If you could see sometimes what goes forth on your Calls in one flash of this Sacred Fire, it would thrill you with delight forever, because as It cuts Its Way through destructive conditions, It leaves a Pathway of that Sacred Fire for others to follow on. So it is like clearing a jungle. You cut your way through in the undergrowth, and you leave the way open for others to come more easily than you did.

But you gain your strength by the use you make of the Sacred Fire. Now mankind through the centuries has had, from age to age, one after another of the Great Cosmic Beings who were the Saviors of the world in those ages. Each one has brought all that the people could absorb and use at the time of that age. But until mankind is made to understand the existence of the Sacred Fire, and that It must be called into outer use by conscious understanding, they are only partly awake to the Power they have a right to use to help themselves and their fellowmen.

Individuals must understand the Reality, the Power, the Authority, and the use of these Activities of the Sacred Fire if they are to be cut free forever from the clawing conditions of the destructive forces of the outer world. And if We were to talk to you for a million years, We would still direct your attention to the Conscious Understanding and use of the Sacred Fire into physical conditions that will dissolve what's wrong and allow the Perfection of Life to arise in its place. This is the Resurrection and the Life to which the Beloved Master Jesus refers. When He said, " 'I AM' the Resurrection and the Life," the "I AM" is the Sacred Fire from the Great Central Sun; and that Sacred Fire is the Life of everything that is constructive. So mankind must have this simple Truth taught from childhood until no confusion interferes in the intellect with the coming through of these Activities of Perfection which come from the Sacred Fire.

Now suppose you have a problem in the outer world, and you are not quite certain as what you want to do. You are uncertain as to what is the right thing to do, when with a Flame of Love from your Heart to your "Presence," you *ask It to charge into the condition the Cosmic Sacred Fire that shows you, in yourselves and in the condition, what is the*

right thing to do at that time; you will find you have but to use It, and It will prove Itself to you beyond any shadow of a doubt as the Controlling Power within the condition.

No matter what is wrong in the world, it needs the Cosmic Sacred Fire to remove the wrong and allow Perfection to arise and bless Life and expand that Blessing to the raising of all into the Victory of the Ascension. Your Violet Consuming Flame is part of that Sacred Fire. Your Unfed Flame—every Activity of the Sacred Fire is as necessary to you as breathing. And when you have established the habit of *commanding a Sun Presence of the Sacred Fire to go into a condition and handle it as the “Mighty I AM Presence” wants it handled*, you will be amazed at the change in your affairs and your conditions. Then you will find that Miracles are no figment of anyone’s imagination, but rather are They the Perfection of the Sacred Fire which manifests without mankind’s interference.

Miracles are the Perfection of God uninterfered with by mankind or mankind’s discord. So as you *demand every problem be solved by the Sun Presence of all the Sacred Fire your “Mighty I AM Presence” knows is necessary to solve it*, make your Call, hold the Picture of that Violet Sun Presence, and if it be a vicious thing, see a Sun of Blue Lightning shatter what is wrong, and the Violet Flame Sun take its place and put things in the Hands and the Heart Center of that Sacred Fire, and let It show you the Power which It is to produce Victory and Perfection for you. If you will do this thing, you will prove Me tonight; and you will have such Blessings as you never dreamed you could enjoy while yet unascended. (*applause*) Thank you so much, Precious Ones.

The more you use It, the greater It grows in your own being and world. So by your use does It become manifest

in the world around you. And then will you find the World of the Sacred Fire is invincible against the hordes of evil everywhere you go. So those hordes must be consumed by the Cosmic Sacred Fire. And they will be consumed by that Sacred Fire as surely as the Universe exists! (*applause*) Thank you so much.

Say to your “Beloved Mighty I AM Presence,” “*Mighty I AM Presence, Blaze the Sacred Fire here that solves this problem Your Way!*” Then turn your back on it. Let the Sacred Fire have it. Let the “Mighty I AM Presence” show you what the Sacred Fire can do, and you will have the solution of your problems; and no mistakes will longer tie you to discord.

So I commend you tonight to the use of Its Sun Presence; and may the “Beloved I AM Presence” blaze such Illumination concerning the Sacred Fire in, through, and around and to you all, that the Full Cosmic Illumination, Inner and Outer, reveals the Power of Its Action. And as you set It into action in outer world conditions, your Joy will know no bounds; and your Mastery—your Victory you will find is at hand now, because the Power of the Sacred Fire acts instantly when you call forth Its concentrated Action to act as the “Mighty I AM Presence” commands now.

So let us go forward in the enjoyment of this Master Power of the Universe. Feel your World is the Victory of Its Heart Flame; and then you will know what the Fiery Heart of God means, and what those Words “*I AM’ the Resurrection and the Life in the Sacred Fire that is Eternal!*” And so may you feel Its enfolding Presence tonight sealing you in Its Heart Flame and making you feel Itself with such Cosmic Victory that as you become Its Presence wherever you abide, the hordes of evil must be dissolved and consumed and recede until they are no more.

So go forward sealed in the World of the Fiery Heart of that Sacred Fire that solves every problem as the “Mighty I AM Presence” and the Ascended Host command to produce Perfection and have your Freedom from tonight. May you feel Its Invincible Protection and use Its Power of Victory without limit until all are Ascended and Free, and you become the Legions of the Sacred Fire that is always Master wherever you abide. I commend you to the Freedom of Its unlimited use and your Invincible Victory of Attainment now. Thank you with all My Heart.

MRS. G.W. BALLARD: Beloved Mighty God Meru, thank You for Your Presence with us tonight. Thank You for Your Gift of the Sacred Fire by which we have been enfolded while Your Love has poured to us Its Blessing of Eternity. Thank You for Your Presence with us always.
