

Beloved Jesus

May We make every "I AM" Temple in the "I AM" Activity of the Beloved Saint Germain—Our Beloved "I AM" Activity of Perfection—every Temple become a Magnificent Cosmic Christ Temple of such Heavenly Healing Love and such Joyous Action of the use of the Great Divine Will from the Ascended Masters' Octave that you go forward from one gigantic accomplishment to another. Your world then becomes filled with Miracles and Wonders you have always desired and now becomes part of Our World. Then the Boundless Supply which, I assure you, is the Will of your "Beloved I AM Presence," seeks you out, because Heavenly Love has commanded It to give you Its Blessings.

Make yourselves, each one, a Temple and a Sun of Heavenly Love of the "Mighty I AM Presence" in the Great Central Sun. Then all the Cosmic Power of the Great Great Silence charges into your outer affairs this Heavenly Healing Flame of such Love as shall make mankind understand It, love It, and use It, until they, too, become a Sun of Its Cosmic Fire. Then the Perfection of all Eternity possesses the Earth, and It goes forward to the Fulfillment of the Great Divine Plan.
