

DISCOURSE BY
BELOVED RAY-O-LIGHT

CHICAGO, ILLINOIS JUNE 25, 1950 • CASSETTE 6 5106

Mrs. G.W. Ballard: As our Beloved Ray-O-Light speaks His Heart to us, let us send Him such Love and such Blessing as to consume all veils between; and let us feel His Presence today with such Power that His Flame of Love around us makes us absolutely invulnerable to everything that is of the discord of the outer world.

BELOVED RAY-O-LIGHT

precious Hearts of Freedom, it is with great Joy that I come to you today and once again offer the Love and the Power which it is My great Privilege to direct to assist you to rise above the conditions of the outer world that have caught mankind in the throes of destruction. And yet from that destruction they may turn—whenever the Light appearing in the atmosphere of Earth comes to the point where It shocks them enough to hold their attention until they can be drawn within Its Heart. And try to remember, Dear Hearts, in whatever you wish to accomplish in the physical octave, when it comes to human obstruction which is delay and struggle and attempted interference, you have all Authority and Power to *demand the God Annihilation of that which seems to cause you any delay in the accomplishment of that which is constructive.*

We want you to go forward with much more Instantaneous Fulfillment of your Calls; and if you *demand and insist that when you attempt to do anything constructive, that the Powers of the Mightiest Love of the Great Great Silence rush to your*

Assistance and stand your Guard and are just as determined as you are to complete whatever you start without delay. So when you are planning the accomplishment of something, *demand that it be finished before you start by that Supreme Love from the Heart of the Great Great Silence that knows no obstruction.* And it is to help you enter into this that will awaken you to all that is within the Power of that Love to set you free.

When people fear, My Dear Ones, it is because the Flame of that Love has not illumined the whole situation to them enough to show them the cause of what is acting or to show them the way and means by which Life can change the whole condition into the Perfection they really desire. Now there are very wonderful people who desire constructive things, but not understanding this Law, do not give the Obedience necessary that otherwise would enable them to have great, victorious accomplishment quickly and never know what failure was.

I am determined, with others of the Ascended Host and Cosmic Beings, to keep bringing to your attention the Great Cosmic Power of this Love to which We turn your attention, because it is the Master Element of all Creation. The Master Element is the Fire Element; and this Cosmic Love of which We speak is the Activity of the Cosmic Fire, and that can burn Its way through anything. I wish you to observe what Its Activity is in nature. When a terrific crash of lightning strikes through anything in the physical world, it consumes everything in its pathway, doesn't it? Is there anything on the Earth that mankind constructs today that can withstand a terrific concentrated charge of lightning? Certainly not, because that lightning goes through whole mountains and fuses everything in its pathway into pure white quartz.

People who have studied the geological formation of the planet have never yet found the true explanation of why that is found in sheets anywhere from as thin as a piece of paper to many feet thick. But these great charges of Electronic Force which go forth through what you call lightning into the atmosphere and consume the discordant rates of vibration that cause such discomfort to mankind—I ask you to realize, that is part of the Master Element of Creation which is the Sacred Fire. That, consciously directed by the Great Beings from the Central Sun to the Physical Sun and from the Physical Sun to this System of Worlds—that Activity of the Sacred Fire is stepped down to the varying degrees that the substance of each planet and the bodies of the people, of the inhabitants of each planet can stand. But I ask you to remember that only Love alone can concentrate and direct such terrific Electronic Force as is used to sustain this whole System of Worlds and expand Its Activities throughout the aeons of time.

Therefore, that Power of the Sacred Fire is the Master Element of all Creation. That Power is the concentrated, Intelligent Life and Love of all Creation. That can be concentrated, directed, and focused into any intensity whatsoever by the Ascended Masters or Cosmic Beings who handle Its intensified Action to the Earth. And so it is with you in your outer, physical affairs. If whenever destructive activities seem to make you fear, stop a moment and realize that your “Beloved I AM Presence” and the Ascended Host are willing at every instant to call forth the most Intense Flame of that Love that is necessary to make you absolutely fearless before everything human on the Earth.

The only reason the destructive forces generated by mankind seem to hold dominion is because mankind do not

arise and face them and down them by this Flame. But the individual who understands Its Existence in the Universe and knows that through the Command of the “Mighty I AM Presence,” that Flame can be drawn forth into outer action, then it but takes persistent, determined attention to that to draw forth any Manifestation of It you desire to overcome destructive forces in this world.

And today, My Dear Ones, it is My Privilege in assisting the Mighty Saint Germain, to draw forth the Cosmic Action of that Flame charged with the Immortal, Absolute, Fearlessness of Our Feeling World, and charge that as Cosmic Strength into the people of this Nation—at least into the constructive people—until they are fired and feel the Strength and the Power of that Flame to go forth and stand before the destructive forces and order their annihilation. And you are the Vanguard of those within the Country who have the Authority and the Power to do that. You are not little, weak individuals that sometimes you feel yourselves to be. I know that little bunch of atoms get so sassy sometimes (*laughter*) and wants to tell you that it’s going to make you do its will. But I say to you, the Love of My Absolute Fearlessness is infinitely stronger than anybody’s atoms, (*laughter*) including the atom bombs. (*applause—audience rising*) Thank you, Precious Ones. Won’t you be seated, please.

Now if sometimes those chemicals—you know, that ninety-eight cents worth of chemicals that form the atoms of the body—seem to talk back to you, try Me out! And if they seem to have a voice of their own and tell you what your thoughts and feelings of the past have been—because that’s all they are; they are only the condensation of your thoughts and feelings of the past, every one of which you know you can change—then if they talk back to you, you

arise in the Dignity and the Authority and the Power of your own “Beloved I AM Presence” and of Our Love and Our Authority, Our Ascended Master Consciousness, and you can say: *“I charge you with the Immortal Strength and Cosmic Christ Love of Mighty Ray-O-Light’s Absolute Fearlessness! Now dissolve all that is not the Strength and Perfection that takes me forward to fulfill the Divine Plan!”*

My Dear Ones, I shall be very happy to respond; and some of you who seem to think you have ill health might find yourselves becoming stronger than you know. But if you do, be careful what you do with the strength that comes. Once it is drawn into the outer, then forbid it to register anything but Immortal Perfection, Immortal Strength of that Cosmic Love from the Great Great Silence, from the Heart of the “Mighty I AM Presence” that comes forth and blazes Perfection’s Flame—within which is all Intelligence, all Memory of all the Powers you have used through the centuries, and which through the aeons of time to come you must draw into outer, dynamic action—because those Powers lie ever quiescent within the atmosphere of Earth and within your own Higher Mental Body. Your Higher Mental Body is ever using Them at Cosmic Levels of Creation; and It is quite generous, I assure you, and is quite willing for you to have Them in your outer use.

But you have just forgotten that They were ever yours, and I have been on an exploration tour investigating some of the magnificent Powers which you all have but are yet not using in the outer. You have used them in the past. And that is the reason I am reminding you of your ability to draw them forth and use them now. So regardless of the appearance world, My Dear Ones, *command the appearance world that touches your being and world to now blaze with*

the Immortal Flame of Cosmic Christ Love from the Heart of the Great Great Silence and be charged with My Victory of Absolute Fearlessness.

I want you to charge this into your outer affairs for many reasons. In the first place, that feeling of being absolutely fearless gives you a Happiness that is a positive indifference to destructive forces; and that takes you through many conditions wholly untouched by destruction that otherwise would attempt to reach you. Then too, when you *charge yourselves with the Eternal Happiness of the Love of the Great Great Silence*, then you automatically generate more power in the outer self. As the Mighty Saint Germain told you, “Joy is the great motor of existence”; and you have seen individuals who have laughed themselves well. Now if this is to be the Happiness Class, look out! (*laughter*) I might try some experiments on you. (*laughter—applause—audience rising*) Thank you, Precious Ones. Won’t you be seated, please.

The Mighty Saint Germain, once, in the early Classes, had occasion to see considerable doubt in some of those in the audience that were just new in the Activity; and they were not quite sure whether He was real or the Beloved Godfré was putting something over on them. And He watched them for awhile; and then He told us later, “I was very much tempted to shake those people in their seats until I shook the doubt out of them. And then I thought of a better Way.” So now, I, like the Beloved Saint Germain, have many Ways by which I can shake the fear out of blessed individuals who would go forward to such wonderful accomplishment if they understood what it was that caused their delay or interference.

So I think I shall find many ways of shaking the fear out of a lot of conditions, because those conditions change

from hour to hour and moment to moment. And if they impose fear upon the people now, why not shake them up a little bit! They have to change for one reason or another, and let it be for the good. Shake them up! (*applause*) Let Us see if We can't change them—by a little not too strenuous shaking—into the acceptance of God's Love instead of the fear of the sinister force.

The sinister force has for so long accumulated that fear and driven it back upon mankind, that now they're caught just like a whirlwind—into a whirlwind, rather—of its action; and unless someone shows them how to turn away from that fear or reaches the helping hand that shows them how to call Love into its place, they would go on indefinitely. Unfortunately, Dear Ones, mankind have used so much energy destructively in this physical octave that now they are almost completely engulfed in their own creation. And unless the Great Powers of Light reach down from above and lift each Life Stream up and out of a certain proportion of that downward pull, they would go to complete destruction.

So the world needs your Call for Love. It needs your Call for Absolute Fearlessness; and I say to the "I AM" Students, please do not accept a sense of weakness in the body. There is a lot of that thing sweeping throughout the Nation, and it is nothing but the sinister force's suggestion that America is going to go down the same as the rest of the world. And it isn't! (*applause—audience rising*) Thank you so much, Precious Ones. Won't you be seated, please.

Now remember this: Everything that is of the animal pulls mankind down, and the only thing that can pull mankind up is Our Love. Therefore, you who understand this Law, My Dear Ones, must understand that to *call forth the Sacred Fire of Our Love from the Great Great Silence*

with a Demand that It compels mankind to be raised out of these destructive conditions—unless you make the Call there would not be enough upward reaching in mankind themselves to bring the Assistance which is necessary under the Demands of the Cosmic Law to keep them from going into worse conditions.

Now it is vitally important that you send forth the Calls as often as you can conveniently, and *demand that the Immortal Cosmic Christ Love from the Heart of the Great Great Silence blazes Its Fire and compels the raising of the people of your Nation out of the destructive habits and out of the animal desires that would otherwise destroy It.* You have the Authority! You have the Power! We are offering Our Help, and there is nothing in all the Universe that can stand against Us. And We are the only Hope for the constructive activities of your Nation or the world. Those who do not know of Our Presence cannot have Our Help unless they look toward this Light and give recognition to the “Mighty I AM Presence.”

Sometimes, Dear Ones, when destruction whirls to a certain point, it hurls, as it were, a concentration of its energy into certain localities. And when We see that, then We come and blaze this Power of the Sacred Fire—many times through the Powers of Nature—and consume that which otherwise would destroy the people. If it were not for the Purifying Power of what you call lightning in the physical octave of Earth, mankind would smother to death under the discord of their own energy. So the Beings of Nature and the Cosmic Beings who direct those Powers of the Sacred Fire that act through Nature are greater Friends to mankind than anyone knows. But you, by Conscious Command, can *call forth Our Cosmic Powers of the Sacred Fire from the Heart of the Great Great Silence. And always demand the*

Immortal Love and Purity of Our Cosmic Fire to go into destructive vortices in the atmosphere over your Nation or over a city and compel the consuming of the destructive force that otherwise would do damage—perhaps irreparable—to the city or the Nation.

Now many times people in public office—I'm not speaking especially of your country, rather am I speaking of other countries, sometimes those in public office are so surrounded by the mass accumulation of discordant energy that there is not the slightest opportunity for them to do that which is for the highest good for the people. The Call to the "God Presence" of Life with Our Assistance—it's the only Way and Means by which those conditions can be corrected, because people in positions of authority are handling the problems of the masses of the people. And therefore if those problems become vicious and the quantity of energy is such that the individual cannot stand against it, well then, that person in that position of trust or authority simply uses the energy of destruction and goes into the mass creation of that and does not do what the Life Stream otherwise has the capacity to do for the good of the people.

Now do not have sympathy for those who are wholly vicious at this time. *Take your unshakable stand that the Immortal Fire of the Cosmic Christ in Its Immortal Love and Immortal Purity shall strike throughout the Nation and consume that which otherwise would destroy It.* And then clothe yourselves with My Immortal Flame of Absolute Fearlessness, because One with the "God Presence" the "Mighty I AM" is a majority. And when you acknowledge that "Presence," your Oneness with It, and then *you call to Us for Our Power of Cosmic Fire to enter into destructive conditions and lift the people out of that which would*

otherwise engulf them, then We come to your Assistance through many channels—sometimes through the Powers of Nature, sometimes through the actual will of the people themselves, sometimes through the Beings of the Elements, and sometimes by Our own Conscious Concentration and Direction of that Fire which can take on many forms in the atmosphere of Earth and render whatever Assistance is required.

A Nation that has reached the height that America has—the United States of America—is not at the mercy of the destructive forces of the world if a few people will *call for the God Annihilation of everything that degrades or endangers the people by that which is destructive*. Why, this idea of a few people in each nation thinking they have the power to destroy the masses is nothing but criminal insanity. But the people who don't want to be destroyed must either accept the Authority of their own "I AM Presence" and Us and draw forth the Power that the destructive forces cannot use, or else they are at the mercy of that destruction which has gone on for centuries.

There has never been a war upon the face of the Earth that didn't come back upon the people with its discordantly qualified energy and produce another war. Every war has produced another war. Now let Us put an end to things, this time forever! (*applause—audience rising*) Thank you, Beloved Ones, today. And take your stand with Me, if you will, that the Immortal Power of the Cosmic Fire now overpowers all that is of war. And We'll have a contest, I suppose, as to where the real Power is. But there's no doubt in Our Minds, and I'm sure there's no doubt in yours, and those who doubt in the outer should be educated.

So from today, take your stand and *demand the Cosmic Fire of My Absolute Fearlessness, the Cosmic Power of Cosmic*

Fire so Great that It overwhelms and overpowers everything that is of war and prevents it by Cosmic Authority and Cosmic Command and Cosmic Dispensation. And that is a Service of Love to Life. Demand all God Power, all God Authority, all God Fire to charge into everything that is of war and overpower everything that wants to impose war upon the people; and let Us see what We can do as soon as possible. Won't you be seated, please.

Now so far as you individually are concerned, try to realize that My Power of Absolute Fearlessness is such intense Love to that Sacred Fire that It automatically clothes Me, goes forth and does My bidding, clothes you, protects you, and seeks to hold Protection about all that is constructive. And be not afraid to *demand the Immortal Power of Cosmic Fire, the Cosmic Christ Fire of the Great Great Silence, to sweep throughout your city and the Nation and overpower everything that is of war. And then demand the Annihilation of all that causes war.* You only have one thing that ever has produced it, and that is the animal. And when *you demand the Overpowering Cosmic Christ Fire from the Heart of the Great Great Silence to strike into the animal nature of mankind and overpower the animal* and annihilate the animal, then you will find Legions coming to your Assistance, and your happiness will know no bounds.

I am grateful for your presence here today. Ever shall My Gratitude come back to bless you forever for giving Us the opportunity, while your presence is here, to move into outer action more of this Cosmic Fire that mankind will be compelled to see, to know, and to obey. The Great Cosmic Laws of this Universe are no respecters of persons. The Cosmic Law as We know It is embodied in the great Individual Intelligences, the Great Beings whose directing

Intelligence governs the whole System. They are the Law to the System because Their Life has built the System. Therefore, since you are privileged to live within Their World, you have all Authority in the Name of that “Mighty I AM Presence” *to call forth this Power of Cosmic Fire of Immortal Purity and Immortal Love, and to strike Its Cosmic Action into everything that is of the animal, and demand its Annihilation by Cosmic Fire that mankind can never interfere with.*

This is what will make you absolutely fearless—as you use this more and more, and you see Its Instantaneous Action, knowing It always as the Cosmic Christ Fire of the Great Great Silence that overpowers and annihilates the animal. Wherever you go will you find things clearing and coming into Divine Order, and you will feel a mastery, an absolute fearless control of conditions that otherwise have filled you with doubt and fear and made you accept limitation.

And someday when you really feel, as you say, steamed up enough about it, and you turn upon your limitations and *you order them consumed by the Cosmic Christ Fire from the Heart of the Great Great Silence*, you will be amazed at what a housecleaning you will have! And it doesn’t all have to take place in the Spring. *(laughter)* It can go on until your Ascension. And once you set your own world into Divine Order, then your Joy will increase in leaps and bounds as you call It into outer action and you see conditions that affect your locality, your city or your Nation, taking on the Cosmic Activity of the same correction of mistakes.

You must annihilate the animal if you’re going to live in God’s World. And those of you who have faced this Chart of the “Mighty I AM Presence” and have given your Decrees are loved far more than you know by the Ascended Host, because of your dauntless, determined stand to be through with the

limitations that have bound you and distressed you through the centuries. And I am just as determined to free your Nation, that the Work of the Mighty Saint Germain may go forward in Its Cosmic Blessing to all Life. I am just as determined as you are, and I think a little more so. (*applause—audience rising*) Thank you, Beloved Ones. Please be seated; and if you will remain that way now until We are through, I'll do the best I can (*laughter*) to increase the Power.

Now this is why you are master over these conditions of human discord. That's a polite term—animal discord. We're going to take that animal apart before We're through. But this I want you to know, Precious Ones, because it will give you a feeling within yourselves of the absolute Power that you have the right to wield. When you *call the Cosmic Fire of the Cosmic Christ from the Heart of the Great Great Silence into a condition and command the Annihilation of the animal*, you are not the one who uses that—I mean who produces the manifestation. You make the Call, but We control the Fire; and therefore there is no uncertainty about your results.

And this is why I am turning your attention to this particular Power today. Everything that is of the animal is afraid of fire; and therefore when you want to annihilate the animal or get it out of your world if it has intruded its discord and limitation there, then I say to you, there is nothing it fears so much as the Fire of the Cosmic Christ—which is the “Mighty I AM Presence” in the Great Central Sun—because it automatically knows that when it faces that Flame, It is its complete annihilation. The animal has to die when that Cosmic Fire moves over the face of the Earth.

Now you are not at the mercy of destructive forces. You are not at the mercy of the money beast of the world. And

Precious Ones, I trust I may assist you in releasing more supply into your direction and releasing you from obligations and problems and limitations that disturb your harmony to some extent. At least you feel the responsibility; and to some degree, there isn't a sense of lightness and ease that otherwise would come if you were completely free from them. Will you try to guard your inner feelings; and when you see—whether it be those in the Activity or those in the outer world matters not—but when you see individuals receiving some of the good things of Life, within yourselves, thank your “Mighty I AM Presence” that that part of Life is receiving the supply that enables the Divine Plan to be fulfilled; and do not have the slightest feeling within yourselves that you ought to have what someone else has. If someone else has it, it's there by some action of the Law.

Therefore turn to your “Presence,” and if the individual is not using it correctly, say to your “I AM Presence,” *“Change the motive there, and see the great Divine Plan is fulfilled with that supply.”* Then you're calling into outer action Divine Order in the outer world wherever you move. And then if you wish a similar thing for yourselves or to assist others, say: *“Give me the same or something better! Keep me supplied so whatever comes into my world fulfills the Great Divine Plan the Ascended Masters' Way!”* And then there never will be a feeling within you which would obstruct the flow into your outer use of that boundless Supply which you want to set you free from certain conditions that belong to the physical world alone.

Mankind have been held under the whip of war and poverty and fear by the debt beast of the world. And therefore when you deny any part of Life the full Supply that would be required to fulfill the Divine Plan—and

with It, *charge into outer action the Power that protects It against misuse*, then My Dear Ones, you will go forward very much more rapidly in the Fulfillment of your Decrees. Now you have all Authority and all Right to the use of the boundless Supply of the Universe so long as you *demand that It fulfill the Divine Plan, that It be held immortally protected so it cannot be used by destructive activities*. And then you may have everything in Creation come to your Assistance. And We want you to have that Freedom! Watch your inner feelings about these things, because they so often keep the individual in limitation when otherwise each one could be free in the boundless use of Life's great wealth—because Life—the “Mighty I AM Presence” provides boundless Supply of everything in the Universe which is used to produce manifestation.

So from this hour I decree that this shall take such root within your own mental and feeling world that as you *demand that everything you see in the outer world's manifestation be purified and changed into the use of the Ascended Masters to fulfill the Divine Plan for the Ascension of all*, then you will find that begin to qualify your own world. And whatever changes come, each change will lift you into greater Fulfillment of the Divine Plan. But fail not to *call forth Immortal Protection about any supply that you draw into outer action, and forbid it to be used for anything except to fulfill the Divine Plan the Ascended Masters' Way*. That is the reason you have that Guard in the Decree. And also do Protective Work for every manifestation you desire to bring forth. If it be constructive and the Fulfillment of the Divine Plan, *demand it be made imperishable and self-luminous and ever expanding in the Fulfillment of the Great Divine Plan as the Ascended Masters desire It here*. Then you

will enter into Their Joy; and as Their Happiness increases in the Purification and perfecting of the world, your Happiness also will increase. The more you release that Happiness to the world around you, the more will come into your outer direction.

So My Assistance to you today is to remind you of two things: the first, the drawing of that Cosmic Fire of the Cosmic Christ to annihilate all that is of the animal; and then to the drawing forth of your own Authority which commands all change in the physical octave that comes to your attention to be compelled to be raised into the Fulfillment of the Great Divine Plan. Then go forward with your Protection and your Calls for boundless Supply; and I tell you, not one under this Radiation shall lack for any good thing. None shall be limited by debts or obligations of any kind if you will set into action this Command *that all that manifests in this world shall now change into the use of the Ascended Masters' Great Divine Plan of Perfection, and raise and raise and raise everything you contact and forbid the hate that causes lack and limitation to any longer exist in the world that belongs to God.*

This world doesn't belong to the animal. It doesn't belong to the dictators. It doesn't belong to the war beasts. This world belongs to God the "Mighty I AM Presence," and everything here shall be purified and raised and used in the Fulfillment of the Great Divine Plan the Ascended Masters' Way; and you have the Authority and the Power to command it—and We fulfill it. (*applause*)

So, Beloved Ones, in closing, as I remind you that My Cosmic Fire of Absolute Fearlessness is My Love to and from the Great Central Sun, then you will begin to understand Me more and more when you *call that Flame into outer*

Action by your own Free Will to govern you and your world, and to compel all change in the outer world to become the change of the Divine Plan fulfilled from the Ascended Masters' Great Octave of Life. Then your world becomes like Our Octave, and the animal must be consumed forever. Be absolutely fearless and dauntless before the Command of this "Presence." Call Us into outer action, and you will find Us very tangible, very real, very Powerful. And We can make you always Victorious by that Cosmic Christ Fire of the Love of the Great Great Silence that never fails, and never did or ever will fail to produce Manifestation that is Perfection forever.

May Our Love abide with you—Our Legions ever stand beside you, go forward to fulfill your Commands, and lift you out of contact with everything that is destructive. And may your Commands go forth for your Nation now, that She may be cleansed of everything that would destroy the ideals of the people or rob them of their Freedom or waste their resources. *You demand the Fire of the Cosmic Christ to move into outer action and forbid the waste of your resources,* and We shall render every Service possible to prevent the Nation coming into the condition of the other nations of the world.

So, Beloved Ones, I am not here uselessly this afternoon. I AM come to charge this Fire of My Love and Immortal Cosmic Christ Power of Absolute Fearlessness into you all, and blaze through you to the Nation until the people gain the Strength to arise and hold to the Victory of God until the Earth itself is cleansed under the Command of the Cosmic Hand of those who govern the Destiny of this System of Worlds. My Love abides with you. I shall be ready to answer every Call, and you will find the Blessings I leave in your

world Proof enough of My Reality, the Truth I have spoken, and the Power that it is My Privilege to wield to fulfill the Great Divine Plan in physical action through yourselves, to America, and through America to the world.

Demand that America's Cup be filled with Cosmic Christ Fire from the Heart of the Great Great Silence until Its Light blazes everywhere, and mankind are awakened to their responsibility to use the Perfection that Life bestows upon them to fulfill the Great Divine Plan of all Creation. So let Us go forward knowing the Immortal God Correction of these conditions comes about by the Cosmic Christ Fire, and We shall answer your every Call and fulfill those Calls to the Freedom of all in the Ascension. And now may America arise as the Ascended Master Nation of the World and hold that Light into which no shadow can ever come. Take often the Statement: “*I AM' the Resurrection and the Life of America's Immortal Victory and Freedom in the Light and of America's God Government into the Immortal Ascension for all.*” And the Legions of the Angelic Host shall attend you, Love become your Daystar, and the Armor of Our Power of Absolute Fearlessness clothe you with a Light into which the shadows will never come.

My Gift is Immortal, My Love is Boundless, My Power is Cosmic; and They are all placed at your Command. I live to serve the Light. Now may that Love which “I AM” bring Its Everlasting Blessings to you, through you to the Nation of Beloved Saint Germain's Heart, and through America to the world, until only the Light can live on this Earth; and those of mankind who abide here become Its Victorious Presence of Perfection and Love and Happiness to all. Thank you for your presence here, and with all My Heart, for your Love and Service to this Light.

Mrs. G.W. Ballard: Beloved Ray-O-Light, in all the Love and Gratitude of our Hearts, we thank You for Your Love and Your constant Help. Charge us with that Fearlessness that enables us to go forward and blaze the Light and continue to blaze It until there is not one shadow on the planet Earth; and Mighty Saint Germain's Work of the centuries is finished, and His Love is the Governing Authority and Law and Control of the people everywhere.

• **DECREE** •

I DRAW FORTH MY OWN AUTHORITY which commands all change in the physical octave that comes to my attention to be compelled to be raised into the Fulfillment of the Great Divine Plan!
