

TALK BY  
**BELOVED SAINT GERMAIN**

INTRODUCED BY A CHART TALK  
BY BELOVED MRS. G.W. BALLARD  
CHICAGO, ILLINOIS • DECEMBER 2, 1944

Mrs. G.W. Ballard: As we turn our attention to the Chart, I want to take up something that is vitally important to the Student Body. You are still beings of Free Will. You can do anything you want to do so far as your choice is concerned; but whatever you do, you have to take the reaction, be it good or bad, destructive or otherwise.

Beloved Saint Germain is going to send forth over the Student Body this afternoon a Substance—as much of a Substance of Light as the water is when you see it dash over the rocks on the lakefront and form into ice. It is just as much of a layer of Substance as the water is over those rocks, just as is this Physical Sun coming into the room blessing wherever the Sun goes. Wherever the Light of the Sun goes, there comes a thin layer of electrons—or substance—upon the individual who stands in the sunlight, because Light is the substance of electrons.

Radiation from the Ascended Masters is the Substance of Light. And don't let anybody on this planet tell you that you do not need to call to the Ascended Masters—that your “Presence” is enough for you. Now you might just as well take this, because I am going to strip the thing right out in the open and give it to you right square from the shoulder, because you have to have Protection from the diabolical psychic suggestions of people who don't want you to keep your attention upon Beloved Saint Germain or that Divine Being, Beloved Jesus.

If the Ascended Masters were not necessary, why did Jesus come into Manifestation? Answer me that. Do not listen to anybody who tells you these things. These Great Beings whose Love and Patience have been of millions of years of duration, who come to dissolve around the human being the diabolical, vicious substance that has been thrown off through sex, hate, anger, and frightful destructive conditions—of Their great Love and Mercy have given the Life Substance from Their own Hearts in Their Octave of Life—nobody on this planet is going to tell me They are not necessary without getting called down right there. I want you armored with the same information so you can dissolve that thing. If mankind is so self-sufficient after the hell the people have raised in the outer world, in the name of God, why don't they improve themselves? This thing needs to be cleared in the Student

Body and the atmosphere of Earth. Do not let anybody on this planet tell you that the Ascended Masters are not needed. Everybody has had an “I AM Presence” for four and one-half million years. You all knew It was there—everybody in the outer world knew It was there. They saw the Ascended Masters for two million years; and then they chose to turn their backs on the Glory of the Flame that beats their Hearts, and they became enmeshed in more and more frightful destruction until you see the conditions of the outer world today.

Until that Glorious Being took Beloved Godfré in hand and gave Him those true Experiences, mankind did not even know where that “Presence” was or Its Name. Not one on the Earth knew except the Ascended Masters in the Retreats. And after that Beloved Divine Being opened the Door through human, frightful viciousness and brought that Knowledge of the “I AM”—and He has taken away from the Students and the rest of the world the war creation of the world and the vicious human creation—don’t let anybody in my hearing ever again, or in yours, say that the Ascended Masters are not necessary. We might just as well blast that thing now. That is damnable conceit and vicious selfishness. Now that is the first time I have ever used those words from the Platform, but it is the Truth; and I say the same as Beloved Jesus did, “That is a lie, and whoever says it, is the father of it.” (*applause—audience rising*)

Thank you, Precious Ones. I offer that to Beloved Saint Germain, and particularly do I offer that to Beloved Godfré; and I ask Him to send forth those Words into the brain of every human being on the planet in Blue Lightning as of a Thousand Suns and burn through that substance until every Life Stream on the planet knows the Reality of that “I AM Presence,” the Truth of these Great Ascended Beings, and bow in humble, grateful selflessness before the Light that has set them Free—and the Light They offer for the Purification and Freedom of the world. Thank you. Won’t you be seated.

## **BELOVED SAINT GERMAIN**

his is Saint Germain speaking—because this thing is going to be clear throughout the Student Body; and if people are so self-sufficient that they don't need the Ascended Masters, then they don't belong in this Class. And that is not going to touch the Youth either. In the Name of Heaven, take off the Earth the Miracles that Our Beloved Mary has given to the world and where would mankind be? Take away from mankind the Consciousness of the Master Jesus, and where would mankind be? They had the "I AM Presence," but they did not remember It, and they did not call to It. So where were they? How much of Its Presence was coming into the outer to correct conditions of their own generation?

I ask our Precious Godfré, I ask the "I AM Presence" and Higher Mental Body of every human being on the planet—and all Life Streams that have ever been here or ever will be here, and those waiting in the Octave of Light to return—I ask all Streams of Life to this world, and all Beings from the other planets of the other Systems, to blaze these Words that are going forth this hour with the Blue Lightning of Thousands of Suns into the cellular structure and brain structure of every human being on the planet, now and for Eternity, and stop the nonsense of human conceit that has hidden God from the outer self that needs so much the Light, the Perfection. And if they do not think I can handle the situation, let them try Me out and see whether I can or not.

Now don't anybody under this Radiation let anybody in your presence say that you do not need the Ascended Masters. Now regardless of Myself—forget that I am in the Universe for the moment. Anybody that says that they do

not need the Messenger—Our Precious Godfré who opened the Door for this Light to come through for Me to give the Freedom and Assistance to mankind that has come forth to America and the world in the last twelve years—anybody that says that was not necessary for mankind is surely bound in the creation of their own shadows and the hypnotic suggestions of the rest of the world.

Now listen to this. I stand with the Light in every Life Stream in creation but never with the shadows in anyone. Now remember that. But nobody on this planet in My Presence is ever going to deny the need of those Beings who have given Us what mankind could not give themselves and have done for mankind what they could not do for themselves. Those Beings are going to have credit—all of Them. And if the Ascended Masters were not necessary in America this hour, in the Name of God, what would you have? Where would you be without the remembrance of Jesus? Where was the world when He came forth? Why have these Great Lights come throughout the centuries periodically when mankind's shadows became so dense that they were engulfing all life on the Earth and slowing down the vibratory action of the atmosphere of Earth to the point where people would not grow to be over twelve years of age because of the pressure of their own viciousness upon themselves?

And only the Great Law of Life in the Great Mercy of Life of the “Great Glorious Presence”—the Ascended Host—have produced a Way and Means by which mankind's degradation can be cut away from them and Light take Its place and release life back from whence it came. In the Name of God, in the Love and Mercy that has been extended to mankind, it is most unfortunate when an

individual says you do not need the Ascended Masters and the Messengers. You might not need Me, but you certainly needed Godfré. We all needed Him! (*applause—audience rising*)

Thank you so much, Precious Ones. I offer that to Beloved Godfré and to the Great Ones and to the “Mighty I AM Presence” and Higher Mental Body of mankind. I ask Them to take It up, amplify It with the Blue Lightning from the Great Central Sun as of a Thousand Suns, and brand It in the brain and body of every human being on the planet, and keep It expanding until in every human form there blazes the Light of Eternal Freedom; and the Wisdom of the Higher Mental Body holds Command and the human dies forever of human qualities, and the Light has taken their place for Eternity. Thank you so much. Won’t you be seated.

We are here to defend the Light, and the Light is the only thing that gave anybody anything decent. So I am charging the atmosphere of this room and city, the Nation and the world, with a registration of these Qualities that shall live through all Life until all Life bows to that “Mighty I AM Presence” and the Ascended Masters, and that Life is free. There is no greater Mercy than that. There is no greater Love. Now you are the Defenders of the Light, not just this Messenger. She is the Cup that carries the Light. You are the Defenders of the Light. Now let the Light go forth and save those under this Radiation, and through that, America and the world. Beloved Ascended Master Youth, do not let anybody tell you that your “I AM Presence” is enough for you. Certainly, if you had remembered It, and if you were free enough from human creation to let all of Its Presence through—because It is One with the

Ascended Masters. But you have had It all through the centuries, and you lost even the remembrance of Its Name. You did not even know Its Name. You could not see It. Then I would think you needed something to cut away the clouds until you would once again know what beats your Heart. Just remember this today.

These Seven Sacred Weeks shall be the cleansing of America and the world of that which denies its Source. I want to show you what the Masters have done, what that “Glorious Presence” has done. Many of you, when you turned to the Beloved Presence of the Beloved Master Jesus, Mary, Myself, or the Great Ones—how many of you have felt that Charge of Electronic Current going over your bodies instantly? That was a Substance just as much as the Light in this room upon an individual as the effect of the Electrons from the Sun, just as much as the icicle on the rocks on the lakefront has a substance of the water.

My Dear Ones, many a time in healing when the individual’s pain has been almost unbearable, there has stood in the Invisible an Ascended Master or one of the Angelic Host or a Cosmic Being; and They have drawn the Electronic Substance of Light—just as much as a snowflake would be—from Their Octave upon that physical form; and the form absorbed It and pain ceased, the individual slept and awakened well. That has been done millions of times upon this Earth. Then I would think mankind needed something to release them from pain. They certainly need something to release them from their vicious impulses of war this hour. They need something to release them from selfishness. They need something to release them from fear.

They still have God the “I AM Presence” above each one, but how much of It gets through? And when the Great Ones, the Messenger included, have stood and cut away a creation from a physical body, and that creation, as big as the body, standing there in substance as slimy, gray, and sticky as the filth in the gutter—and then the individual goes forth to the Ascension—do you think they have not needed the Ascended Host? That has been done by this Messenger. She is not concerned, nor are We, who believes it or who does not. We are stating facts today which must burn as Living Lightning in the consciousness of mankind and the atmosphere of Earth until the shadows and clouds of humanly qualified substance have been purified by the Blue Lightning of the Love of that “Presence” and the Ascended Host.

Now, My Blessed Ones, I am bringing you this Knowledge for your Protection, because just as the Great Ones have cut away your creations and clothed you time and again—every time there has been a Dictation you have been clothed in the Substance from Their Ascended Master Bodies; and you have felt in this room within the last year the feeling of Peace and Love and Mercy and Kindness from Their Octave. You know you have—every one.

Just so, My Blessed Ones, do you send forth through your Decrees Substance from your “Blessed Presence,” and from the Love in your own Hearts, to go forth and clothe those Blessed Ones in the national defense with the Armor of Light that has protected them constantly and has saved them from wholesale destruction. Your Life Stream has given Its Life to them through your Decrees. Then you can well understand how determined I am that you are not going to be preyed upon or have suggestions driven at you that

will make you doubtful or uncertain in your Calls to your “Presence”—or the need of calling to the Ascended Host. I shall defend you before all creation! (*applause—audience rising*) Thank you, Precious Ones. We accept that and amplify that with what mankind require and shall send it forth for their Freedom. And Our Love shall come to you to take its place; and you shall feel It, and soon you shall see Its Substance that none can deny. You can just as well leave this room with that Light Substance upon your garments as you can step out into a snowstorm and go into the house with the snow upon you. And I shall see one day that it is done. Let there be Peace within your Hearts, and know that you have Ascended Master Friends of Mighty Power whose Blue Lightning of Divine Love is greater than all that is of the shadows. Thank you so much. Won’t you be seated.

My Dear Ones, don’t let the day pass that you do not say with every atom of your being to your “Presence”: *“My ‘Beloved I AM Presence’ and Great Host of Ascended Masters, Great Cosmic Beings and Thou, the Great Central Sun, the Heart of Creation! Possess me completely, and see that I never accept suggestions from anybody or anything in the Universe but the Glory and Perfection of Your Heart—Its Purity, Its Freedom, Its Victory and Protection.”*

Say that with everything you are and have. Ask your “Presence” to stand on guard, and you shall be impervious to these things that seek to ensnare people. Through a tiny feeling of uncertainty, first of all in the emotional body; and later on something else makes you a little more uncertain, and then a little more. And pretty soon you doubt, and you think, “Oh, I guess there is nothing to that”; and you go again into the shadows of distress.

This has been done through the centuries many times, but it shall happen no more to those who have given their Service of Light in these Decrees for the Protection of America and the Freedom of your fellowman. This time the Light serves and protects Its Own. This time the shadows leave the Earth forever.

Be at Peace. I have warned you and established about you that Substance of Light that will no longer accept suggestions that are not true. That which is the Truth is not a suggestion. It is the Law, and no longer is the Student Body subjected to the suggestions of the outer world if they love the Light and have given these Decrees sincerely for your fellowman. The Freedom of all is coming, My Dear Loved Ones. You are the Family of Light, and your Light shall now be clothed in the Flame as of a Sun. We have not started this Work to have It interfered with by human shadows longer. The end of the Cycle is at hand. This time the shadows disappear forever.

Thank you for your Love, your Blessings, and your Light. Thank you for your Loyalty to the Light. Thank you for what you have done for America. But stand on guard and never let down your Calls for Protection until you are all Ascended and Free in the next Octave. Remember My Words this hour: Never let down your Calls for Protection for yourselves and all that is of the Light until you enter that Octave that is all Light into which the shadows never come. As you have acknowledged Me and have stood with your "I AM Presence," so do I acknowledge and sponsor you to those who are greater than Myself. When that hour comes and the greater Light and the greater Gifts of Life stand ready to be conferred upon you, then shall I say to those greater than Myself, "These are the proven Defenders

of the Light who have come through the jungles of human darkness and are blazing with the Light that now becomes greater Light.”

Enter in and have your Freedom and be the Victory of the Light that casts no shadow. I thank you.

*My Dear Ones, don't let the day pass that you do not say with every atom of your being to your "Presence":*

My “Beloved I AM Presence” and Great Host of Ascended Masters, Great Cosmic Beings and Thou, the Great Central Sun, the Heart of Creation! Possess me completely, and see that I never accept suggestions from anybody or anything in the Universe but the Glory and Perfection of Your Heart—Its Purity, Its Freedom, Its Victory and Protection!

“ALMIGHTY I AM”! (3)
