Beloved Ones of My Heart, as We come into the atmosphere of Earth today, the various Activities of the Sacred Fire that the Cosmic Law is drawing into outer world conditions is surely having Its effect regardless of all outer world appearances; and I want you to be of good cheer because, I assure you, the Cosmic Law of the Sacred Fire never fails, never can fail, and does not fail now. And if you can send forth through your Decrees your “I AM” Call for a Sun Presence of each Activity you require—as if you established that Sun Presence to continually expand until It has released Its Perfection to you—I am quite certain you will be very, very much encouraged, and very happy in the results that will be yours. When you begin to recognize that your Call for the Sacred Fire is coming into physical conditions, and you ask It to establish a Sun Presence of Its Action, then there can come to you much, much more help, because you are recognizing that the Power from the Physical Sun and the Great Central Sun is duplicating Itself wherever your Call goes forth.

I want to help you today, and I hope you will enjoy the Discipline instead of feeling that it is strenuous. You know, many times you give a Decree for the solution of a problem or the handling of a condition; and then if there is fear in your feeling, the thing hammers back at you and keeps your mind mulling it over and wondering if

you have done Application enough or if your Application is going to work. Now let Me show you what the Cosmic Law requires. Suppose something is wrong and you make the Call to your “Beloved I AM Presence” and to Us, your “I AM Presence” first always, to handle the condition and bring it into a Miracle and Victory of Perfection for you—once you do that, if you will only let go of it and make your attention withdraw from it, when you make the Call to Us, I assure you, We send forth the Power that will handle the condition. But if you make the Call to your “I AM Presence” and to Us, and the very next minute you draw it back and are mulling it over again in your mind, you don’t let Us have it. You hold onto it; and if you hold onto it, We may not take it from you until you give it to Us of your own free will.

Now doubt and fear are the two things that make you constantly uncertain as to whether the condition is going to be handled or not. And now comes the happy part of the Discipline. This time, compelling your attention to let go of it and be held upon that which is constructive is a joyous, daily practice. And it is this: Supposing you call to your “Beloved I AM Presence” and to Me for some assistance you require in some definite situation. I hear your Call—My Hearing is infinite—and so does your “Mighty I AM Presence”; and Its Hearing is infinite. You see, there is no obstruction to Our Hearing at all, never was, and never will be. So We hear you! Life is One, and Life knows. And then if a few moments later the fear about that comes back to hold your attention on it and make you wonder how it’s going to be solved or if it’s going to come in time—you know the easy way to let Us have it: you start singing an Adoration to your “Mighty I AM Presence” or to some Ascended Being.

You start definitely singing or playing. Your attention will be compelled to let go of it because, in holding your Love and Adoration to your “Mighty I AM Presence” or to Us, your thought and your feeling and your pictures come to Us; and then you don’t have that struggle of fight within the mind or within the feeling to keep out the fear that prevents the fulfillment of your Call.

This is one of the most magnificent uses to which you can put music. So when there is a battle in the mind or fear in the feeling or uncertainty in the feeling, turn from the condition that is wrong and enter into a song of Love and Adoration to your “Mighty I AM Presence” and to Us. Now don’t go out and think, “Well, I’ll just play this piece of music or that piece of music to get my mind off of this.” That isn’t what I’ve said. I have said, “You sing your Love or your Call to your ‘Beloved I AM Presence’ and to Us.” And then in that harmonized energy and Love to your “I AM Presence,” It disconnects you from the pressure of fear about the condition or the worry or the strain or the wonderment of how you are going to solve it physically.

When a condition is right and it is the Fulfillment of the Divine Plan, you make your Call to hold the Harmony. When the conditions are right, the situation almost does itself. That doesn’t mean that you can sit back and not make any conscious effort, not at all. But what I am trying to show you is the necessity of, once you have called to your “I AM Presence” or to Us—is to let Us have it. If you hold onto it in your feeling and worry about it or fear the condition, you don’t let Us have it.

There can’t be two people holding onto the same thing at the same time without discord, can they? That’s what makes

all the war in the world. So when there is disturbance in the mind and things argue back at you or they make you fear in your feeling, give your Decree with dynamic force. Then, placing the condition in the Heart Flame of your “Mighty I AM Presence” or to Us—as a Sun Presence, turn your attention and your feelings to some Adoration to your “Mighty I AM Presence” and to Us. Now the reason for that is, it pulls all of the energy of your feeling world up into connection with the Purity of your “Presence.” Then the situation can be handled very much more easily than otherwise would be.

You see, fear and doubt are both feeling. They are not so much an idea in the mind as they are a whirlwind of feeling, which is a pressure upon the energy of the emotional body. And I’m trying to get you to pull that away from the condition, and beginning your Love and Adoration to your “Presence,” sing to It your Call for help. You take the words of “Ecstasy.” When you give your “Mighty I AM Presence”—the Unfed Flame—a vow, you begin to think then of the Unfed Flame. You begin to love your “Presence.” You begin to see Its Action, and you have forgotten all about your problem. The whole thing passes out, for the time being, of any connection with you. And if I can get you—not that I lack the Power, but if you will cooperate with Me enough to do this thing, your Decrees will be answered almost instantly, or at least so quickly that they will bring you more and more encouragement, and of greater realization of their Power to set you free.

So, Beloved Ones, until the outer self is controlled and disciplined and made obedient to the Love to the “Presence,” problems and limitations go on. But they don’t need to go on any longer than it takes you to let go of them. And so

when outer world events become distressing, there is greater need than ever for the whole Student Body, the “I AM” Students, to come together and sing your Calls to your “Mighty I AM Presence”; for every piece of Music you have is an Adoration to your “Mighty I AM Presence” and to Us. While your Love and your attention and your life comes to Our Activities of the Sacred Fire, your Higher Mental Body is pouring into the condition and the Sacred Fire solves the problem or purifies and raises it into the Perfection that is its solution. And that is far better than to have a thing hammer back. Then you get all steamed up and try to keep it out; and it hammers back again and you mull it over in your mind, all the time feeding it with more energy to make it live longer.

So obeying the “Presence” isn’t nearly as difficult as it sounds. When the outer world says, sometimes, “Well, but you’ve got such a severe discipline,” it isn’t one-billionth part as severe as what the outer world’s demand and punishment is to life for disobedience to the Divine Plan. The Divine Plan is not the difficult way to live life. On the contrary, It is the only really comfortable way. So when there seems to be a fight within you or resistance or rebellion, and you just have to hold on with terrific tension, drop it! Turn back and sing your Love to your “I AM Presence”; and if need be, sing your Calls to your “Mighty I AM Presence.” Then your feeling is harmonized. Your “Presence” can reach Its Sacred Fire into the condition and raise it into Its Perfection. But so long as you hold onto a condition and worry about it and continually fear what is going to be the result, you don’t let it open and let the Sacred Fire come in and change it into the fulfillment of your Calls.

Now this is very important, Beloved Ones; and it is the easy way to gain the fulfillment of your Calls. And I assure you, if you will train the outer self to turn away from the human creation and sing Love to your “Presence,” you will find the Hand of God in the Sacred Fire can perform Miracles for you that you cannot yet perform for yourselves—and many of them your intellect never heard of. And sometimes your “Presence” can produce conditions in Ways and Means that have never yet been used in the outer world. This is why I am calling this to your attention today because, in handling the affairs of a nation or a city or of the world at present, because of the Law of the cycle, many things can be brought into the atmosphere of Earth. Many things can be done at this cycle to handle conditions in a way that have never been used on this Earth before.

And so if the way does not appear, your “Beloved I AM Presence” can create a new way, a way you have never heard of, if you will but give It a chance. It is infinite; It is all-powerful. It knows exactly what to do to dissolve human creation and reveal Its own Perfection of the Divine Plan’s Fulfillment; and I tell you, enough Love to your “I AM Presence” and the Ascended Host is the right solution of every problem. It is the harmonious solution. It is the Invincible Victory you require and is the only Eternal Freedom there is. You see, people become so entangled with each other’s feelings that they hardly know their own from someone else’s. But when you can disconnect your feelings from a problem or a condition and sing your Love to your “I AM Presence” and the Ascended Host, your very attention there is an Action of the Great Central Sun Magnet that pulls you there, away from your problems, until the problem drops

away of its own weight or is dissolved and consumed by the Sacred Fire directed by the “Mighty I AM Presence” or the Ascended Ones who might be assisting you.

So instead of fighting, fearing, or doubting conditions, or being uncertain as to the answers to your Calls, give your Command to Life like dynamite. Then lift it into the Heart Flame of Victory of your “Mighty I AM Presence.” And then sing your Love to the “Mighty I AM Presence—and sing there your Love and Gratitude and Happiness for Its already released solution. That is what the Bible means when it says, “Before they have called, I will answer; and while they are yet speaking, I will hear and pour them out a Blessing until there is not room to receive it.” And that’s what it means to use the Statement, “ ‘I AM’ the Open Door that no man can shut.” For that “Beloved I AM Presence”—that is the Source of your Life; and you are Its Life extended here. That “I AM Presence” is the Open Door into the Fulfillment of the Great Divine Plan in every condition until there cannot manifest the discord of human creation.

It seems to Me humanity has tried every conceivable way to trade one problem for a dozen or a thousand, and they certainly have not raised themselves out of the realm of problems or human distress. So, Beloved Ones, if you will believe Me today, and—you just try this for one week. It is an Assistance which the Goddess of Music has offered, I have offered, and the Beloved Archangel Michael has offered; and He will watch you this week if you care to begin the Discipline with Us of Eternal Happiness of the Song of Life—your Love and your Adoration to your “Mighty I AM Presence” and the Ascended Host—and They are the only Beings in the world that can set you Free. So, Blessed Ones, go forward to your Victory; and I hope you enjoy the Chorus

which We will hear in your Adoration to your “Mighty I AM Presence” and the Ascended Host this week. And it might be, I might be with you again soon. (*applause—audience rising*) Thank you, Precious Ones. Won’t you be seated, please, and just remain so.

Now I want to say just one more thing. Fear, which is a feeling, adds energy to the condition that is wrong, and therefore enlarges it, while your Love to your “Mighty I AM Presence” enables Its Sacred Fire to go into it and minimize it. So many times people make a condition far worse than it is to begin with by their constantly talking or thinking about it or their fear of it, because that energy goes into the thing to sustain it, while your Love sent to your “Beloved I AM Presence” and to Us, especially in the Happiness of Music, disconnects you from it—therefore withdraws your energy and allows the Hand of your “Presence’ ”own Sacred Fire to do what you in the outer cannot do.

So I hope this week will bring you the experiences of happiness, of freedom, and intense determination within you to do this until it proves itself to you by habit. And then you’re on your way to more victorious accomplishment much more quickly; and the struggle of the past begins to fade out, and only the memory of the Love of and to Life remains ahead of you to give you Its Miracles and Its Victories and Its Perfection of Freedom for Eternity. May We offer you this Service, and may the Music of the Spheres pour your Love and Adoration to your “I AM Presence” and the Ascended Host that lifts you closer to Us. Then the weight of your problems will drop away, for your energy will have been disconnected from them and withdrawn from them until We can place their solution in your world to keep you free forever.

So I hope you will go forward and enjoy the Discipline of the Sacred Fire's Love to Life that not only raises you to the Perfection of your "Presence," but pours Its Sacred Fire into the miscreation until it is dissolved and consumed; and God's World is once again returned to the Purity of Its Beginning, and from now on, you live in Its Sun Presence instead of the shadows of human creation. May you go forward a Blazing Light in the darkness of human distress, and blaze the Sacred Fire that consumes that distress from all Life everywhere forever until you have sung yourselves free for Eternity from the shadows through which you have passed. I commend you to the Victory of the Unfed Flame in My Heart to expand and clear your way as you have sung to Me today. Thank you with all My Heart.
