

## GEMS OF LIGHT

---

BELOVED LORD MAITREYA

**W**hen I speak of the Flame of Love I have used so long as the Heart of My Miracle Love—just use the expression for awhile. Pour It into everything! Demand the outer self become Its Master Presence in everything you do, and just demand the Miracle Love of My Heart to be your way of Life in the future and enable you to assist all who are trying to hold the constructive way of Life, until you move forward and everything yields you Perfection.

There isn't anything the mankind do in the outer world that could give a millionth part of what My Miracle Love can bestow. And it is yours to use without limit. Come to Me tonight with that Command that you demand you enter into the Heart of the Great Cosmic Temple of My Miracle Love, and there understand Its Mastery, be clothed in Its Mantle, and become Its Dazzling Light Substance—and that when you return to the body in the morning, you wrap that body in that Sparkling, Dazzling Essence of My Miracle Love, and It becomes for you the Armor of Light so blazing no shadows can appear.
