

## **GEMS OF LIGHT**

### **Beloved Mighty Victory**

**W**e would deeply appreciate it, as you go forward in the greater use of the Powers of the Sacred Fire, if you would always remember that the duty of Life, the duty of individuals under the Action of the Great Central Sun's Law, is to produce Perfection in action. And I assure you, Perfection is always beautiful. When you see things of beauty in the physical world, Manifestations and Powers of Nature—sometimes just the beauty in the sky, sometimes the beauty in the sunset, sometimes just the beauty of the Cosmic Action of Life—try to make that your own by loving it. Try to feel that that Greater Life that produces beauty for maybe only a few minutes is entitled to the Love of your Life to that Greater Life, that the beauty which is there may come back to you and flood in and around you Its Blessings for Eternity.

You are a Cocreator with the “Great Mighty I AM Presence” in the Great Central Sun. Therefore your obligation is to create as the Great Central Sun creates, as the “Mighty I AM Presence” there creates, as the “Mighty I AM Presence” in the Physical Sun creates the Beauty and Perfection in this System of Worlds.
