

GEMS OF LIGHT

Beloved Blessed Mary, Mother of Jesus

I offer you something that is My Personal Gift to you. I hope you will accept It; but again, It depends on the picture you hold of Its Action within and around you. If you want My Healing Love, if you want My Peace in yourselves and around you, and if you want My Protecting Power of Purity and Love and Healing—if you were to see the Heart Flame behind you, within which is this Crystal Constant Action, and if you would see the Wings, the edges of that Heart Flame, close around you, and hold you within Itself until Its Peace and Its Purity and Its Love come within you—and you feel It deeply, and you hold It until It perfects the body from within.

This is a Service I give frequently at the moment of the Ascension. It is a Service which can raise all into the Ascension. It's a Service I love to give; and if mankind would only understand how to use It and cooperate with Us, the Healing of the world would be a simple thing.
