BELOVED ELOHIM OF PEACE

Chicago, Illinois • July 6, 1968
Record CD 1447

Beloved of My Heart, I wish to bring to you this hour the Explanation of what the Great Central Sun Magnet can do for you and what Its Power is within you. When We speak of the Great Central Sun Magnet, It is a Power within Life to draw from the Heart of Creation the Perfection that is there, and then expand It and bring It into manifestation in the physical world. But mankind does not understand how that comes about, and tonight I wish you to realize that your attention is the Power of the Great Central Sun Magnet in you.

And so if you wish Perfection into this world, then your attention must go either to your “Beloved I AM Presence” or the Ascended Masters’ Octave or to the Heart Flame of the Great Central Sun or to the Heart Flame of the Physical Sun—because the attention is the Power of your Life to draw into the outer self anything and everything that is the Perfection of Life. But if mankind misuses it, it is not the fault of either the “Mighty I AM Presence” or the Cosmic Law or the Love from the Heart of Creation that has given mankind the Power to draw into itself the Greater Perfection from the Heart of the Great Central Sun.

I bring this to your attention tonight because when you are in the disturbance of the outer world, chaos seems to reign everywhere, and the energy of your own feeling world

sometimes becomes disturbed—if you will quickly turn to your “Beloved I AM Presence” and the Ascended Host, and directly to the Heart Flame of the Great Central Sun, and holding the attention there just a few seconds or a few moments, draw into yourselves My Heart’s Flame of Love’s Indestructible, Eternal, All-protecting Peace.

You can have It on the very next breath if you will turn your attention there, because there is the Source of Peace to all that is in infinite space. When you call for that Peace, as you expand the Flame of Love from your own Hearts into the Sevenfold Flame of the Seven Mighty Elohim in your brain structure, and then reach up to the Heart Flame of the Great Central Sun, and you call for the Sacred Fire Indestructible, Invincible, Eternal Peace into yourselves and then around you, We can on the instant pour Our Love into every bit of your feeling, and on the instant change every vibration that is within you. Then when you begin to feel that Quiet and Peace and the Strength which It is within you to hold perfectly still in the midst of outer world chaos, We can begin to pour Power, the Power of Our Peace, in and around you to hold control of your affairs or others around you, to hold Peace and Protection, which Our Indestructible Peace is.

There is in the Orient, and has been for many centuries, a certain phrase that is used a great deal and has given the people a certain control of the emotional body. It has been for many centuries a habit of certain activities in the Orient to say, “None of these things move me.” Now that is part of the Power of Peace I wish to leave with you tonight, because when you begin to call forth into yourselves My Heart’s Flame of Love’s Invincible, Eternal Indestructible Peace, you won’t be able to generate discord within yourselves, because My Heart Flame of Indestructible Peace within you

will hold the Purity and Control of the energy in your own emotional body, in your feeling world, and prevent some of your habits disturbing you.

Then when you call this into outer world conditions, it's a very easy matter for Us to flash a Flame into the atmosphere about you and change every vibration around you on the instant. This is part of the Power of Our Indestructible Peace which We want you to have within yourselves. We want you to have It around you as your Protection. We also want you to have It in your affairs, so We may hold Purity and Balance in your affairs and bring to you the success you desire. But when you want that, you must enfold that in Our Indestructible Peace, as well as yourselves.

And, My Dear Ones, this is the conscious control of energy. It is the Conscious Command of Life to produce Perfection for you, sustain It, protect It, expand It, and let It go forth to bless every particle of Life in existence. Then you fulfill what your Mighty Saint Germain gave you in the beginning when He said, take the Statement often, " 'I AM' the Peace-commanding Presence!" And this is exactly what I say to you tonight.

If you will recognize that your attention is the Power of the Great Central Sun Magnet to draw into you Our Love, Our Purity, Our Indestructible Eternal Peace, you can fill yourselves with that just as easy as you can fill a glass with water or anything else. You can, by that same control of your attention—which is the Power of the Great Central Sun Magnet to draw anything and everything that is of Perfection into yourselves, around yourselves to protect you, into your outer world affairs, and then into everybody and everything you contact until you stand Ascended in the Ascended Masters' Octave. This is the Gift of Love.

And when you realize—when conditions are disturbing in the physical world, they are impurity; therefore, they are a lack of Love. And My Peace is My Love; and you have the Power within you by your own Heart’s Call and by your conscious control of your own attention to draw into yourselves, around yourselves, or into any condition you contact—you can draw My Cosmic Flame of Indestructible, Purifying, Eternal, All-protecting Peace. And It is Power you cannot possibly understand until you begin to use It and have a momentum of It and then understand what It means to simply walk through a condition, and everything that is not Peace ceases to be. This is the Power “I AM” offering you tonight when I offer you the Love of My Heart, the Power of My Life, and My Control of the attention that makes Me the Sun Presence of Everlasting Peace. (*applause—audience rising*) Thank you so much, Precious Ones. Won’t you be seated, please, and just remain so.

My Peace is Indestructible. My Peace is All-powerful. My Peace is the Sacred Fire’s Eternal Purity; and if I had not poured that Flame of My Heart’s Love to this world, it would long ago have been dissolved. It is only because that Flame, a certain proportion of It, is in the brain structure of every human body on this Earth, that human beings can embody in this world and hold enough constructive activity to reach up and use some of the Powers of the “Mighty I AM Presence,” and go forth in physical experience to do what fulfills the Divine Plan—and accomplish the Ascension.

People don’t understand the Power that is within Peace. If you don’t have Peace, you only have destruction, discord, and impurity, and every destructive thing mankind has generated. So mankind, intellectually, needs to understand

what Peace is to Life, and what the Great Cosmic Law, which means the Great Cosmic Beings in the Great Central Sun, have done for mankind to produce the Peace in this world that enables human beings to embody here and survive and make conscious effort to attain the Ascension.

There's a very positive Power about Peace, and "I AM" Its Victory! (*applause*) Thank you so much. So when the world is in chaos and filth and destruction that mankind has generated through one war after another, I plead with you, don't be any part of that, please don't. Please don't let yourselves connect with discord. Please don't generate discord. I will come every day and pour forth in, through, and around you any amount of My Love that you can possibly use if you will cease to be a channel that sends discord into the atmosphere about you or to any part of Life. The world cannot stand much more of the destructive vibratory action mankind has generated through war. And those who think they're going to control the world are to be disillusioned, and they will have to recognize who is the Master Presence of Life throughout Creation. There are those, unfortunately, who imagine they can control the world; but they forget to whom it belongs. (*applause*) Thank you so much.

So if you care—in some of your Application sometime each day—to call from the Heart Flame of the Great Central Sun whatever Cosmic Concentration of Its Indestructible Sacred Fire Eternal Peace is necessary to flood this world with whatever consumes all wrong, all mankind's frightful human creation, the Cosmic Law can release certain Dispensations that can concentrate that in, through, and around you, and to certain places in the world where Peace has been held for centuries in the Retreats of the Ascended

Masters, which have been the sustaining Power of what is constructive in every civilization that has ever come here.

Now, Beloved Ones, whenever there is turmoil within yourselves or around you, you have the Power of the Great Central Sun Magnet within yourself to turn your attention to your “Beloved I AM Presence” and to Me, or to all of the Seven Mighty Elohim, and ask Us to blaze the Flame of Indestructible Peace—in such Power in and around you that human distress cannot longer be allowed to exist—and pour It into your affairs to hold Protection for all that is constructive. And now for your use of It for your own Healing, you have the Power by the use of your attention to call to your “Beloved I AM Presence” and to Me—you can call to the Angels of Peace, the Healing Angels, to pour into anything that is disturbing in your body Our Hearts of Love to consume everything that is not Peace within you.

This is one of the most Magnificent, Happy Powers of the Sacred Fire that every human being in existence can use and can have if the attention is allowed to go to the “Beloved I AM Presence” and to Us, and ask Us to pour the Love of Our Invincible, Eternal Purity, Peace, and Healing Love into everything, that It may love out of existence everything of discord. There isn't all mankind's human creation put together can enter into Our Flame of Peace. But Our Flame of Peace can consume everything discordant mankind has created. Who's the Master!

So, Beloved Ones, with every bit of Love in the Universe, I plead with you to understand the control of your attention and what it does to you—and what it can do for you and within you if you understand that It is the Power of the Great Central Sun Magnet by which you can reach to any

part of Life, anywhere in infinite space, and draw back the Perfection that Love creates. Beloved Ones, It is the Master Power of manifestation.

So when We have offered you the Sunshine Presence of Our Hearts' Love as the Invincible, All-purifying Indestructible Peace of Eternity in the Mightiest Power of the Heart of Creation, the Great Central Sun, there is no such thing as failure for you if you want to be filled with that which has made Us the Master Presence and Control of the Sacred Fire. And the Sacred Fire of Our Love, Our Purity, and Our Indestructible Peace, I assure you, is a necessity for survival. Whether it be the individual, the nation, or the world, matters not. Mankind cannot survive without Our Flame of Peace.

So the more you need It, the more your attention should be commanded to go to your "Mighty I AM Presence" and the Ascended Host and to the Seven Mighty Elohim of Creation and to the Heart Center of the Great Central Sun, and ask for whatever Love of Indestructible Purity, Power, and Peace without limit, Invincible for Eternity, is needed inside of yourselves to produce the Perfection that is the Fulfillment of the Divine Plan and Divine Desire of your "Beloved I AM Presence" for you.

Your "Mighty I AM Presence" doesn't want you to experience the discord that impurity has created in the world around you. And if you've been unfortunate enough to create it from within yourselves, then Life Itself, the "Beloved I AM Presence" and the Ascended Host, are the All-powerful Master Presence of the Sacred Fire's Indestructible Eternal Purity, Power, Love, and Peace that shall come within you and enfold you and control all with the Great Command to compel everything else to cease to be.

And It is the Power We can give. It is the Power Our Love wants you to have. It is the Perfection of the Fulfillment of the Divine Plan, and It is the survival of everything that is constructive. You can't create something constructive without Our Flame of Love and Peace—which is Purity, Invincible and Eternal if called into physical conditions. And you will find Our Sacred Fire is Mastery over destructive conditions if you call It into outer physical affairs to be the Master Presence that commands the Annihilation of everything that is not Our Purity and Love and Peace. So when destructive conditions build to a certain momentum in outer world affairs, don't hesitate to call the Great Central Sun's Fiery Christ Blue Lightning Peace of complete Annihilation into anything and everything in the physical world that wants to desecrate or destroy anything constructive. And you will find there are Legions of 'Miracle Angels' if you want to call Them that, that can release Miracle Power of Our Purity and Our Love and the Miracle Force of Our Peace. And We'll see who's the Master! (*applause*) Thank you so much.

Now I am not challenging anybody or anything, but you're going to have to have Us if there is to be your survival in this world or the survival of anything that is constructive. Everything in manifestation that is constructive must have Our Sacred Fire Heart Flame of Love and Peace within it or it is not constructive. And when you understand that Our Peace is Sacred Fire Indestructible Purity, then call It into every physical condition, and demand the Purification that puts an end to the hordes of destruction. And it doesn't make the least bit of difference who it is or when it is or where it is or how it is. We give you the Invincible Master Flame of Indestructible Victory over every destructive force in existence.

But you must recognize and remember that your attention is the Great Central Sun Magnet that draws to you the Power to overcome everything in the physical world that is of destruction. You can use this for your Nation just as well as for yourselves, and there is no survival of that which is constructive without It. And with enough of It, you are Mighty Victory's Cosmic Flame of Cosmic Victory manifest. So, Blessed Ones, from tonight, I trust I may be able to serve you with all My Love can give, that you may serve your Nation and the world with the Cosmic Purity and Illumination of Our Unconquerable, Indestructible Power. We want you to realize what Power is. And Power is the Unlimited Concentration of the Sacred Fire's Indestructible Purity, Authority, and the Love of Peace. It is the Healing of individuals, the Healing of conditions, the Healing of the nations. And Peace cannot come to this world until Purity comes first.

So when you want Peace, turn your attention—and remember, you must first use the Power of the Great Central Sun Magnet to draw It in and around you; and that Central Sun Magnet is your attention to the Source from whence Peace comes, the Source that creates Peace, the Source that sustains Peace, the Source that forever expands Peace and makes you the Victory of Its Almighty Master Presence. There are uncountable Legions of the Angels of Peace whose Sacred Fire would bring every human being on the planet to their knees, his or her knees; and not one human being could prevent it. Everything that lives can be brought to its knees in Unconditional Obedience to that Flame. (*applause*) Thank you so much.

So from tonight, I want you to feel within yourselves the Power of Our Sacred Fire Peace to silence into annihilation

destructive conditions that have no God Authority to exist and never did have God Authority. But because mankind has sought to misuse the Powers of Mastery with which the human being is endowed is no reason for allowing the existence any longer of the impurity that but desecrates Life and drives people to the second death. And people should remember that if there is a Law in the Universe that can compel the end of the life span of a human being that won't create Perfection when it becomes too defiant, then there is the Master Power in the Universe that can compel it to cease to be. (*applause*) Thank you so much.

So from tonight, I hope you will remember the Gift of the Great Central Sun Magnet to you as your attention and your Power to control your attention. And that is why the Beloved Master Jesus in the early Dictations referred to and revealed to the "I AM" Student Body the existence of the Great Central Sun Magnet. And by your conscious control of your attention and your Conscious Command for the Release of the Sacred Fire's Indestructible Love and Purity and Peace, the Master Powers from your "Mighty I AM Presence" and the Ascended Host can be drawn into your outer use; and you may build as the Ascended Masters build.

You are not at the mercy of the destructive forces mankind has generated when you understand what you can draw into yourselves and around yourselves or into the manifestations of the outer world—what you can draw from the Great Central Sun by your own conscious control of your attention. The Flame of Love from your Heart can reach up and draw that back by the Command of the Sacred Fire within yourselves. And We stand ready to give this to you without limit in anything and everything you ever care to draw It into outer existence. We have stood by waiting for this for

centuries. We'll never refuse once to release the Sacred Fire's Indestructible Purity, Love, and Peace when mankind wants It instead of the discord of human creation.

So, Blessed Ones, there can come forth the Armor of Fiery Christ Blue Lightning Protection; and that Blue Lightning Protection is Our Sacred Fire Harmony and Peace. And if It weren't, It wouldn't protect you. That can be so concentrated no human thing can move. There are many, many, many Powers in My Heart Flame of Cosmic Peace; and I want you to become aware of Them. And if you will use the Power of the Great Central Sun Magnet in you to desire Them, "I AM" glad and happy to give Them to you. And They do not come from anywhere except the Sacred Fire's Love, whether It be My Love of Peace or the Love of your Blessed Saint Germain in the Violet Consuming Flame, which is Purifying Peace within Itself, Purifying Freedom. It all brings Peace. Any Activity of the Sacred Fire will produce Peace. And Peace is the Master Power and the Master Presence of the Love from the Heart of Creation which is Invincible Eternal Purity.

So, Blessed Ones, may the Cosmic Miracles without limit flood in, through, and around you, and teach you of Themselves what the Master Powers of Love can give you, and what the Almighty Presence of Our Sacred Fire Purity and Love can produce to help you bring Peace to the world. And once you understand this Law, We hope you will use It in everything you do every moment of your waking consciousness. And even then when you retire and the body is at rest, you can step out in your Higher Mental Body and use this same Power at the Inner Level to consume the things mankind has generated that have hypnotized the people of this world through the ages.

So, Blessed Ones, this is far-reaching, Invincible, and Victorious, and is the Freedom of the Sacred Fire's Love to Life. So may I enfold you tonight in what I feel is necessary for you to hold Indestructible Sacred Fire Protection within and around you by My Love's Indestructible Purifying Peace. And if I may enfold you in My Miracle Mantle of Its Indestructible Power, you will remain at Peace; and the outer world will let you alone because it cannot connect with anything within you. So It is the Armor of Indestructible Protection, Infinite, Eternal, and Almighty everywhere in this world or any other the rest of Eternity.

I commend you to the Ascended Masters' Comprehension and Feeling of all that Our Sacred Fire Purifying Love and Peace can give to Life—and can be used to correct conditions in this world until mankind's frightful creation of evil and filth is compelled into annihilation by the Cosmic Law's speaking through the Powers of Nature which all obey for Eternity. May My Heart's Flame of Love ever enfold you, fill you with Its Peace, make you Its Master Presence, and give you Victory without limit wherever you abide, and clothe you in the Power to give It to others as We give It to you.

So go forward without fear; but remember, from the Heart of Creation, the Power of the Great Central Sun Magnet comes to you to use your own Life to draw here that which produces Perfection for Eternity. And the Legions and the Angels of the Diamond-shining Sacred Fire Powers of Life will ever abide with you and give you everything of the best there is, and Their Love is that best for Eternity. Thank you with all My Heart.
