

## **GEMS OF LIGHT**

### **Beloved Godfré**

*Blessed Ones, you know, I have called you “Dear Hearts of the Light”; and I have enfolded you in the Heart Flame of My Love many times. But from tonight you must become the Sons and Daughters of the Sun Presence of Ascended Master Victory! (applause) Thank you so much. When sometimes you are quiet, visualizing this and calling It into action, don't fail to give that Call, “ ‘I AM’ That ‘I AM Presence’ of the Master Flame! And I demand this for which I call manifest here! I demand this manifest here! I demand this manifest here! I demand this manifest here as an eternal part of this world!” And whenever you come onto these grounds, you could call this Cosmic Violet Flaming Sun Presence to enter into and surround this entire Shasta Springs Property, and keep demanding the Ascended Masters' Invincible Victory of the Sacred Fire Love and Cosmic Light Substance of the Prevention Flame that compels Perfection Manifest here, Invincible forever! And the Blessings you have had will only be fragmentary compared to those that can come and will come if this is acknowledged. All it takes is your Acknowledgment of this to set It into action—and the Demand has to be made upon the Cosmic Law before the Action of the Energy flows into the physical octave.*
