# BELOVED ASCENDED MASTER SAINT GERMAIN

---

---

**Shasta Springs, California • October 3, 1968  
Record CD 1449 AB**

Beloved Family of My Heart, I come tonight; and I trust I may strengthen you with all the Light at My Command to enable you to hold the Protection around everything that is constructive, and still expand your own Light so that We may have as much Power of mankind's unascended Life Streams as possible to expand into every Activity of the Sacred Fire for the Purity and Freedom and Protection of this Nation and Peace to the world.

Tonight I wish to convey to you the Power that is in the Light Rays as well as the Power that is in the Sacred Fire. When you think of or hold the picture of any one of the Activities of the Sacred Fire, there is in your own mind a very definite feeling of the Concentration of Power in the Flame, because of your association with It in the physical fire which you use in this world. When it comes to the Projection of the Light Rays which come forth from any Ascended Master, or any of the Temples of the Sacred Fire that come under Our Direction—which are Our Powerhouse that has been amplified and maintained for many, many centuries—We wish you to know the Reality, and feel the visible, tangible Presence of those Light Rays as powerfully as possible within and around your physical bodies.

Now there is no question but of what a light ray coming into the room reveals to you that which is within the room. You do not doubt that. And you do not doubt that there is certain power within the light to reveal to you what you need to know or what you want to do to obtain what you want in the room. If you held a flashlight within the room, you would very definitely accept the power of the electric light, the bulb within the flashlight. There'd be no doubt in your minds. We want you to become just as aware of the Power that is in any

one of the Light Rays which We send forth to the Earth, and which you call forth around each other or into conditions of the outer world, just as powerfully as you recognize the reality and power in a flashlight: the power of light.

And to bring this to your attention in a way “I AM” quite sure you will feel more tangible is in the experience of the Beloved Mary as She pours those Light Rays to the people who are assembled in that cathedral or around it. The only thing She’s pouring is the Light Rays from the Ascended Masters’ Octave. She’s pouring Her own Heart’s Love, which is the Sacred Fire. She’s pouring the Light Rays to heal the people. She’s using the Light Rays to produce Manifestation; and those Manifestations are very real and very tangible and are anchoring Their Blessings to that Life in that locality which receives Them.

We want you to feel the tangibility of Our Radiation from the Ascended Masters’ Octave at any time you send the Call for help. If you will still the outer, you will definitely feel the Current—just as if you took hold of a highly charged electric wire, you would feel the current. The Light Rays contain the same Electronic Force that comes from the Physical Sun, and They also contain the Electronic Force of Our own Life Streams from the Ascended Masters’ Octave. And it is this Power which We wish you to feel in and around yourselves; and then to draw It forth in Cosmic concentrated Action wherever possible in outer world physical conditions within this Nation, so that when you are aware of destructive conditions and you call forth Fiery Christ Blue Lightning Purity, be as fully aware of that, and know It is as tangible and real as any flash of lightning that you see in the sky, or that sometimes comes down in and around a tree and produces certain manifestations.

We want you to feel the Tangibility, the Reality, and the Power of the Light Rays for which you call! Now the Power that flows forth through your hands at all times is your own Life; and whatever is constructive that is accomplished through your hands is the Release of some Activity of the Light Rays from the Causal Body that stands above you. Whenever you want Power in the physical world to accomplish something, try to remember, as you make your Call to your “Presence,” your “Mighty I AM Presence” to release through you the Power to accomplish something, there comes forth immediately from the Causal Body—the Higher Mental Body within that blazes instantly a Light Ray in and around you. And that is visible, tangible Light at the Inner Level. It is a tangible Current of Energy; and It is charged with Eternal Perfection, because there isn’t anything else in the Causal Body.

There isn’t anything but Perfection in your Electronic Body or the Higher Mental Body. Therefore, when you call for Assistance to come into your physical conditions, always accompany the Call with the picture and the acceptance that the Answer to your Call is held within the Light Ray from the Causal Body, or a Projection of the Heart Flame from the Higher Mental Body—or the “Electronic Presence”—because the Projection of that Flame is a Flash of Love that comes from the Heart of the “Mighty I AM Presence” and the Ascended Host into your physical body to fill and surround you, and then to flow forth into the condition that needs correction, or for the construction of something that is constructive.

In the use of your own Life and the Life of Our Love which We have offered to mankind to overcome conditions in this world, there has not been the Ascended Masters’

Comprehension within the intellect of just how much of the Light Rays are constantly being poured into the physical octave of Earth by which you accomplish constructive activities. But from tonight I trust We will make this clear enough to you and remind you of It often enough, that whenever you ask for anything, that you ask your “Mighty I AM Presence” to manifest or fulfill in your Calls, you will accompany that always with the recognition and the picture of the Light Ray or the Sacred Fire flashing into the condition to correct it, or to create something that is constructive, something that will bless everyone.

Now this Power is everywhere in the atmosphere of Earth because there is energy everywhere in the atmosphere of Earth. And that which you know of as the Light Rays from the Ascended Masters’ Octave, from Our Temples of the Sacred Fire, or from the Higher Mental Body of each Life Stream—It is not only Electronic Force. It is the actual Life Essence of the Ascended Master or Cosmic Being giving the Assistance. It is also the Life Essence of your own Electronic Body as It pours the Light Rays through the Causal Body, to pour forth constantly into the atmosphere of Earth the Purifying Activity of the Sacred Fire’s Almighty Presence in the atmosphere in which you move. Now this goes on all the time from the “Mighty I AM Presence” and Higher Mental Body of every Life Stream embodied in this world, and that is a certain amount of Purification that is constantly going forth to sustain the Life Streams of this world in constructive action.

When there are conditions of the outer world that are so vicious and so destructive, sometimes seeming to increase, don’t miss the opportunity and don’t hesitate to call forth whatever Fiery Christ Blue Lightning Purity stops the existence of anything the sinister force intends. This will

prevent many destructive things acting. But more than that, it will give your own “Mighty I AM Presence” and the Ascended Host an Open Door through which to expand instantly certain Activities of the Sacred Fire which We are directing for the Purification and sustaining of what is constructive within this Nation. This Nation must be protected against the mass destruction of the outer world. And part of that Protection is your responsibility to call into every condition of the physical world whatever Fiery Christ Blue Lightning Purity or Cosmic Light Substance We know controls the condition or Annihilates it or replaces it by Perfection.

And now when We come to the effort which We make to protect each Life Stream as much as the Cosmic Law permits so that We hold you in constructive action as much as possible, We want you to realize that when you do not use the constructive activity of your own Life or that of the Ascended Masters, then what you do use in physical conditions that produces discord, you are using the life of the sinister force. And this is the danger point. That is exactly why the Master Jesus said, “Even though you have done it unto the least of them, ye have done it unto Me.”

This is why it is imperative that the “I AM” Student Body understands that wherever something comes to your attention that is not constructive, immediately call to your “Beloved I AM Presence” and to Us to release what We know takes it out of the Universe. And then as you hold the picture of the Light Rays or the Sacred Fire, the Violet Flame, or Fiery Christ Blue Lightning Purity coming into the condition, you not only will protect yourselves; but you will build a momentum of this which is part of your mastery. It is the continuing of the Concentration in and around your physical bodies of certain Powers from the Ascended Masters’ Octave

that We want to concentrate around you from time to time in order to accomplish, by Radiation and by the Power of the Silence, what you cannot accomplish by the spoken word. This is far more important than anyone understands at the present time. It becomes a Sun Presence around you that can be made as solid as steel. This, maintained by your own Life energy, your own Call, by your own Free Will, then enfolded or amplified by Our Life, Our Light Rays, and Our Sacred Fire, becomes the momentum you need to stand up against a mass accumulation of energy that is destructively qualified.

And more than that, It is the Master Control of the Powers of Nature and Forces of the Elements. And this is one reason I bring It to your attention tonight, because in the changing conditions of the outer world which are going on constantly, there needs to be an awareness of Our Life's Energy, Our Sacred Fire, and Our Light Rays, and the Substance from the Ascended Masters' Octave blazing in and around your physical bodies all the time; so wherever you go, you are aware that you are abiding within this. This is far more important than you understand, because when We offered you Our use of Our Ascended Master Consciousness, It is the use of Our Life. It's also the use of Our Momentum of Power, and It's also the use of Our Self-control. And this is what you must have in the unascended state to keep you from accepting many suggestions of destructive conditions that are simply in the atmosphere in which you move and are constantly being projected against mankind by the sinister force. And that sinister force is the concentration of all the destructively qualified energy mankind has used past and present.

Your Invincible Protection depends on the amount of awareness you can keep in the outer intellect, as well as in

your feelings, that the Light Rays for which you call are flowing all the time into the atmosphere around you. And the Sacred Fire for which you call and which We have offered is also pouring Our Life in and around you; for I assure you, if We were to withdraw the enfolding Radiance of Our Life and Our Love from you tonight, you would not exist by this time tomorrow night. You are living now on at least ninety percent of the Life of the “Mighty I AM Presence” and the Ascended Host in this physical octave. And what your own “Mighty I AM Presence” is pouring to you is only a small proportion of what the Ascended Masters and Cosmic Beings are pouring to enfold you, individually, in order to keep this mass pressure of the sinister force from absolutely overwhelming you.

And this is the thing that is necessary to remember: Your “Mighty I AM Presence” is All-powerful, and It will pour forth through you anything and everything that is right. And It is all Power of both the Sacred Fire and the Cosmic Light Substance. But when you understand that the individual’s Life Stream does not have as much energy in it as the whole mass accumulation of the evil mankind has created, you will understand why you have to have the mass accumulation of the Ascended Masters’ Octave to enfold you, to strengthen you, and to help control you. And so this is necessary in order to understand what forces you are facing in outer world conditions. And when mankind’s anger reaches a certain point en masse, there must come something to consume it swiftly in outer physical conditions, or it spreads and mows down the masses of the people and they have no protection against it.

You, if you will become aware of this Protecting Presence around you—of Our Luminous Presence, Our Sacred Fire

Presence, Our Cosmic Light Substance, Our Sacred Fire, everything We have called to your attention—if you will feel that you live, move, and have your beings sealed within Our World of the Sacred Fire and Cosmic Light, you will hold the picture of this Sun Presence around you, or the Heart Flame of Our Life in and around you. And that is the reserve Power that you can use—for suddenly, in a moment of crisis to hold Protection, or that you wish to use to create something constructive or which you can use to send to some of your loved ones: Protection or Healing or Assistance or whatever is necessary to be the Strength of the Light in and around the individual to stand against the mass pressure of discord mankind has generated.

There is Limitless Power in the Universe to overcome mankind's evil! The Ascended Masters have more Power in one Temple of the Sacred Fire than all mankind's discord put together. But We may not intrude It; and if individuals are going to be enfolded in Our Protection and Our Control of physical conditions, then there must come the establishment of this momentum around you. Now this exists within your Tube of Light and outside of It and within the Wall-Pass-Not of Blue Flame. This is the accumulating Powerhouse of the Power We are loaning you to go through the experiences of the present time in the outer world and enable you to hold your own against destructive forces. But We cannot do it; We cannot give Our Life and Our Sacred Fire and Our Cosmic Light Substance for the use of the outer personal self if it's going to dominate and whip everything that crosses its path when it can't have its own way. These are two opposites. They are the extremes of the use of energy.

So for your own Protection, your own Safety, your own Healing, your own Victory, it is necessary to train the intellect

to hold the picture in the mind that is the Ascended Masters' Heart Flame that is the Power around the outer self that enables you to fulfill your Calls, or that enables you to give help to anything that is constructive, so you keep remembering that It is the Sacred Fire that is producing the Perfection, or the Cosmic Light Substance that is changing conditions. There must come the habit in the intellect of holding the picture of the Sacred Fire and Cosmic Light fulfilling the Call.

And your Calls are not fulfilled except by the use of the Sacred Fire or the Cosmic Light Substance. It matters not whether mankind understands the Law or not—has nothing to do with it. The Great Cosmic Law of Creation is the same throughout infinite space. And the Great Sacred Fire of Perfection without limit which is Love to Life—It's the Life that loves to create Perfection, loves to sustain It and expand It, that It may carry Its Happiness to the rest of the Universe. And that Perfection is the condensation of the Cosmic Light Substance into the things of the physical world.

Now this which We are offering you and asking you to visualize and hold the picture of It within your mind, is a *thing*; and I want you to feel this tonight. It is just as visible and tangible a thing as your automobiles. And when you get this to a certain intensity around the physical body, destructive forces won't be able to come near you. It can make you visible or invisible, depending on the need of the moment; for the Higher Mental Body will control It. And the Ascended Masters who give this Sacred Fire into the physical octave give It in and around you for you to use to help save the Nation. This is far more important than anyone understands from the intellectual standpoint. The Sacred Fire We have offered and the Cosmic Light Rays and Cosmic

Light Substance We have offered is the Unlimited Power and the Invincible Power needed by unascended mankind to overcome the destructive forces that are trying to destroy or desecrate anything and everything in this world.

So when We have asked you to use Our Ascended Master Consciousness, it is for more than one reason. Now when you feel that sometimes you haven't conquered the habits of the outer self the way you want to, stop a moment and replace everything by the Ascended Masters' Sacred Fire Consciousness. We want you to understand what Our Sacred Fire Power is in Our Ascended Master Octave. Then open the way for Us to pour It in and around you to let It control things in this octave like It does in Our Octave. And if We can have this cooperation from you, I'll assure you, We can clothe you in Power that you have never yet experienced.

It was not idly, I assure you, that We offered you the use of Our Ascended Master Consciousness; and Our Consciousness contains many things that your intellect never understood and never heard of. But if you want to know what is required in the physical octave to make you Victorious over all in this world or to give to your Nation what helps to protect It against the destruction intended by the sinister force, then you must use the Ascended Masters' Consciousness to do it, because your own consciousness doesn't have as much energy in it as the mass accumulation in the Nation of that which is destructive.

But when We have offered you Our Consciousness of Mastery, Our Ability to wipe out everything that's destructive, I assure you, there will come into your emotional bodies with that a certain Obedience and certain Self-control that will enable you to keep from giving your energy into outer world conditions that are destructive and letting the sinister force

go on with its desecration. We have offered and offered and offered, and We've talked about Love all down through the ages. The Ascended Masters and the Cosmic Beings in every age have given and given and given millions of Miracles and Manifestations that are positive proof of Our Reality, Our Presence in the Universe, and Our Power to overcome any destructive condition. So from tonight, if you will feel and see and ask Us to make you Our Focus of the Sacred Fire in and around your physical bodies, that We know you're going to need, to stand up against destructive forces in the outer world until Purification takes place. The destructive forces don't argue with Us, but We cannot protect people against their own will; and when people will to be discordant to someone else, then We must take Our Hands off until the reaction takes place.

So from tonight, since this is the 36th Anniversary of the first Dictation of the "Mighty I AM Presence," it is far more important than any of you unascended human beings recognize tonight. If We had not brought this Knowledge at the time We did, your Nation would be a shambles tonight. There wouldn't be anything in this world worth living for at this hour. So there is more that We have given than just appears on the surface.

There is no balance for Perfection. There is no balance for the saving of a nation or a planet from the destruction mankind has generated. So it doesn't make any difference what is required to save the Nation or save the world. It can only be saved by the Sacred Fire or Our Cosmic Light Rays or the Cosmic Light Substance from the Ascended Masters' Octave, because there is not enough Purity in the unascended conditions of this Nation or this world to save the people. Therefore, whatever Power is to come to the

Assistance of individuals, or nations or groups of individuals, must come from and be enfolded in Our Sacred Fire Life. And that's why the Master Jesus said, "I give My Life for the Redemption of the world."

From this hour henceforth, I hope We may have the opportunity to blaze in, through, and around you what We know you are going to require. And if you will trust Us that far, you will never have cause to regret it. When you keep calling forth all the Sacred Fire from the Ascended Masters' Octave of Eternal Purity that We know will save the Nation, and you make that Call, you just give us an Open Door through which We can pour forth another River of that Sacred Fire's Purity to go forth and consume destructive forces that are threatening absolute destruction.

We want you to realize that We have given you the use of Our Intellectual Consciousness when We offered you Our Ascended Master Consciousness. We are offering you, and We have given you Our Control of Our Feeling World; and this is more Powerful for your Assistance than you understand tonight. It's your own feeling that has disturbed you; and when We've offered you the use of Our Feeling, it is to be Master of the disturbance that has been created within yourselves or around you. So don't forget to use Our Ascended Master Feeling, Our Ascended Master Consciousness, Our Ascended Master Forgiveness!

And now I come to the main purpose of My Presence with you tonight. If you'll ask Us to forgive mankind, or you call Our Ascended Master Consciousness in and around you, It contains Our Forgiveness to all the discord of the world. And sometimes when conditions are vicious and you feel you can't forgive them, then call Our Ascended Master Forgiveness into those conditions and the release of what

We know dissolves and consumes all human selfishness and discord from the planet forever. Therefore, if you were to give the Decree, or call to Us to blaze Our Ascended Master Consciousness that dissolves and consumes all human selfishness and discord, all inharmonious action and human consciousness—what We know will do it—then you open wide the Floodgates to many Activities of the Cosmic Light from the Ascended Masters' Octave of which mankind knows absolutely nothing tonight.

There are Forces in the Universe, there are Forces in the atmosphere of this world, there are Forces in the Ascended Masters' Octave, of such terrific Concentration of Electronic Force from the Great Central Sun and the Physical Sun, that can stiffen all mankind on the planet in an instant. And it is part of this that "I AM" calling to your attention tonight, so you can open the Door and ask Us to release whatever We know will Annihilate the hordes of evil and overcome the destructive forces imposed on the Powers of Nature and Forces of the Elements before they do the damage that otherwise would break loose.

So again We come to remind you to use and call forth in and around yourselves Our Ascended Master Consciousness, Ascended Master Feeling, and Ascended Master Obedience to possess and rule and hold control of everything you do in the physical world. And, My Dear Ones, if you'll only try this out systematically for one day, It will prove Itself to you a thousand times more than all the talking in the world will do. Your own experience and your own overcoming of destructive forces by the use of Our Concentration of the Sacred Fire is the only thing that will prove to you inside of yourself that there is the Power in your Life to call into this world what Our Life can give to save it.

So from tonight I hope you will be reminded frequently to not to try to do anything except by the use of the Ascended Masters' Consciousness, the Ascended Masters' Feeling, and the Ascended Masters' Obedience. Then you can't make mistakes. You won't have problems; and if you're handling the remnants of problems from former mistakes, you will find they will be more easily consumed. And there are many, many, many solutions for your problems today that are contained within the Ascended Masters' Sacred Fire Love that mankind knows absolutely nothing about and has never even experimented with them. We are offering you Power unlimited; and We want you to use It, because We want you to keep so busy using this that you forget to create mistakes or problems, and wherever you go, there's only Victory ahead of you.

And this is why Mighty Victory offered you His Victory of Hundreds of Thousands of Centuries of Victory. That's His Ascended Master Life, His Ascended Master Love; and how many of you or unascended mankind can love as much as Mighty Victory can? And therefore He's offered you the Victory of His Love which is Master over everything in this world. When you feel that you can't love a condition into Perfection, or people are so mean sometimes you feel you can't pour anything good to them, turn your back on it, and ask Us to pour what We know will Annihilate it from the Universe. And then you can forgive your enemy, so-called. And when you learn to use this, you will be so busy calling this into everything you do that your own world will just automatically be Our World of the Sacred Fire.

And then your Decree to "Keep all the hordes of evil away from Us!" will be fulfilled every day by your own Call. Then you give Us a chance to expand that which you

“Presence” is drawing forth through you. And We can expand It by every Activity of the Sacred Fire that goes forth and protects that which is constructive in outer world conditions, and helps one Life Stream after another to be taken out of the clutches of the sinister force. And without that Law of Forgiveness, My Dear Ones, you do not and will not have anything constructive. It doesn't make any difference about all the theories on Earth. There's only one thing that will overcome human creation, and that's the Ascended Masters' Sacred Fire Law of Forgiveness and Consuming Flame of all inharmonious action and human consciousness.

So when you ask Us to forgive the thing that is wrong and pour into it whatever will Annihilate it, We can do many, many, many things through you in the physical octave by Radiation alone that will compel evil to cease to be. And this is part of the Fulfillment of your Call—and those Decrees you have sent forth will be fulfilled. Now this is vitally important as you are facing this coming election. The forces of viciousness are so rampant in the outer world that everywhere you turn there is some suggestion of something destructive; but when you call to Us to flood into it whatever Sacred Fire Forgiveness dissolves and consumes all the hordes of evil that want to wreck this Nation or destroy It, then whether it be an election or in your colleges, or what it is in the outer world, call to Us for whatever We know will Annihilate it. You don't always have to know the exact, immediate thing that is needed to control a situation, because We have many, many, many ways of flashing the Sacred Fire from Our Octave—and none of mankind can know where It comes from.

So We offer you Unlimited Power; and this is the only permanent solution of any problem you have in this Nation today or the world. And when war is every day increasing

the hatred in the atmosphere of Earth, then call to Us for the Release of whatever We know will consume all the hatred in the world. Give Us a chance! Mankind is so busy doing just what it wants to do all the time this way, constantly, it doesn't even look to the above to call forth for any length of time what will overcome these conditions and wipe them out and let the Ascended Host have Command of the physical octave long enough to purify it.

So from tonight, if you will use Our Momentum of Our Feeling, you won't have to fight somebody else's feeling. You call Our Feeling—whatever Feeling We know will master the situation—call It first of all into yourselves, and then into the condition; and let Us have the opportunity to consume as much as possible and as quickly as possible the destructive forces before your election takes place. This is very vital for this Nation's security. And it's very vital for the Peace of the world.

So if enough people would only use the Sacred Fire of Our Indestructible Purity, the Sacred Fire of Our Ascended Master Feeling—and Our Ascended Master Obedience, because We give Obedience to the Law of the Great Central Sun—mankind would not have to struggle under these conditions of the outer world that are wholly destructive and are getting worse all the time, unless this takes place through some unascended beings. So We are pleading with the “I AM” Students, as many as possible, to draw this forth into every outer physical condition. Just your Calls—if enough of you would call for what We know will overwhelm every destructive force, then the Cosmic Law can flood through between two seconds enough of the Sacred Fire to stiffen into inactivity every destructive force until it is consumed.

So one more thing: Please keep making the Call for the release of whatever We know Annihilates every destructive

etheric record on this Earth and in mankind, and let Us see what We can do before the election. Sometimes, when We have all this Power without limit in the Ascended Masters' Octave—more than the whole System of Worlds contains, because It comes directed from the Great Central Sun, and We can flood It without limit into the physical world—and then people are only concerned with what they want to do; and We must stand and wait and watch mankind crucify itself because they won't use the Help We offer to set the people Free.

From tonight, if you'll use this same Decree for yourselves, ask your “Beloved I AM Presence” and Us to blaze in, through, and around you whatever We know will make you Victorious over every destructive condition—blaze through you what We know will keep the hordes of evil away from you, blaze through you what We know will overcome every limitation within you. We are not without Power! Our Power is Absolute, Limitless, Invincible, and forever expanding. So from this hour, again We plead with you to use Our Sacred Fire Love and Indestructible Purity, and hold Possession and Control, and compel Peace, at least where you abide.

There's only one Mastery in the Universe, and that is Our Sacred Fire Love. The Light Rays are part of that Love. But when people are struggling here in the physical world under human feeling—and We have offered Our Feeling of Love and Peace and Purity to take its place, and they won't use It! We are trying to save mankind from itself. So from this night, no matter what your problem is, if you will open the Door and let Us blaze what We know is needed in the physical octave to overcome every destructive force wherever you abide and keep it out of your pathway, keep it away from you, keep it away from everybody under this Radiation,

We can bring Help to the Nation and to all the nations, to everything that is constructive within every nation. We can give Protection to that which is right, and We can make it Victorious. And there can come Miracle Manifestations to which We have referred again and again, visible and tangible to everybody and everything that lives on the Earth, that We can produce in the Heavens, in the atmosphere, on the Earth, and through the Powers of Nature and Forces of the Elements. We can produce Miracle Manifestations that not only reveal Our Presence and prove Its Reality and Its Power, but reveal the Mastery over destructive conditions that you must have if you are going to survive.

So from tonight if you will accept Our Love—if you will only use It to solve every problem! And when conditions seem in turmoil, don't be at each other's throat. Please don't try to solve things from the physical side without calling Our Ascended Master Consciousness, Our Ascended Master Feeling and Ascended Master Obedience of what We know will solve the problem and make you master of circumstance instead of feeling you are weighted down by conditions from which you cannot free yourselves.

There is no such thing as not having Help to free yourselves if you will use Our Ascended Master Feeling. And Our Ascended Master Feeling is Our Love, and It's Our Purity, and It's also Our Absolute Fearlessness. It's Our Control of the Powers of Nature and Forces of the Elements. And if you are going to have Protection against conditions of the outer world in those channels, then you've got to have It by Our Sacred Fire Protection. So when you want Protection, call forth Our Ascended Master Sacred Fire Protection—all the Sacred Fire We know is necessary to protect you, all We know is necessary to strengthen you

and make you Victorious, all We know is necessary to guard you and take you forward to give assistance to others, and to pour forth through the Nation whatever compels the Purity that is Its Freedom.

So from tonight, Blessed Ones, I hope I have made clear to you why We offered you the use of Our Ascended Master Consciousness. It's Our Life. And when you think of It, remember, It's just as tangible a thing as your automobiles. It is this Flame within and around you We want you to use and accept, be aware of It, constantly, and give Us a chance to expand It, expand It, and expand It around you. And then It can go forth to protect others as well as yourselves. This isn't just for your own personal convenience. This is for the Blessing of all that is constructive, your loved ones, and everything that affects your Nation.

So don't battle political filth. Ask Us to release into it whatever Sacred Fire We know consumes it. And then let the Cosmic Law take Its course and release what is necessary to save the Nation. This Nation is the Heart of the World; and I said in the beginning, I have loved this Nation a long, long, long time. Long before It came forth as the United States of America, I have loved the Life Streams that have formed this Nation. I have loved the part of the Earth where you abide, and I have loved It for a very long time. And if you will use My Love to save the Nation, you will not find Me wanting.

So from tonight I offer you all My Heart can give, and so do the others of the Ascended Masters and Cosmic Beings. And may the fullness of Our Ascended Master Sacred Fire Consciousness of Love and Feeling and Obedience and Purity and Peace blaze Its Victory everywhere and sweep everywhere like a tidal wave and still into Annihilation that

which seeks only to destroy. So when We offered you Our Miracle Mantle of Love's Mastery, It's no figment of anyone's imagination. It isn't just a mental concept. If you were to accept this and recognize It every day, then someday when you least expect It, It could become a tangible Garment that you can wear just like you wear your physical clothes. I can precipitate. I have done It many times. I expect to do It many times more.

So from tonight, if you want Our Ascended Master Miracle Mantle of Cosmic Light Substance and Sacred Fire Love, Ascended Master Feeling and Ascended Master Obedience, It is Our Ascended Master Balance. And that's where the Beloved Goddess of Justice, in the gigantic task that is Hers of rebalancing the world and all that is upon it, will appreciate every Call you give, to call forth whatever Sacred Fire Love, Purity, Feeling, and Peace brings balance, at least where you abide. And you will never have cause to regret it. And if you will just let that Sacred Fire come into the physical octave and bring about Purity and balance once again, there can only come back to you the Freedom of Eternity which "I AM."

May My Miracle Mantle of all My Love can give and Its Invincible Armor of Eternal Protection clothe you from tonight in whatever Sacred Fire Purity, Feeling, Love, and Peace makes you Master over every destructive force, and pour forth to the Nation what takes It out of the clutches of the hordes of evil forever. With My Love I enfold you, with My Armor I clothe you, and with My own Heart's Flame of everything the Sacred Fire can give I enfold you tonight and offer you Its Power without limit until you come to Us for Eternity. And may I ask your own Heart's Flame to love the Nation of My Heart that I want to save and raise

into the Ascended Masters' Octave for Eternity.

So the Heart Nation of the World needs your Hearts' Love and everything the Sacred Fire can give until the hordes of evil are removed from the Earth for Eternity. And there must come Love from the world to the Heart of the World if it is to survive; and I assure you, it is. So from tonight, My Love is ever the Sacred Fire's Eternal Freedom from human creation; and the Eternal Divine Justice and Balance of the Ascended Masters' Consciousness and Feeling and Love and Obedience does bring Peace. And your loved ones in the National Defense and Civil Defense shall yet be enfolded in Our Sacred Fire Love that keeps them safe until the fullness of the Ascension. I enclose you in whatever Sacred Fire Love gives you your Ascension in this embodiment without fail; and if possible, the Original Divine Way. Thank you with all My Heart.

## BELOVED GODDESS OF LIBERTY

---

Dedication of Statue of Liberty

October 28, 1886

**M**Y TORCH on the Statue of Liberty in New York Harbor is not there by accident. It is the Power of the Sacred Fire, the Radiation of whose Light, lights the way for those who seek Freedom within the Heart of the World. So, Blessed Ones, the Cosmic Focus of the Sacred Fire drawn within and around that Statue, I assure you is . . . as Real as reality can be!
