Beloved Ones of the World's Heart, for such you are: Let Us enter in tonight to the understanding of the Heart Flame of your "Blessed I AM Presence," of Us, and of the Great Central Sun. You know, within the Heart is the great Treasure House of all the Secrets of Life, all the Powers of Light. All the Love of the Universe abides within the Heart Flame of Life, and each Heart Flame is but an Extension of the Flame of the "Mighty I AM Presence" in the Great Central Sun. You are a part of the Heart of Creation. In your Heart is the Secret of everything you could ever want to know. Through the feeling of the Love in your Heart, you can reach to anything in Creation—to the Heart of the Central Sun Itself, through Love, and draw back to you the Secrets of the Heart of the Universe, the Secrets of Life, the Secrets of Power, the Secrets of Light, the Secrets of Love.

Now "I AM" going to bring this very close into your own individual lives. You know, when some of your children were little children, your Heart wanted to do so much for them—everything that was good, everything that could give them Happiness and Perfection and Protection. Your Heart wanted to do that for the Life of your Heart that you loved. And the child, as time went on, learned more of what was in your Heart for the child; and Love responded to Its Own. And your Love has guarded your children as

time passes into Eternity, and your children's Love to you has carried you forward in the Expansion of the Love of the Universe.

So tonight I offer you the Radiation, the Flame, the Love, and the Powers of My Heart's Love, My Heart's Life, My Heart's Flame. And if you want to know how much I love you and what I want to do for you, ask your own Heart to tell you what My Heart wants to give you; and your Heart shall know all the Gifts that are in My Heart. Your Heart shall feel the Happiness of My Life and My Love. Your Heart shall have the Expansion of the Power of My Sevenfold Flame of Life in Its Great Activity to this System of Worlds. Your Heart shall know what is in My Heart for you if you will ask your own Heart's Flame to reach to My Heart through Love, and teach you what is there awaiting your use—a Gift I have already given to you, a Power that is Infinite for Eternity, and Happiness that nothing can destroy.

My Gifts of My Heart's Flame are very wonderful for you. You do not know how much My Love can do for you. You do not know what awaits you in the Love of My Heart's Flame, but you can know if you ask. Your Heart's Flame will tell you in no uncertain terms the Power and the Gift and the Light that the Love of Life can bestow upon you—and that the Power within your own Heart Flame, that can reach to Me and receive each day more than you can use. It is a very wonderful arrangement of Life, I may say. (*applause*)

Therefore, My Dear Ones, if you will remember Me often and call this into yourselves and call It into your Nation as the Heart of the World—the Flame of Life in your people, since It is the Heart of the World, can reach and call to Me and understand what the Heart Flame of each one of the Seven Mighty Elohim can bestow upon the Nation of

God's Heart, the Nation whose Sacred Fire must purify and save the Earth from the shadows that have no right to live anywhere in the Universe; for the "Great God Presence," the "Mighty I AM," never, I assure you, created the shadows of the hordes of darkness. That is not by Divine Authority that they exist; but by Divine Authority, they can be compelled to cease to be. And that is what I want you to understand tonight.

I want you to know the Command in the Flame of My Heart to the hordes of darkness to be gone. I want you to feel this, to know the Authority which it is your right to use for the Freedom of your Nation, and to demand Purity throughout Life everywhere. You have the right to demand, and the Authority to command comes within the Heart Flames of both your own "Precious Mighty I AM Presence" and those who are the Governors of the Earth and this System of Worlds. From the Heart in the physical body, from the Permanent Atom within that Heart—from within the Flame in that Atom can go forth to the Heart of Creation, can go forth to the Greatest Attainment in the Universe your Heart's Call for Assistance to the Heart of the World to free Life.

And that is what I want you to know tonight as part of what My Desire in My Heart is for you. Then your Desire for your Nation's Freedom becomes the same Wave of My Love passing out to those Life Flames within your Nation who are strong enough to be the guardians of God's Gifts in this Land. There comes from within My Heart Flame a Power from the Heart of the Great Great Silence that is the Violet Flame Stillness that can hold destructive forces immovable if they try to approach. And this is one of the Powers I wish to extend to you if you care to accept and

call and use It. (*applause—audience rising*) Thank you, Precious Ones. Won't you be seated, and just remain so.

Beloved Ones, It is the Eternal Perfection of Life within your Heart that is the Desire in you to save your Nation, to love God, to want Purity and Perfection, and to want Eternal Freedom for Life in this world. That Consciousness comes forth from within your own Heart Flame, and that has not quite revealed Itself to you. You have had the Desire, but you did not know from whence It came. You have been many times thinking that It came from the Heart of your "Presence" and from Us, and true, It has; but may I say the root of It is in the Permanent Atom of your Heart, the Eternal Flame of your Life in your Heart. I want you to become aware of this, because from within that Heart Flame must the Command go forth—that that which is of God must be Victorious in your Nation. That which is of God in you must be Victorious, must be allowed unconditional Freedom through the outer self, to produce now those Activities that hold Protection for that which is constructive.

I want you to become aware of the Command in your own Heart Flame. If there is any uncertainty within your mind, ask your "Beloved I AM Presence" own Heart Flame and the Heart Flame of each of the Seven Mighty Elohim, to tell you and teach you and make you know and make you feel the Power within the Heart of Life, the Command within the Heart of Life to all Life, the Authority within the Heart of Life over all energy—and may I say to you, the Victory in the Heart of Life, that by Its Everlasting Love commands with Authority; and Freedom is manifest forever. And I want you to feel that. That is the Desire of My Heart's Flame for you. And your Heart's Flame can

reach to Me until the return Outpouring is so terrific that It floods your Nation, and your Nation can flood the Earth.

Give Us the opening. Even though it be no larger than a pinpoint, yet shall there come the Flame that can cover the Earth. And I want you to know this. I want your Heart Flame to know what My Heart Flame wants for you. And then together We shall make the Heart Flames within the people know what God wants for this Land until the hordes of darkness are forced to be forever purified. The Heart of the World must understand God as Master here. The Hearts in the people must want God Master here. And the Hearts of the people must understand God is All-Authority in the Land if the hordes of darkness are to be removed.

You have entered in with Me tonight into the Command of the Heart, and Its Authority shall be known if you will use It as I have explained. Understand It is the Power of the Great Great Silence. And as you draw the Power of Its Flame into outer action—mark you, the Invincible Honor Flame of your own Heart, the Invincible Honor Flame of My Heart into the physical conditions of this world—you will find the Command of the Great Great Silence will act for you. In the Stillness will things be done without a spoken word, and that is the Authority and the Harmony and the Power of Our Love to Life. Then the Great Love of which We have spoken becomes more to you and means more to you than a mental concept or a feeling.

The Love of which We speak is the actual Heart Flame in your own physical body, the actual Heart Flame of Existence from your “Blessed I AM Presence” and from Our Octave. And that is Authority. Learn Its Command and have your Freedom. The Heart must hold Command; and until mankind place It first and know the Reality of Its Power, know Its

Everlasting Existence, know Its Eternal Authority, and use It in the physical world—unless the Heart commands, how can Perfection create anything in this world?

The Heart Flame in your own physical Heart drew together the substance of your body. It created you. Then do you not think It is great enough, when united with Our Heart Flame, to create in the Nation that which ought to be? It certainly is! And since the Nation is the Heart of the World, then the Flame within this city, the Flame within the Nation, the Flame within the Hearts of those of you who know the “Beloved I AM Presence,” is One Heart Flame of Life to the Earth. And It must command with Power that the hordes of darkness will bow before and recede. I want you to have this Power, and It must come to save the Nation. It has to come!

When you enter deep within It, again I say to you: ask the Unfed Flame in your own Heart to reach to Us and tell you what is in Our Hearts for you, and tell you what is in Our Hearts for your Nation, and tell you the Power and the Authority of Command which the Heart Flame forever holds. Then when you least expect it will the Miracles manifest, with you scarcely making an effort. This Power can come within you when It goes forth to save the Nation. Our Power of Radiation is beyond anything that the human intellect can understand, but the Flame in the Heart can know in an instant. Because It is One with Our Heart Flame, It can know and feel the Power of that Authority and Its Command to the world, until the Flame in the Heart and the Flame in the intellect are one Flame. And then will you understand what it means to reach into Our Heart Flames and feel your complete Oneness with Us. Then will you know what it means to be clothed with Our Power and Our

Blessings to use in your physical world while you are yet here, and while your main concern in Life is to bring the Acknowledgement of God into the American people, until they will place that “God Presence” first and forever compel the hordes of darkness to be gone.

The Power must come into the Hearts of the people themselves. They may know that things are wrong from the intellectual standpoint, and they may want God and God’s Blessings here to rule; but the Flame in the Heart must be given Command. And that’s what “I AM” pleading for tonight with you. I plead with you: Let the Heart Flame in your own physical body feel Its Oneness with your “Presence” and with Us; and know that Its Command from Our Octave spoken into the atmosphere of Earth must be fulfilled. (*applause*) Thank you so much, Precious Ones.

Now as We enter into the need of the Nation from the standpoint of the Nation as the Heart of the World, the people must be taught that if they are to be saved from the darkness, they must step forward and place God first. So long as they try to solve their problems and ignore the great God Authority of Life, their problems will grow greater. When they are ready to place God, that “Blessed Mighty I AM Presence” first and give It, unconditionally, everything—then will you find that “God Presence” will control down here things that mankind cannot control. They’ll never have their Victory and Freedom until they insist that God, the “Mighty I AM Presence,” be placed first, and that God, the Governor of the Universe, is the Governor of the Land and the Governor in the Heart Flame of everything that lives.

And when that Heart Flame of the people within your borders is allowed Its Freedom—not that It can be bound, but mankind have turned away from Its Presence and Its

use; and when they turn back and want Its Presence enough to use It, they will find conditions of limitation dropping away as mist before the morning Sun as if they had never been. But your Freedom can come, My Loved Ones, by feeling the Command of the Heart. And when your “Blessed I AM Presence” wishes to bring through the outer self the Command of Its own Heart, command the human to step aside, command everything that is not of God’s Heart to stand aside until your “Blessed I AM Presence” has Command of the outer self. And then as It reveals that which It wants you to know, you send your Love to Us, and ask the Authority and the Command of Our Heart Flame come into you, and command your affairs into the Perfection of your “Blessed Presence” forever, so shall It be established unto you.

You have been told throughout the ages, “Call and I will answer. Ask and ye shall receive. Seek and ye shall find. Knock and It shall be opened unto you.” Therefore, when I say to you, ask the Unfed Flame in your own Heart to teach you what Our Heart Flame wants for you, and what the Command of Our Heart can do in you and through you to release the full Perfection of your “Presence” into outer manifestation, It will come as naturally as breathing with a Joy that lasts forever. And that is the Mastery you have sought throughout the ages; and may I say, It has been a fleeting vision most of the time. Now It becomes the Eternal Reality of the Earth and that which is to abide here in the future.

So try to remember the Command of your Heart Flame is Authority to reach to your “Blessed I AM Presence” and reach to Us. Call into physical conditions that which Our Heart Flame wants you to have in this world, and see for yourselves the Magic of Its Power and the Victory of the

Freedom for which you have called. Then you, as the Heart Flame within the Nation, can be the Guardians of that Freedom which comes only when God, the “Mighty I AM Presence,” is placed first, and above every physical condition and need in this world. So let Us go forward, knowing with every fiber of your being the Command of the Unfed Flame in your Heart, which is the Command of your “Mighty I AM Presence” in you to be Free. It is Our Command in you to be Free, when you reach to Us with the Desire of the Heart to know what the Heart Flame of each one of the Seven Mighty Elohim can do for you.

And do not be confused and say, “Well, I thought the Sevenfold Flame of the Elohim was in the head. Certainly, It’s in the head; but It’s also in the Heart, because your Life and Our Life is One Life. And the Heart Flame of the Life of the Universe, the Heart Flame of the Life from the Great Central Sun, is One Heart Flame of which you are a part. Your Heart is a part of that Heart. And may I say, the Flame in your head is a part of the Heart of the Central Sun also. It’s just located in a place where, one day, the Heart Flame in the Heart will arise and expand and the two become One—because They are One in the Great Central Sun. They have come out in Expanding Power, and now with the discord removed, They are One again as was originally intended.

Then mistakes can be no more. It will be quite worth your while to ask your “Blessed I AM Presence,” Its own Unfed Flame in your Heart, to show you the Command of the Heart of the Seven Mighty Elohim, the Heart of the Central Sun—to show you the Command of the Heart Flame—and if you will dare to use It, the Illumination and Explanation and the Answer will come in outer action. You will understand

It by use as you go forward, and It will reveal to you Its Commanding Authority and Power of all Eternity. Go forth and draw It into all physical conditions, and know that the Invincible Honor Flame of God's Great Cosmic Heart is the Unfed Flame in your own Heart. Demand It come forth in physical conditions, and forever place God, the "Mighty I AM Presence," first. And then the Heart Flame has Command; and outer conditions will adjust themselves naturally, because the Love necessary to produce the Harmony will be there in the Invincible Honor Flame of God's Cosmic Heart that you call forth to fill those conditions with Its Eternal Perfection.

So I take you forward tonight, apparently by the hand—but inwardly by the Flame in your Heart will I lead you upward and onward forever, until you, too, one day, can be a Co-Creator with Us of a System of Worlds. And only the Heart Flame from the Central Sun can ever do that or give that Power to you. It is yours for Eternity. Let Its Command now come forth and go throughout the Nation until those who are turning to God will awaken and see the necessity of acknowledging that "Blessed God Presence," the "Mighty I AM," and demanding It be placed first before all human beings in this world.

Let Us go forward and demand the Victory of the Heart Command of Life, and see for yourselves what that means in physical manifestations. I commend you to the Eternal Joy of Its Victorious Use. Thank you and good night.
