MRS. G.W. BALLARD

NOVEMBER 28, 1965

Before we enter into the Call to force the hordes of evil into annihilation everywhere within our Nation and within all that affects our Nation's Destiny, let us demand from within ourselves—let us demand within and around and to all under this Radiation whatever Activities of the Sacred Fire's Love from the Heart of the Great Great Silence are necessary to make and keep those under this Radiation eternally free from all human creation everywhere forever.

In our own discipline as we set the habits of the outer self, let us watch that we constantly keep comparing the outer self, and what it does, with what the Ascended Masters would do if They were here present with us, because that is the criterion and standard of comparison by which we must govern our lives and measure our activities and become like Them. So whenever we have anything to do to keep the outer self reminded of how an Ascended Master would do it—how anyone would behave towards someone else—the

Ascended Masters are our Standards of Behavior. This will enable the Higher Mental Body and the assisting Masters at all times to enfold us in Their Habits that make Their World the Perfection and the Victory and the Power to produce the Fulfillment of the Divine Plan.

And in the course of the correction of our own habits, and so on, if we'll constantly demand the outer self be grateful to the "Mighty I AM Presence" and the Ascended Host, and be gracious to every part of Life, it will make everything easier, because you know yourself, it's easier to get along with people who are gracious than folks who are not gracious. And apropos of this, sometimes we have a regular ceremony when we have a Banquet or we have a meal. I know our Blessing is kind of long, but we've lived a long time in this world wherein we didn't give a blessing to Life or we'd have been Ascended long ago.

Something comes to mind. One of our Students not so long ago heard this explanation of a little boy who was invited to the neighbor's home for dinner one night, and the child at home had always been in the habit of having a blessing before the meal. So when he was a guest at the neighbor's home, he said to the gentleman who was the head of the house, "Don't you say a blessing before dinner?" And the man said no. "Oh," he says, "You're like our dog! You just eat!" (*laughter*) Ever since I heard that story, I thought, well, let's be like the Ascended Masters and not like the dog.

Sometimes, I know people think we have a lot of ceremony, but after all, everything we do has a purpose; and everything we do gives us a blessing, so long as it is something an Ascended Master would do. So when we call forth the Ascended Masters' Habits or the Ascended Masters' Power or the Ascended Masters' Divine Plan Fulfilled, it always

contains the graciousness and the gratitude of the Ascended Ones to whom we are calling. And when our Beloved Saint Germain—sometimes in the past, sometimes in a Dictation, He'd say, "Well, if My humble efforts will help you, I will watch and give you every assistance." Well! when an Ascended Being like Him says, "My humble efforts," when everything He's given us, only God knows how long it took Him to get it through us so that He could give us the Blessing and the Perfection of His World—we, too, must become that same Great Patience to the rest of Life.

Through the centuries these Ascended Beings have waited so long to get enough attention from mankind to receive this Light, and give the Explanation of the Law, and teach the people the use of It, that they might not only help to free themselves, but they might prevent in the Nation and the world the terrible things that the sinister force and the hordes of evil not only have imposed upon Life, but still intend to impose. So those of us who are calling forth these Activities of the Sacred Fire must of necessity constantly compare ourselves to the Ascended Masters. And when we call forth the Sacred Fire—all the Sacred Fire in, through, and around ourselves that is necessary to force the hordes of evil into annihilation quickly, it means we're going to have to live within that Heart Flame of the Sacred Fire Love, the "Mighty I AM Presence," the Ascended Host, the Great Great Silence, and from the Temples of the Sacred Fire.

So we can measure our actions and measure the service we give and our blessing to our fellowman—we can remember always, would an Ascended Master do this thing? It doesn't take a prophet to tell us whether Beloved Saint Germain or Beloved Jesus or any one of the Ascended Host—how that kind of a Being would conduct Himself or Herself if those

Great Ones were to face the daily activities that are our routine of Life. I just bring this to your attention so when we set certain Standards, we have reasons for them. There's always some Action of the Law that is the reason; and if we give obedience, it can't do anything but bless us. So now as we enter into the Demand for all the Sacred Fire from the Heart of the Great Great Silence necessary to force the Purification that forces the hordes of evil into annihilation, we must stay within and be enfolded by the Sun Presence of the Heart Flame and the Miracle Mantle of the Love's Mastery of every Activity of the Sacred Fire.

When you realize how wonderful the Seven Mighty Elohim of Creation are, when you realize that They have, each one, placed the Heart Flame of each one's Life within our brain structure to guard our mentality, to guard the Powers of our minds, that we might at all times receive the Light whenever we want It, then Their Gift is priceless and Eternal and has been without limit! So we, too, must become that same service to Life.
