

DISCOURSE BY

Great Elohim Cassiopeia

CHICAGO, ILLINOIS • JANUARY 3, 1965
RECORD CD 1124

eloved of My Heart, I trust I may bring to you one of the Master Powers of Life this hour that will help to make your pathway easier, make you begin to feel more of the Mastery that We want you to have. In the use of the great Wisdom and the Intelligence of the “Beloved I AM Presence” and all the Seven

Mighty Elohim of Creation and all the Ascended Masters and Cosmic Beings, the outer intellectual consciousness of the unascended mankind must receive from time to time the greater Illumination of the Consciousness of the Ascended Host, because in Our Consciousness is the experience of having passed through the physical activities of this world, and in Our use of the Master Powers of the Sacred Fire, We have been able to control manifestation, produce Perfection, sustain and expand It, and therefore make It Victorious wherever We abide.

The Illumination to the mind that all of you need at this time in the midst of these outer world conditions of chaos, is to call to your “Beloved I AM Presence” for the Ascended Masters’ Control of your time. As you call forth the Ascended Masters’ Control of your attention so you keep it on that which needs to be done from time to time, that is one of the Master Powers of your own consciousness and your Higher Mental Body. But in the incessant demand of the outer world’s confusion, the terrific selfishness that is whirling everywhere in the outer world—the human desire will draw upon individuals continuously to use up the energy and the time of the individual on human conditions instead of letting the Higher Mental Body have possession and control, and produce Perfection out here.

Now Wisdom is the use, the right use of the right ideas at the right time and in the right place, because you might know the right thing to do—you might know the right thing to do in many, many conditions, and you might know it ahead of time. But if you don’t do it at the right time in relationship to the other activities that are necessary to help produce Perfection, well then, you still would not have Perfection—because there is an appointed time, a moment,

which you can neither hurry nor delay, at which the Higher Mental Body or the assisting Ascended Masters pour forth the Cosmic Light Rays or the Sacred Fire or a wave of feeling of the Love from the Ascended Masters' Octave in order to hold substance, energy, and consciousness together in concerted action to act at one moment in perfect cooperation with each other. This is very vitally necessary; and in your use of the discriminating power of your mind, the intellect can be illumined, and you can be made to feel and to see the right thing to do at the right moment to do it.

If I were you, I would certainly charge the outer intellectual consciousness of yourself and others with whom you are either associated, or with whom you have to come in contact in the work of the outer world, and ask that the Ascended Masters' Control of your time and your attention be always flooded with the Ascended Masters' Wisdom and Control that does the perfect thing at the perfect moment. Now if you have in the physical world an orchestra—and your instruments, each has a particular service to render—if you do not have perfect cooperation at the perfect time, you certainly do not have a perfect performance of the music you require. And this is no different.

Try to remember that in the use of Wisdom or Discrimination or the Intelligence of the Higher Mental Body, in the use of your own feeling, there is always the Higher Mental Body's Control and Illumination that will let the outer intellectual consciousness know the right thing and will give the impulse to the feelings to cooperate with it so that you act at the right moment, because sometimes an instant would be too late and sometimes an instant too soon would be disaster. There is the appointed moment wherein perfect cooperation is necessary to produce Perfection. It's

necessary to fulfill the Divine Plan. It's necessary to produce Perfection, to sustain It, and to expand It so It fulfills the Divine Plan. And in the outer world conditions of today that are so chaotic, you need this steadying Power to be called forth in and around your own consciousness, especially the activities of the mind, the intellect, and your feeling. Then you will find, if you will do this, it will control your actions so you act at the right time to protect yourselves many, many times in outer world conditions. This will be a very great safeguard to you.

Now the Inner Action of this which I wish to bring to your attention is that when certain Cosmic Powers are passing through the atmosphere of Earth, either certain Cosmic Beings or certain Activities of the Light Rays or the Sacred Fire, They pass a certain place at a certain moment. If certain conditions are harmonious and are open to receive the Blessings that are being poured forth, then the outer and these Great Cosmic Blessings cooperate, and you receive sometimes in an instant or a few moments what you might have struggled centuries, or desired to attain for centuries. This is how We can give you the Miracles from the Ascended Masters' Octave at this particular time, because these Activities that are passing through the atmosphere of the world, that are coming into this world to render certain Service and to change certain conditions, can give you Their Blessing as They pass by—if you hold yourselves harmonized and in balanced control of your outer feeling and your intellectual consciousness by the control of your attention.

The attention pulls the mind and the attention pulls on the feeling, and it is your attention that makes you act in certain conditions in the physical world. So in that which We wish to give as the Powers of Life which We offer to

mankind, there must come into the outer self the established habit of calling to your “Beloved I AM Presence” first, and then to Us, for the Sacred Fire’s Illumination and Control that let the Wisdom have freedom through the outer self so you don’t make mistakes. You don’t miss the Blessing or the Release of the Power you can have and We are offering, or that you don’t do something that would produce disaster if you don’t act at an appointed time.

If you ask your “Beloved I AM Presence” and the Ascended Host to control your time, control your time absolutely with Ascended Master Control, control your attention by Ascended Master Control, control your feeling by Ascended Master Control, then you will find many times when you have struggled so hard to accomplish something, and delay and obstruction have seemed to prevent it, you will find that is pushed aside; and you will be able to do what you need to do in order to accomplish the Divine Plan’s fulfillment. More than that, in that which you need to do, you will find in many cases, you will do part of it, and something almost like a Miracle Hand will handle the rest of the situation and do for you what you can’t do for yourself at this particular time. (*applause—audience rising*) Thank you so much, Precious Ones. Won’t you be seated, please, and just remain so.

I have another point that I wish to help you with, and it is this: Many times people who have very great courage and are many times quite fearless dash into conditions that We watch for some time before We handle them. Wisdom is the better part of valor, so govern every impulse of sudden feeling and sudden uncontrolled action. Don’t let the pressure of human activities or suggestion make you do something you don’t want to do when you are off guard. This is the

way the sinister force makes people off guard—to suddenly dash in and bring a pressure upon the emotional body that makes the individual do something under that pressure that otherwise the individual would not do. And that’s why mistakes occur.

Calm, poised control of your feeling is the most wonderful scepter of power. You must be ready to act on an instant when instantaneous action is required, and then you must be master of the energy in your feeling when the pressure of human discord would like to make you off guard. You will find—many times when you don’t want to, you’ll begin to talk; and afterwards you’d just give almost anything if you hadn’t. That is a trap of the sinister force; and it is a thing that has been imposed upon the young people of this Land through educational and entertainment channels that are not only silly nonsense, but they are tragic in their effect upon the individual’s Life Stream.

Whatever occurs, hold onto your self-control. If the other people become uncontrolled, “That’s their party,” as Beloved Godfré always has said; but don’t let sudden pressure of energy make you do something impulsively. Balanced control of all the energy within yourselves will enable you to hold balanced control of the energy around you; but if the energy is not controlled within, then you cannot control a greater pressure of energy in the atmosphere about you. So for your own protection, hold a calm, poised control of the energy in your Life Stream inside of you. You are here to learn the mastery of energy, and don’t be tempted under any circumstance to brag about anything. There is no easier way for the sinister force to trap people than, after a Victory has been attained, if the individual exploits the outer self and likes the egotism to be satisfied. There is no quicker

way the sinister force can take your Victory away from you. Now this is the Wisdom which you need to acquire in the outer intellectual consciousness; and it all begins with the control of the feeling, the energy in the emotional body.

Blessed Ones, there are so many things We could tell you. There're so many things We can give you. There's so much We want you to have of Our Perfection if it were safe for Us to enfold you in greater energy than you ordinarily use. But if you do not master the energy within, then you could not master more energy by which you're surrounded, so the great Wisdom of Life provides the balance from the Inner and the outer. The Higher Mental Body is the balancing control of the energy within, and the Higher Mental Body is also the control of the energy in the world around you. And so is the Sevenfold Flame of the Seven Mighty Elohim in your forehead. It is the balanced control of the faculties of your mind, the Powers of your Life; and It's also the balanced control of conditions around you, because We can drop suddenly a Sevenfold Flame of the Seven Mighty Elohim around you. When We see danger approaching, We can expand this Sevenfold Flame and, just like that, drop around you an Action of the Sacred Fire that can either make you Invisible or would keep destructive forces from connecting with you. So It has a powerful, protecting application. It's very, very vital.

When you call forth the Seven Mighty Elohim Sacred Fire Control of all the energy within you and all the energy around you to hold Immortal Protection in everything you do from the smallest to the greatest, it will always enable Us to extend the Sevenfold Flame of the Seven Mighty Elohim around you; and you will move where you go clothed in the Sacred Fire of Our Life, which is Master over any energy in

this world. This is what I want you to have to increase your Protection and to keep you from being off guard. It is very powerful in Its Protecting Presence. It is very necessary to every individual until the Ascension is attained.

The control of the attention is the thing that directs the energy one way or the other. So if you want to hold control of the energy of your feeling, your attention must go back to the Heart Flame of your “Presence”; and there you say, “ ‘I AM’ Your Master Control of my Life! This which is of discord cannot connect with You nor Your Flame in me!” This is a very, very wonderful way to feel a Strength come into yourselves in the outer and just give you a great calm, poised power to accomplish many things in the physical world that need accomplishing, but which can be done harmoniously instead of wearing you out by disturbing your feeling.

The human desire to do a thing is what refuses to go to the “Presence” first. It’s the human feeling that does not even consider for the moment that the “Presence” exists. This human feeling that wants to go right out of here and do things—it thinks it’s the doer and it’s not. The Doer is the Higher Mental Body’s Heart Flame in the Heart and the Sevenfold Flame of the Seven Mighty Elohim in the forehead. It’s the Sacred Fire Presence that is the Doer, not the habit of the desire world in the emotional body. Now you might wonder where that desire comes from. Do you know what it is? It’s a whirl of energy in your emotional body inside and in the atmosphere about you. That is the pull that draws you into certain conditions, and that very often is what draws similar qualities from the atmosphere about you until they reach the point of saturation. And then disaster happens.

It is to hold control of the energy in your emotional body that you must keep aware of—by your Call to the Heart Flame of your “Mighty I AM Presence” and to the Sevenfold Flame of the Seven Mighty Elohim, to come in and hold Control of the energy that is radiating from the Permanent Atom in the Heart. This Radiation of Energy must be controlled and not allowed to be given to the outer world’s discordant conditions.

Wisdom is a very wonderful thing, Beloved Ones. Without It, where would you be? Without your sense of reason, without discrimination, without a memory, without the activity of your consciousness in its awareness of your “Presence” and the Ascended Host and the use of that Sacred Fire of Life in the outer self, if it were not for that, you would not exist. Therefore, train this outer self to be an obedient servant, but never the master. Whenever you want to be master of circumstance, master of conditions, you must go back to your “Presence” and acknowledge that the Sacred Fire of Life is the Master, not the human desires of the feeling world. This is your Protection. This is the Power that gives you mastery over physical conditions. It is the Power of Creation, but It’s also the Power of Eternal Protection. If you’re going to have Protection after you’ve given your Decrees for the Sacred Fire’s Protection to blaze in and around you, if that Protection is going to act, then It’s got to be the Sacred Fire from the Higher Mental Body and from the Seven Mighty Elohim that blazes in and around you, and controls the atmosphere about you so destructive forces cannot break through and touch the body or your consciousness. This is a very important thing.

Now let Us come to the control of the mind. If you don’t want human ideas to be imposed upon you, if you don’t want to accept the discordant consciousness of mankind’s

outer world conditions, then if I were you, I would be aware of the Sevenfold Flame of the Seven Mighty Elohim on your forehead. If you are aware of that and you hold within that the Luminous Presence of any particular one of the Seven Mighty Elohim or your Beloved Master Jesus or Beloved Saint Germain, any Ascended Master—if you hold here the awareness of the Sevenfold Flame of the Seven Mighty Elohim, then whatever consciousness goes forth from you cannot carry any discord to anyone else, and any consciousness coming into you must pass through Our Sacred Fire. In that way human concepts can be consumed so they never are anchored within your consciousness. It's a Protection of your mind against the constant suggestions of the outer world that are wholly destructive and very dominating.

There is no excuse for anybody dominating anyone else, and the human couldn't dominate anyone if the people understood the use of the Sevenfold Flame in the forehead, which is the Life Control by the Seven Mighty Elohim of the individual's Life Stream. Its Protecting Sacred Fire Presence enfolds the Unfed Flame in the Heart and holds control, so you are not at the mercy of the criminal, insane hypnotism of the human creation of individuals in this world. Don't let anyone under this Radiation ever feel that anybody in the outer world—theories or anything else—can dominate you. It's impossible. Once you are aware of the Sevenfold Flame of the Seven Mighty Elohim in the forehead, in the brain structure of your own physical body, you can always have the Protection of your mind by your Call to Us to hold Invincible Protection, and that forever prevents all wrong by the Sacred Fire of the Seven Mighty Elohim.

You can do the same thing over the solar plexus. No one can dominate your feeling if you feel here the Sevenfold Flame

of the Seven Mighty Elohim project down the Cross of Blue Flame, and forbid your feeling world to accept discordant feeling from the world around you. There are limitless means of protecting individuals. Life is Infinite in Its Power and Its Almighty Control of manifestation. Life is Infinite in Its glorifying Perfection; and therefore you are not at the mercy of the criminal, insane hypnotism of communism and the other destructive activities of violence and that which the sinister force has imposed upon the Nation.

So don't accept anything that is unbalanced or discordant or that is not the Immortal Purity of the Ascended Host. These things cannot get into your world unless you open the door of your own volition and either let them in, or you, yourself, create them. You're not at the mercy of destructive forces once you know where your "Beloved I AM Presence" is. Once you know there are Ascended Beings to whom you can call, and once you become aware of the Sevenfold Flame of the Seven Mighty Elohim in your own Life Stream, you're not at the mercy of the destructive forces of the outer world. (*applause*) Thank you so much.

So now when your Decrees go forth, try to feel when you're calling forth the Sacred Love of the Sacred Fire's Immortal Purity, that's a Flame which We direct. When We send forth that Flame, It consumes everything that is not the Perfection of Our Life. So this mass hysteria of silly nonsense of uncontrolled emotions is nothing on Earth but the chaos of the devilish destruction by the sinister force of anybody in the physical world. It is like a tornado. It is but a whirling stream of destructively qualified energy, and it will destroy anything in its pathway.

Would you tell Me what the communistic forces of the world have improved since they think they have taken

over certain nations? What have they improved? Why let them have any further control? When communism starts, it's criminal, insane destruction; it is not of God. Therefore, those of you who know this Law should be alive and alert and awake to the use of the Sevenfold Flame of the Seven Mighty Elohim to prevent whatever is of human consciousness touching your Life Stream, and to forever prevent any human feeling touching your Life Stream; therefore your consciousness cannot come under the influence or the control of anything that is destructive. We are here to prevent that. We've given and given and given; and We'll continue to give, because We are here for Mastery. (*applause*) Thank you so much.

You will find the destructive activities that have been imposed upon the Powers of Nature and Forces of the Elements by the communistic activities and destructive forces of the world—those destructive forces will be compelled back upon everything that is not the Purity, the Balance, the Peace, and the Perfection of the Great Sacred Fire's Divine Way of Life; and these chaotic conditions will consume themselves as We return their own evil back into them. (*applause*) Thank you so much.

So I wish you would think of the Seven Mighty Elohim as the Balancing Activities of the Sacred Fire within your brain structure. We are the Balancing Beings, Authority, and Power of the Control of all Life in this physical world. You may have Our Sacred Fire Control within yourselves, Our Sacred Fire Control of conditions around you; and the Sacred Fire is Master wherever you abide. So when you care to use the Sevenfold Flame of the Seven Mighty Elohim, either one or all of Us, call It into physical conditions. It will flow there just as certainly as you make the Call.

You have been offered the use of Our Life which manifests Perfection and controls all energy. Therefore, if you want to control the energy in the physical world, it would be the part of Wisdom to use the Seven Mighty Elohim's Sacred Fire Control of manifestation. The Seven Mighty Kumaras from Venus render a similar Service. So do the Great Archangels. So do the Great Chohans of the Rays. They are all Masters of Manifestation by the Sacred Fire's Immortal Purifying Love. And so must it be with you.

So as you enter into conditions of the outer world, armor yourselves first with whatever Ascended Master Sacred Fire Purifying Love and Power and Protection is necessary to hold Victory for you within yourselves. First feel the Mastery of the Sacred Fire's Control of all within, and then pour It into the world about you, and you will find discord unable to interfere with you any longer. I commend you to the Armor of Our Freedom, the Miracle Mantle of Our Love. And the Victory of the Sacred Fire is just as free as the air you breathe for you to call in and around yourselves to hold control of conditions in the outer world that otherwise you cannot hold control of. Let Us go forward then and use these Master Powers of Life which We offer.

It's the part of Wisdom to understand what the Sacred Fire is, what It can do, what It has done, and how It is the Master Presence that all may use with never a discordant reaction. So the Master Presence of the Universe, the Master Control of Manifestation, the Master Power of Eternal Happiness, the Master Power of Eternal Freedom, is the Sacred Fire Control by the Higher Mental Body, the Unfed Flame in the Heart, and the Sevenfold Flame of the Seven Mighty Elohim. If you care to use the Powers We offer, the Wisdom of the Sacred Fire becomes for you the Guarding Presence

of everything in your beings and worlds. And wherever you abide, you will not be at the mercy of the conditions that mankind has generated and in which individuals have become enslaved through the centuries and which are now trying to destroy everything that is the Perfection from the Ascended Masters' Octave above.

So go forward and feel the Master Presence of the Sevenfold Flame of Immortal Wisdom from the Seven Mighty Elohim of Creation. You were told long ago, Love, Wisdom, and Power are the Perfect Balance of the Sacred Fire that's absolutely demanded by the Cosmic Law in order to produce manifestations in the physical world that are constructive, sustained, and Invincible—eternally protected. Then call forth the Wisdom of the Seven Mighty Elohim of Creation, the Sacred Fire Wisdom, and you'll find We will teach you what will make you master over conditions in this world. And it's as easy as breathing. (*applause*)

The Sacred Fire Wisdom, the Sacred Fire Love, the Sacred Fire Power, are the Balancing Activities of Life. They are the Activity of the Unfed Flame in your Heart. They are everywhere in manifestation; and to consciously control Them and direct Them and use the Powers of the Sacred Fire placed within you by the Seven Mighty Elohim of Creation enables you to hold the Master Control within and the Master Control without. And the Master Control from above allows the Sacred Fire to come into this world, create Perfection, expand It, protect It, sustain It until It blesses you and all that you contact, and you will not be occupied by creating something that has to be consumed because it but tortures Life. This is the only Eternal Peace there is, and the Peace of Eternity is the Sacred Fire's Almighty Balanced Control of all things.

The Sevenfold Flame of the Seven Mighty Elohim is the Action of the Cosmic Law to maintain order and constructive activities in manifestation in this world or wherever We project that Sacred Fire. So you can go forward clothed in the Power of the Seven Mighty Elohim to master conditions and to forbid human creation existence wherever you abide. Our Love, Our Wisdom, Our Power, Our Intelligence, and Our Mighty Faculties of the Mastery of Perfection—the Mastery of the Sacred Fire that produces Perfection everywhere in Creation clear to the Great Central Sun is yours to use. If you will use It, We can come closer to you; and every time you use It, It will expand in and around you until that hour when there are no more veils between, and you see Us face to face.

Were We to appear now to individuals, most people would be afraid because of the magnitude of Our Power, the magnitude of the Sacred Fire, the magnitude of Our Presence. But you shall not be afraid. As We come closer to you and enfold you in more of the Powers of the Sacred Fire that reveal to you your mastery over physical conditions, will you find the veils between are being consumed and you will begin to live in Our World of the Sacred Fire Love of Our Hearts. And in that there never can be limitation of any kind. So We clothe you in Its Blazing Presence. As you remember It and use It and feel It around you, call forth for Its Expansion, and you shall have the Victory which It is over all in this world for Eternity. Thank you with all My Heart.
