BELOVED LISTENING ANGEL

1956 December 1956

loved of My Heart, in entering into the greater release of the Power We are drawing for your Freedom, try to feel, Beloved Ones, the necessity of dwelling as much as you can, at least at intervals during the day, upon the importance of the Sacred Fire being called into your outer activities. And especially around your loved ones, that which you hold near and dear and are trying to protect and raise into greater Freedom, fail not to call forth the Cosmic Release of the All-controlling Flame of Cosmic Christ Power. Now I have a reason for saying this tonight, because your Love to your loved ones is a powerful protection to them; and sometimes when they are not too receptive to this Light, if you will just hold the silence and call forth the Cosmic-controlling Power of the Sacred Fire, it will perform Miracles for you many times that you can never accomplish with the spoken word.

So it is to bring you greater success in your Calls, to bring you greater Happiness in your affairs and in your families that I am offering My humble Assistance to you tonight, that I may as powerfully as possible protect everything that you hold near and dear, all that is of God's Heart. In the release of that which must come for the Purification of the Earth, the turmoil in the mental and feeling world of the masses of the people is like a cloud around them. They cannot always see what is the right thing to do to protect themselves; but with your Call for more of the Sacred Fire in and around yourselves and outer world conditions, it will be much easier for thousands and thousands of people to be given Protection as you charge these Cosmic Activities of the Sacred Fire into the atmosphere about you and everywhere throughout the world. So We go on and on listening for mankind's Call; and everywhere the Calls

come to Us, Our Love seeks every way possible to bring Assistance to those who are looking Godward at this time.

Blessed Ones, weary not of well doing. You are progressing more than you know; but I dare not reveal too much to you because We want you to not let down on the intensity of your determination to set free that which is of God. If I were to show you too much of your accomplishment, you might rest on your oars; and right at the present time it would not be well for that to occur. There are many, many, many Forces working for the upliftment of all mankind. Unfortunately, there are many working on the other side of that picture; but I assure you, when you armor yourselves and your affairs with the Powers of the Sacred Fire, and you use your own God-given God Authority of the Sacred Fire to do these things for which you call, there is no such thing as failure. Your Victory is as certain as that you have a head on your shoulders tonight. *(applause)* Thank you so much, Precious Ones.

We want to guard you as much as possible and let your Victory come more quickly and be forever expanding. Now I have listened for a long time awaiting one Call after another from the people of Earth. Whenever they call, I have answered. Whenever they will call, I will answer; and there's no such thing as My not replying to the Heart Call of any part of Life. So in urging you a little tonight as the Messenger did for just a little more concentrated action at this time, you will find it will repay you well as time goes on, and I hope won't be too much of a strain on you at this time. If you will stand your guard against the outer disturbance of discord, I will stand the Guard for you at the Inner Level to give you the Strength and the Power to render this extra service for the Blessing of all.

So you cannot possibly lose by assisting Us now. Just feel with every fiber of your being the Reality, the Power, and the

Authority which is yours always to demand with every fiber of your being all Manifestations of the Sacred Fire, all Powers of the Sacred Fire, into outer physical conditions to absolutely prevent that which should not be. You will find yourselves more Invincible against the hordes of destruction, and you will find much of the confusion and struggle passing you by.

A little more intense action right now will bring you many Blessings in the very near future. I do not mean to drive you any more than you did tonight—I think you put out your maximum effort—but I mean just not to let down. After all, We are merciful, you know, (*laughter*) regardless of how ambitious We might become; and We wouldn't for the world do anything that would cause too much strain in any of you. I will watch that, but We do appreciate with all the Love of Our Hearts every ounce of energy that you give at this time in the Calls for the Sacred Fire's Release everywhere into these conditions of the outer world that are so dangerous and so threatening to that which is constructive.

Be of good cheer, and I hope the demand will only be for a few days. We will do everything We can to amplify the Power at the Inner Level, but We need a certain amount of concentrated energy and demand upon the Cosmic Law for the Sacred Fire's Dominion and Release and Concentration in and around you all and your affairs. Then as your Decrees go forth, We will pour the amplification by more Sacred Fire that will at all times guard you. And I mean to guard you in every way against discord, against anything of the outer world that would try to impose more of its limitations upon you.

Those Blessed Hearts in the other countries of the world that are standing with such courage and determination for God—it is the most wonderful thing to see that courage within Life to hold to God in the midst of this frightful human

creation and not yield. I assure you, everywhere possible, every Life Stream possible will be given the Ascension wherever the Light in the Causal Body permits. Who of you can tell Me what you are winning for yourselves tonight in the way of constructively qualified energy that goes into your Causal Body that you have given forth for the Freedom of the Nation and the world? Who of you can tell Me what the Cosmic Law is giving to you? I am not speaking in riddles. Energy acts under Law; and under the Cosmic Law, those who send it forth for the Freedom of Life—those Blessings will amplify and expand and multiply for Eternity.

So, Blessed Ones, you're far closer to Our Hearts tonight than you dream. If I were to part the atmosphere and step through and reveal to you the Sacred Fire's Action in the atmosphere, I know you would be fascinated; but We cannot bring those Manifestations until after the service is given. There are many, many Blessings that will flow to you constantly as you go on and on in the joyous release and use of your Cosmic Authority and Power in calling forth this Sacred Fire into the physical structure of Earth. So, Blessed Ones, go forward with happy Hearts, and know that the Mantle of the Sacred Fire of Our Love does enfold you at all times. Whether you see It or not, It is there about you rendering Its Service; and when you need It increased in Power, that, too, shall come forth to assist you whenever We see the slightest need of Its intensifying Activity. Our Hearts are about you; Our Arms protect you; and the Sacred Fire of Our Realm does forever draw to you all of Its Blessings until your world becomes Our World of the Angelic Host's Love to the Sacred Fire that is all Power, all Mastery, all the Release of every good thing you could ever use the rest of Eternity.

Oh, We want you to have this encouragement tonight, and know that Sacred Fire around you, if recognized and drawn into you, is Health and Strength, Illumination and Blessing to accomplish anything your Hearts desire; for It is Power unlimited and contains always the full Divine Plan's ever-expanding Manifestations to Life. I want you to think deeply on all that these Activities of the Sacred Fire can do for you; and as you call forth one Power after another, will you become aware of how Infinite and All-controlling is the Sacred Fire if you love It and call It into outer action and use It for the Freedom of Life and the Fulfillment of the Divine Plan to raise you all to Freedom.

So, Blessed Ones, go forward. Don't worry about these outer world conditions. The Sacred Fire is surging forward. The Cosmic Cycle is moving in, and the Cosmic Fiat for the release of the Earth from the hordes of evil has already gone forth. (*applause—audience rising*) Thank you, Precious Ones—if you will stand for just a moment. The Hand of God is moving forward in channels that will positively hold control of that which is constructive and give it Protection. So as you move forward, acknowledge your Victory, your Protection, your Freedom, and your world of the Sacred Fire Power that does render Its Boundless Service to Life and lifts all that is constructive up and above that which is of chaos and is to be removed—and We hope in the not-too-far-distant future.

Thank you tonight with all Our Hearts' Love; and may the Mantle of Our Peace, the Power of Its Sacred Fire, and Its Cloak of Invisibility ever abide around you and stand between you until only the Perfection of Our Hearts' Flame is in your world and this world forever. Thank you so much. Won't you be seated, please.

THE LISTENING ANGEL

MRS. G.W. BALLARD

That Blessed Listening Angel came to me one morning, came into the Lodge. He stood in my room as plain as I see any of you. He stood there for a good half-hour with His head turned down, listening to the Door. Later on that Door was opened, and three things were set into action for the Student Body. The first one was a Sword of Blue Flame. The second one was a Star of Flame, both white and gold. The third was a Crown of Gold and diamonds as large as the Door. Those three things moved into action for the use of the whole Student Body. When I give Him our Love and Adoration, it is that those Blessings may be taken up by the Student Body and used. We've called Them into action, through our Decrees, many times.

Question: In October, 1938, the Beloved Goddess of Light opened the first Door into the Ascended Masters' Octave. In May, 1939 the second Door was opened; and we were told there are only three. Have you any idea what would determine the opening of the third. Or was It opened?

Mrs. G.W. Ballard: Blessed Ones, if you'll remember, the Listening Angel stands before a Door, listening. The Door which the Listening Angel guards is the third Door, which is the Ascension. That's the reason He stands there, awaiting the Call.
