Beloved of God's Heart, I wish to bring something to your attention and give you an explanation of a certain Activity of the Sacred Fire and the Cosmic Light, so that It can be released into outer physical conditions at your Call. When certain ones of the Ascended Host have revealed that the Great Cosmic Law at a certain point is going to release certain Power, that is brought to the attention of the outer intellect of mankind to see how many will take that up and begin to call It forth into outer physical conditions.

The reason for that is this: We bring It to your attention and tell you that It is in the Universe and the Cosmic Law will release It and It has to be used in order to overcome certain conditions; but if mankind doesn't reach up and accept the Power that will be Master over destructive conditions, then the Cosmic Law must wait until the people awaken to the point where they are ready to reach up and draw forth any God Power into physical conditions to correct the conditions in the country under which they must live. Because if the people themselves who are constructive and who love the Nation and who want the God Control of this Nation to give Its Blessings of Freedom and Peace to

the rest of the Earth, if those do not reach up and call forth the God Power to protect the Nation, certainly the destructive forces will not.

So this I bring to your attention that you may use the phrase as often as possible, and call forth as much Light and Love and Fiery Christ Blue Lightning Victory that is needed, into the physical octave, to leash destructive forces before they can keep on destroying any farther. This Power of the Sacred Fire, the Light and the Love of the Great Intelligence of Life, the “Mighty I AM” and all the Ascended Host, is the Great Central Sun Master Control of this System of Worlds and all Systems of Worlds; and that Power remains under the Direction of the Great Cosmic Beings who direct the Sacred Fire to the Earth and establish a Focus of It in each Ascended Master Retreat. The reason for that is, there is the orderly Control of all Energy, all Substance, and all Consciousness that creates a world or a System of Worlds. Therefore, those Life Streams who take embodiment in this physical world have an obligation to remember the Perfection of the Cosmic Source from whence they come, to remember the Divine Plan that has sent them into embodiment, and to remember the goal that is to be fulfilled.

Therefore, when chaos begins to come into outer world conditions, from time to time down through the ages one Ascended Master after another has come and brought Illumination to the people, explained the reason, and also explained what must be done in order to purify enough to sustain the civilization. So when the Mighty Arcturus made the statement that America, the Jewel in the Heart of God—if need be, for America’s Protection, then the Light of a Thousand Suns shall descend into the Earth, dissolve and consume all human selfishness and discord from the planet.

Now various ones of the Ascended Host have repeated this phrase to you down through the years, hoping you would take it up and use it as a Call to the Great Cosmic Beings who direct that Sacred Fire to protect this Nation.

The Destiny of this Nation as the Heart of the World comes under the Control of the Great Cosmic Beings who are the Authority and sustain the planet. Therefore, those of you who have been privileged to know this Law under the Direction of the Mighty Saint Germain and the Mighty Master Jesus and others of the Ascended Host, have an obligation to understand the Divine Plan of the Destiny of this Nation. And since mankind's embodiment began here in what is now the Land known as the United States of America, since mankind's embodiment began here, then the completion of mankind's embodiments in this world must come here in order to receive the Instruction and the Assistance to attain the Ascension. That is exactly why this Instruction of the "Mighty I AM Presence" has been brought forth to the people of this Nation at this time. So, if you want Our Help—and I trust you do. (*applause—audience rising*). Thank you so much. Won't you be seated, please, and just remain so.

The Cosmic Law is such that It requires your Command and use of this Instruction which has been given in order to be the Open Door through which We can pour the Sacred Fire and the Cosmic Light that will dissolve and consume the selfishness and the discord. Therefore, each one of you is an Open Door through which the Sacred Fire and the Cosmic Light can be poured into your Nation day after day in outer world conditions to shut off the destruction intended and stop the desecration that has already been imposed upon this Nation.

If you will use this phrase, “Through the ‘Mighty I AM Presence’ and the Ascended Host, the Cosmic Light and Love of a Thousand Suns blaze now into the United States of America for the Purification of all that is of God—Purification and Protection to all that is of God,” the impurity imposed upon the good that has been drawn forth in this Nation must be dissolved and consumed. So whenever you have the opportunity and you see destructive forces desecrating the Blessings of this Nation in the outer world, make this Call to your “Beloved I AM Presence” and to Us to strike into that desecration the Cosmic Light and Love of a Thousand Suns and dissolve and consume all that selfishness from the Universe forever. We will await your Calls. But you who know this Law can use—through that Call—many, many, many channels to correct conditions in the outer world that will bring Help to your Nation much more quickly.

Now the Mighty Arcturus, who is one of the Seven Mighty Elohim—and since the Seven Mighty Elohim are the Seven Builders—He is the Authority in the use of the Sevenfold Flame to issue certain Commands from the Cosmic Realm and draw into this Nation exactly that which He said. And if you will take up His Words and repeat them, and ask Him to blaze the Sacred Fire in Its Fullness of all that is required to purify the Nation, it will enable Us to establish at certain places within the Nation a steady Outpouring of the Activities of the Blue Ray and the Violet Consuming Flame for the Purification of outer world conditions. This is what We are hoping for, and it’s the reason I am here today to give you this Instruction. I feel certain you will respond and We can draw forth within this Nation whatever intensity of Purification is necessary to prevent the wholesale destruction that the sinister force intends.

Then as you make the Call for this to come forth into the Nation and purify It, demand It also come everywhere throughout the world, until Purification is complete in this world for Eternity. Every time you make that Call there can come Legions of the Sacred Fire's Purity from the Great Central Sun as well as from the Ascended Masters' Octave, and those Legions will come if you love Them and you want Them here. (*applause*) Thank you so much.

So when you think of the Light and Love of a Thousand Suns, ask It to come into this Nation, sweep into this Nation, and compel the dissolving and consuming of everything that is of human selfishness here. The Nation can't be protected by selfishness. It cannot be protected by filth. Therefore, those of the people who want the decent way of life are the only channels We have through which to pour this Sacred Fire that does dissolve and consume the evil that has already been imposed upon the Nation.

The people who want the Light must awaken to the realization that when you want Light, you in reality want Love, because Light and Love are One. When you want Power to annihilate that which is of evil, you need both Light and Love, which the Sacred Fire is. And in Its Cosmic Action It is concentrated by the Ascended Masters and Cosmic Beings into certain locations throughout the world. But when you call forth enough of the Light and Love of the Thousand Suns to purify the Nation, then you will see many Miracle Manifestations, so-called, that can come into outer physical conditions—at which mankind may marvel but not understand.

Therefore, your opportunity is very great to draw this into anything and everything with which you are concerned, whether you think it is needed or not. Whenever you see

selfishness, use this Command to dissolve and consume all human selfishness from the planet. Just get in the habit of calling this forth into outer action, just like you would turn on a light in a room. If it were not light enough, you would turn on more light until you get all the light you need; and when all the light you need is there, the darkness is no more. This is the way the Cosmic Light and Love as of a Thousand Suns comes into the lower atmosphere of Earth and, entering into the structure of Earth itself, simply dissolves and consumes everything that is destructive.

When you begin to call forth the Activities of the Sacred Fire, the Cosmic Light, and the Great Love from the Heart of Creation, Beloved Ones, the Manifestations through which they can come are infinite and can be directed on the instant at your Call, because your own “Mighty I AM Presence” will direct them. As you make the Call to your “Mighty I AM Presence” and to Us for the release of this to save your Nation, automatically when you direct It to individuals or localities, your “Beloved I AM Presence” can direct It instantly and sustain It until the Purification is complete. This is very important to you all at this time.

If I were you, I would draw this in and around all military forces, not only in your Nation, but throughout the world. Keep calling the Cosmic Light and Love of a Thousand Suns to blaze into everything that is of the sinister force, and war is certainly of the sinister force. The Ascended Masters never created war, and your “Beloved I AM Presence” never created it; therefore, it must be dissolved by the Conscious Command of those who know the Law and know that there is the Release of the Cosmic Light and the Sacred Fire of whatever intensity is needed to

dissolve and consume mankind's human creation. Therefore, you are unlimited in the amount of Power that you can draw into outer physical conditions to correct what is wrong in your Nation, and correct what is wrong in the world, when you use the phrases that We have given down through the years and you set them into action as a River or an Ocean of Flame to continue to flow, until the Victory is accomplished.

This is the purpose of Our using these Expressions and bringing this Knowledge to you years ago in the beginning of this Instruction, because this phrase has been used since the very start of this "I AM" Activity. And if every one of you will use this from now on, I think you will be delighted with the Miracles and the Victories that you will experience, not only in the Nation but in your own individual affairs as a natural consequence of the Power flowing in and around yourselves. I have been hoping for this and waiting to explain It for some time past; and as the hour nears for the people to awaken—and I assure you, they're going to awaken. (*applause*) Thank you so much.

This Call sent forth by you "I AM" Students will not only neutralize many of their plans, but completely prevent any more being generated. This is a very vital thing from the Inner standpoint. And if need be, call for the Cosmic Light and Sacred Fire Love of a Thousand Suns to establish a Focus here in each city, or in certain places in your cities, several places in a city, or wherever you know certain activities are going on. Make the Call for Us to anchor there whatever Fiery Christ Blue Lightning Purity and Sacred Fire Love consumes everything there that is of human creation. This cannot hurt anything that is constructive, but It is the Dissolving Power to that which is not constructive.

Just as you turn on the lights in the room, you do not have to battle the darkness. It doesn't fight you. You can't battle it. You don't shovel it out. You don't hate it. You don't resent it. You don't battle it. You turn on the light, and the light contains what you want; and the darkness ceases to be. So when you draw into this Nation the Cosmic Light and Sacred Fire Love as of a Billion Suns—or a Thousand or Millions of Suns—and focus It into the Nation, and ask that It be established there until Purification is accomplished for Eternity, then one flash of that after another will come and you will find destructive forces will recede and ultimately be consumed.

Therefore, go on and call this forth throughout the world, just as well as in this Nation. You cannot hurt any part of Life by the Cosmic Light or the Sacred Fire Love of a Thousand Suns. There isn't one vibration that would ever cause discord of any kind to anybody or anything in the Universe, so you're perfectly safe. Therefore, you are Invincible as to any reaction that could ever come to you from the use of It, because only that which is constructive, harmonious, and perfect could ever come back to anyone who will ever use It; therefore, It is Power without limit.

If you care to call forth the Manifestations, the Miracle Manifestations of the Cosmic Light and the Sacred Fire Love of a Thousand Suns that make mankind understand, make mankind pay attention to that which is of God, I think you'll have some delightful experiences. I am quite sure you will want to continue as you gain the momentum and you have the happiness of awakening those Life Streams who will turn to the Light at this time and help you do the same thing. Your opportunity is without limit. You cannot have any result except Perfection. And It is a Power second

to none because It is the Power of the “Beloved Mighty I AM Presence” and all the Ascended Masters and Cosmic Beings, and that Power is the Sacred Fire Love. That Love is the Light of the Great Central Sun, the Light that fills interstellar space, the Light that creates Suns and Systems of Suns and Systems of Worlds.

This is just your proportion of the Light of the Universe, your proportion of the Sacred Fire Love that you are privileged to use in this world if you want to save your Nation and gain your Ascension as comfortably as possible, and help others on the pathway, especially your loved ones. This is of infinite benefit, eternal, and forever expanding. So I trust you’ll have some of the greatest Happiness you have ever experienced as you begin to set this into motion and use It, and gain the momentum by which you can, in a very short time, see Its effect in outer world conditions that will bring improvement in your Nation and protection to that which is constructive.

From tonight I hope We may hear you make this Call again and again and again, until the Nation Itself becomes purified and illumined by that Light and Sacred Fire, until that Cosmic Sun Presence takes Its Dominion within the Nation and Its Illumining Presence raises all within It into the Ascension forever—because this is the beginning of the Ascension of the world.

Beloved Jesus made the Eternal Etheric Record of the Ascension over the Hill of Bethany. That is a continual Raising Vibratory Action and Sacred Fire. This Call for the Light and Sacred Fire Love of a Thousand Suns to come into your Nation will establish here those Activities of the Sacred Fire that will continue to purify the Nation and the people who pass this way. In that Purification there comes

the raising that enables all to be lifted into the Ascended Masters' Octave and Consciousness forever. And there is only Happiness and Mastery and the Joy and Victory of using the Master Power of Creation, the Light and the Love of the Great Central Sun to come into your Nation, bless It, and bless everybody and everything here, and help purify everything until the awakening consciousness in the people makes them, of their own Free Will, reach up and want the Knowledge of the "Mighty I AM Presence" and want to purify themselves and want to attain the Ascension. So this is the awakening of that desire within the people, as well as the Purification of the conditions within the Nation.

Your Blessings are boundless, eternal, and forever expanding. And I hope you will have the greatest Miracles and Happiness your Heart could ever desire as you set this into action, and demand the Purification that saves this Nation and awakens mankind into the Obedience by which We can lift all into their Freedom for Eternity.

I clothe you in My Heart's Love, the Sacred Fire Love and All-illuminating Presence of the Love I have of a Thousand Suns; and I wrap you in that Love. May It illumine everything in your pathway and keep you untouched by discord and lift you into Victory in the use of this Command, until wherever you abide you are a Blessing to Life and you raise all into that greater Perfection, until the Earth and all upon it have entered into Our Octave for Eternity. It is My Miracle Mantle of My Illuminating Love with the Force of a Thousand Suns to bless you forever wherever you abide, that you may bless the rest of the Universe and raise all to Freedom for Eternity. Thank you with all My Heart.
