

BELOVED PELLEUR

Chicago, Illinois • January 12, 1959
Record CD 511

Beloved Ones of the Heart of the World, as We enter into the Release of more Power to give more Assistance in outer conditions, try to feel the importance of demanding Cosmic Balance in everything you do in your daily activity; and also demand It in the atmosphere of Earth, as well as in the structure of Earth itself.

Now the reason I am stressing this is because wherever you abide, if you demand the Cosmic Balance of Life to hold Control in, through, and around you wherever you would move on the surface of the Earth, It would control the Forces of Nature also, because We can expand that Light which you call forth, and adding to It, steady Its Vibratory Action to offset much of the destructive conditions that mankind is daily generating in its continued discord throughout the world.

In regard to the Power of the Sacred Fire which comes under My Direction and those who assist Me, at all times that which the Great Cosmic Law anchors within a planet or within a human being—the Great Divine Plan of Manifestation always begins with the Heart Flame within, and always enfolds the manifestation with the Heart Flame around it. Then as the Seven Mighty Elohim hold Their Qualities controlling within the mental body,

so do They enfold the physical body in the Sevenfold Flame. Wherever the Sacred Fire is used, My Dear Ones, when there is a Focus within, there is always a duplicating Focus around the condition to hold everything in Perfect Balance.

You cannot control the Powers of Nature unless you hold Balance. And if individuals understood what it meant to command the feelings within to be still and hold Balance, much distress would be avoided. Much illness would be avoided. Many problems and limitations would be avoided, because everything that manifests in the world of action that does not produce Perfection for Life is something out of balance. It's either energy or substance or consciousness or action that is out of balance. You should know how important balance is to Life when you take care of your automobiles and you have your tires balanced in order to keep more wear from going in one place than another.

The Law of Balance is the Law of Perfection. The Law of Balance is the Law of Control. And so when We, through that Great Sun of Even Pressure within the center of the Earth, are constantly pouring forth Its ever-expanding Love to hold Balance in the structure of the Earth, then there must come a Balancing Force from the atmosphere of Earth in order to hold the pressure in even flow through the structure of Earth itself to prevent destructive action.

Now, if human beings are determined to destroy and destroy and destroy for no reason at all except criminal, insane intent, then there comes the hour, if those individuals will not listen, when the Cosmic Law of

their own Life Streams demands that their own creation be turned back upon them; and when that is bound back into the physical body, it usually passes out.

Those of you who understand this Law, if you will understand how necessary it is to command Balance in everything in your being and world, the moment you do that, you do not have obstruction; and then it's easier to control everything. So, Beloved Ones, when the Blessed Goddess of Justice has explained and explained and explained the necessity for Love to go to the "Beloved I AM Presence" first, and then when your attention comes to outer world activity, the "Presence" has a clear pathway to release the Power that controls things around you so as to hold them in Perfect Balance.

Now I ask you to observe the Chart for a moment. If you will notice, the Light Rays that go forth from the Electronic Body are all balanced, one with the other. And the same thing is true of the lower figure. When the Heart Flame and the Radiation of the Life comes into the outer self from the Higher Mental Body, the flow of the Energy—the Electronic Force of Life Itself—is so regulated that It's kept in balanced action through the Heart in regular pulsation. Now then, when those pulsations are interfered with, you have what you call heart trouble, and that's nothing on earth except something out of balance in the flow of the Life Force from the Higher Mental Body into the outer self, and It is not allowed to go forth and hold Perfect Balance because the moment you interfere with the rhythmic pulsations of the Life, that come from the Higher Mental Body, when you interfere with that, something in the body is thrown out of balance.

So, in Our effort to help you maintain a control of conditions on the surface of the Earth, it is absolutely necessary that you call into outer, physical conditions these various Activities of the Sacred Fire that, wherever They flow, produce Purity and hold Balance. And if mankind en masse only understood what the people could have if the people would just call for the Purifying Sacred Fire's Love to come into outer, physical conditions and produce the Purity that brings Balance, oh, so much could be forgiven! So much could be consumed! So much could be prevented! When selfishness has been concentrated to the point where it has created stubbornness in the outer feeling world of mankind, then, My Dear Ones, there is nothing on Earth that the Cosmic Law can do except shut off the expansion of the unbalance and, stopping its action, close in upon it until It forces Purification.

Now you've heard Us speak of the Inner Realm of Cause. Well, there is an Inner and an outer cause. Supposing you have a garden and you want certain flowers to bloom at a certain time. You plant the seeds in the garden at the time that gives them an opportunity to grow and bloom when you want them to. Now that is the physical cause that produces a physical effect, but the Inner cause that brought that into manifestation was your thought and your desire in your feeling world to have that manifestation.

Therefore, when you come back into the Conscious Understanding, and Love to your "Beloved I AM Presence" and the Ascended Host, you are coming back into the Great Creative Powerhouse of the Universe. And then, since your "Mighty I AM Presence" has poured Its Love

to you and through you first, before you could even exist out here, do you not see that until you pour that Love back to your “Presence” and to the Ascended Host, who are part of your embodiment, everything is out of balance until that’s accomplished. And since the “Mighty I AM Presence” gave that Love first, when the outer self will come to this realization and pour its own Love back to the “Presence” first, it sets the flow of its own Life into Balance and you start into action that which produces Perfection.

So, Beloved Ones, whether it be the individual, a nation, the world, or all mankind, matters not. The Great Law of Life’s Perfection, the Great Fulfillment of the Eternal Divine Plan, the Mighty Accomplishment of the Ascension, or the Creation and Manifestation of a planet or a System of Worlds—all are based on this Law of Balance, and no individual or all on Earth can take that Law out of the Universe. No one can stop Its Action in Life, for It will demand and demand and demand and will return back to its creator again and again and again the miscreation, until It forces Purification and Balance.

In the slaughter that has taken place in the world through war after war after war, mankind has so contaminated the Powers of Nature and the Forces of the Elements that, periodically, in order to purify the plant life of the world, the Cosmic Law has had to turn back that filth upon individuals. And Nature, rebelling against that filth that throws everything out of balance, arises and buries her opponent just every so often.

So when unfortunate individuals keep shocking and shocking and shocking the structure of the Earth, when

it comes to a certain point We're going to have to return that back upon those individuals, no matter who they are. So they'd better listen before it's too late! However, I question whether they will. Viciousness has built to the point where people will not listen. They will not stop their destruction. They are determined to do just as they please, regardless of who it hurts.

So, if you will demand this Balance within your being and world, and you demand the Balancing Power of the Sacred Fire's Love and Purity come into outer physical conditions and compel the release of whatever is necessary to purify and hold Balance, then We can clothe you in certain Powers that will be your Invincible Protection; and that Protection you will be able to send forth to others who are constructive.

These Magnificent Powers and the Focus of the Sacred Fire the Cosmic Law has placed within the center of the Earth are a concentration of the Life Force of the whole planet. In every Ascended Master Retreat in the world is a Focus of the Sacred Fire. It is like a Sun Presence that is constantly giving off Its Light and Its Energy and Its Blessing and Supply to Life. In every Ascended Master Retreat throughout the world, that Sacred Fire has been established from the beginning to hold Balance.

Now then, you have the Unfed Flame in your own Heart; and you have the Sevenfold Flame in the forehead, from the Seven Mighty Elohim. Your duty to yourself is to hold Balance and demand Balance of those two Flames be held always within you, that that Balance within is the Power of Mastery to control conditions around you.

So, wherever We have drawn forth the Explanation of the Inner Realm of Cause, these Activities of the Sacred Fire which We have drawn to your attention and asked you to call within yourselves, those Activities are to establish within you the Perfection from Our Octave, which becomes the Cause that produces Perfection in the physical world and brings Our Activities of Life into this world to hold Balance.

Whether you call It Divine Justice or Divine Love or Balance or Cause and Effect, matters not, My Dear Ones. The Great Law of Life and the Great Life Force of the Universe flows from the Central Sun, and if allowed to go on Its Way without obstruction would at all times hold Balance; but if that flow is obstructed, then you have the creation of evil, and the Great Beings in the Central Sun are not the cause of that evil.

Because the Life is given and the Substance and Energy are given into the outer use of the beings of this world, and the Law is stated that demands Balance, then the Intelligence within Life Itself is always aware of the difference between Harmony and discord. So no one needs to be told what is constructive and what is not. It doesn't take a prophet to tell any part of Life what is right and what's wrong, and anything that does not hold the Balance is not constructive.

So, Blessed Ones, when you come to the deep analysis of this, you surely must see that the world's creation of discord, at this time, must have this Sacred Fire in order to produce enough Purity to establish the Balance that holds the Powers of Nature under Conscious Control. And if mankind wants Protection, then it's going to have

to obey the Law of Balance! That's all there is to it. We have taken the filth and the frightful conditions from war after war after war—these things that have been imposed upon the crust of the Earth—and consciously and constantly have We poured forth the Purifying Power of the Sacred Fire through the Powers of Nature and Forces of the Elements, to give mankind a further chance to make conscious effort toward the Ascension. But when human desire interferes with the forward movement of the whole planet and the accomplishment of that which belongs to this System, then there must come something that will awaken mankind and hold their frightful human creation bound within its own cause, until it is forced to be consumed from the Universe and that energy forced to be purified and again used to hold Balance.

Beloved Ones, it is not idly that this Messenger has been insisting on your giving the Decrees to keep yourselves out of debt. When you are in debt, your world is not in balance. And this thing has been so hypnotizing the masses of the people that they think it's all right to live that way, and they are asleep under the control of those who use them to their devilish end. Therefore, if you do not wish to come down under the destructive activities of those who are rebellious against Obedience to the Law, then you must call forth the Sacred Fire's Power enough, within and around you, to hold the Balance against the creation of discord.

Therefore, when you call forth these Activities of the Sacred Fire, the Cosmic Sun Presence, these various Blessings which the Great Ones have given from time to time, when you have acknowledged these Activities and

you use Them within, you will find They are the Inner Realm of the Cause of Perfection. And when you draw that into yourself, It becomes the Master Power that produces Manifestation of Perfection. Then you draw Heaven into yourselves and manifest It on Earth, and It must always be kept in Perfect Balance.

So, Beloved Ones, the Sacred Fire is the Cause of all Perfection because It is the Law of Love, whose Wisdom and Power are contained within It, and those three Qualities in Perfect Balance will always produce Perfection. Therefore, what the outer world requires is this Divine Law, is the Sacred Fire of Love, Wisdom, and Power in Perfect Balance in physical conditions. And so, if you set into action your demand upon Life that the Ascended Masters' Sacred Fire Power compel Balance, Perfect Balance in all conditions with which you are concerned, it will be much easier to bring to you your supply. It would be much easier to heal you. It will be much easier to give you success. (*applause*) Thank you so much, Precious Ones.

If you will give Me your assistance by calling the Sacred Fire's Purifying Love to compel Balance on the surface of the Earth, I, from the Inner Radiation Standpoint, will pour to you the Sun of Even Pressure, which is again Perfect Balance of Love, Wisdom, and Power. And from within the Earth itself will you feel Its Strength and Its Perfect Balance coming into your outer self.

Then, as you go forward in greater accomplishment, will you find the Peace within; and the Power of the Sacred Fire from above will produce Peace and Perfection in the world of effects. So, you have cause and effect always; but the Inner Realm of Cause is this Sacred Fire Love,

Wisdom, and Power from the Great Central Sun, from the Physical Sun, from your own Electronic Body, from your Higher Mental Body, from the Ascended Masters' Octave, from the Ascended Masters' Temples of the Sacred Fire, and from everything that is the Perfection of Life.

That is the Cause that cannot only correct conditions in outer manifestation, but that is the Cause that will always produce Perfection; and that Perfection is the Perfect Balance of the Inner and Outer Flow of the Life Force from the Great Central Sun that is the Energy by which physical manifestation comes into existence.

So, Blessed Ones, "I AM" not very far away sometimes when I see your tremendous effort and determination to help correct some of these conditions in the outer world. And if you only knew it, you are the Balancing Children of the Light in the Nation tonight. (*applause—audience rising*) Thank you, Precious Ones—if you'll remain standing just a moment.

I have much to do in Cooperation with the Blessed Goddess of Justice, and if you will make the Call for the Sacred Fire of Love, Wisdom, and Power of Eternal Divine Justice to purify and keep in Balance all manifestation with which you are concerned, I will do My part; and from the center of the Earth will I pour in and around you the Sun Presence of Even Pressure. The even pressure will hold the Balance *within* that will enable you to hold the Balance around you. So together We will form a very happy combination and Service to Life. Thank you, and won't you be seated.

When turmoil seems to express around you, stop just a moment. And sending your Love to your "Beloved I AM

Presence” to hold Perfect Balance within, call to Me to blaze the Sun of Even Pressure through the structure of Earth and into the atmosphere about you, and hold that Even Pressure that settles the turmoil and repels its action from you.

“As Above, so below; as below, so Above.” The Love has come from your “Presence” into the outer self. When the outer self sends the Love back to the “Presence,” more will come. When you send your Love to the Heart of the Earth, the Sun of Even Pressure will send Its Love back to you, and you will be able to hold the Balance within and around you; and then everything that is naturally flowing to produce Perfection for you is given an opportunity to flow without obstruction.

So may you go forward and feel that that Sun of Even Pressure in the center of the Earth is ever pouring Its Love around you; and your own Blessing to the Life wherever you move will pour and allow that Sun of Even Pressure to bring Balance into the lives of others, into the Powers of Nature, into the Forces of the Elements everywhere, until wherever you go, you too can be a Sun of Even Pressure. And the Blessed Goddess of Justice will bring you the Unfed Flame’s Love, Wisdom, and Power to let It flood forth Its Blessings to you—and through you, to all Life.

May you go forward and forever feel that great Inner Peace that comes from Our Sun of Even Pressure; and go forward and hold that Balance everywhere, to the Blessing of Life wherever you move. We thank you.
