

# GEMS OF LIGHT

## **BELOVED ROSE OF LIGHT**

If you're going to have continual Supply of every good thing, you're going to have to remain continually harmonious. So, every bit of discord that you feel—whether it be through criticism or condemnation or any outer world feeling—is an interference with your Supply. It's an interference with your Happiness. It's an interference with the Power that you need to keep yourselves supplied with the things of this world that enable you to fulfill the Great Divine Plan. Therefore, the need of Harmony in your own feeling world, the need of Harmony in the conditions around you, is far greater than anyone understands, because were you to maintain Harmony without interruption over a few weeks or a few months, and then you give your Decrees, just automatically there would be the Supply come into your outer use from your own "Beloved I AM Presence," . . . sometimes through yourselves, sometimes through conditions of the outer world that will be brought to your use, or you will be brought into their locality.
