**B**eloved Ones of the Legions of Victory, which you have become because you want Victory, I come to you today. And I trust I will leave you something I hope you will not forget, something I want you to always use, and something which will prove Itself to you as you experiment with Its use, and that is the Power of Victory in the Great Great Silence. Your Beloved Saint Germain told you that in the Great Great Silence is God's greatest Power.

Now when We speak of the Great Silence, it means the Silent Activities concerning this System of Worlds or concerning the Earth itself. When We speak of the Great Great Silence, It concerns the whole System. When We speak of the Silence of the individual, that has reference, of course, to the full Blazing Power of the Electronic Presence within the Causal Body, the Electronic Presence of the "Mighty I AM."

Since you do want Victory in your outer world activity in order to hold your Harmony Victorious, then the Power of the Great Great Silence can be concentrated and drawn into any activity or locality or into any substance with which you are concerned and that you are using to produce Victory.

There is no such thing, Precious Ones, as the Victory of destructive forces, because no matter how great becomes the manifestation of their destruction or their evil, it is not Victory—never was and never can be! The evil of the sinister force of this World is failure. It never can be Victory. So when you call for Victory, keep your outer intellect reminded that you mean the Ascended Masters' Perfection from Their Octave, and the Perfection that abides within the Physical Sun and this whole System of Worlds, and that which abides in the Great Central Sun, which is the Great Sun back of Our Physical Sun.

So, in calling forth now the Power from the Great Great Silence, It contains within It the instantaneous, concentrated Action of the Sacred Fire and Cosmic Light, which means the Energy and the Substance from the Heart Center of the Power that controls this whole System of Worlds. And you, by conscious attention and Call, can draw an individualized stream of that into your outer affairs and in and around yourselves. You can send that forth to your loved ones. You can send It forth to anything that is constructive in this World, to strengthen that which is right and to be the Cosmic Pressure against that which is wrong. So, in moving in the outer world's activities, try to remember to charge forth the Power of the Great Great Silence' Victory in and around yourselves, because in that can come many Activities that as yet have not been used in the outer physical world, and many Activities that will produce Perfection from Our Octave that as yet mankind has not experienced.

The Power of the Great Great Silence contains the Selective Intelligence within It, of course, of the

“Mighty I AM Presence,” the Cosmic Christ, and can at all times, entering into or enfolding a condition, supply all the elements needed to compel the manifestation of Victory—or, in other words, compel the Power and the Perfection from Our Octave to concentrate and produce the Manifestation that is Master over the discord of outer world activity.

In using this in your own private Application, I think you will have very great Peace and very great Ease within yourselves as you demand the Power of the Great Great Silence come into you and compel Victory manifest. Now in that, many times just the surge of the Sacred Fire from the Heart of the Great Great Silence, in Its ever-expanding Love, can flow through you and fill the atmosphere about you, and you never say a word. And in that intense Silence there comes the Power, Precious Ones, to do anything and everything you need to do to produce these Manifestations of Perfection, of Blessing, and of Victory manifest in outer world activity.

You know, you often hear the expression, “the Power behind the throne.” Well, that means the Consciousness of Life that is controlling outer manifestation. And since everything begins in the Great Great Silence, *there* is the Picture of the Divine Plan forever held, and *there* is all the Power and Substance and Energy and Conscious, Directing Intelligence required to make that Picture manifest in the outer physical world as a physical condition that fulfills the Great Divine Plan and sets into action the flow of Energy that expands that Manifestation to all Life in the Universe.

So when you call for the Victory in the Power of the Great Great Silence, many times when you start to speak,

it will be like a Hand inside of you holds you silent and you will not be able to speak. And in a few seconds of that Silence, it will be just two or three seconds until you will realize that had you spoken, you would have made a mistake, while in that Silence, the Hand of your “Presence” controls you and only lets that go forth which brings you your Victory. This is an amazing Power and a marvelous Miracle Way to keep yourselves from making mistakes. And as you use It more and more, It becomes the momentum by which you can manifest positively anything, so long as it be constructive and fulfills the Great Divine Plan.

The Power of the Great Great Silence is part of the Power that the Beloved Goddess of Justice releases also, to hold Balance. You know, there is a perfect time to speak, and there is a perfect time to keep silent. There is a perfect time to withdraw into the Silence and fill up your outer self with the Energy and the Perfection that your “Mighty I AM Presence” wishes you to use in outer physical conditions to fulfill Its Great Divine Plan. So, there is a time for the spoken word. There is a time for the Silence. There is a time for contemplation within, and there is a time of action in the without. If you will always keep those four things in Balance, you will know what Beloved Saint Germain’s Open-ended Cross of Freedom means to Life, and what Its Cosmic Action is in the experience world by which you bring the greater Perfection from Our World into the outer physical conditions of your world.

So, you will find coming to you and coming into you a Strength from the Great Great Silence that does not come from anywhere else. And as you learn to use It and call

Its Power into your outer conditions, you will very often, just by Radiation alone, be able to still the disturbance in the feeling world of others or in the atmosphere about you.

Now, in Its Victorious Action, as you use this Power more in your outer affairs by Conscious Command, you will find by Its use you will eventually be able to control the Powers of Nature and the Beings of the Elements, because in the Silence, My Dear Ones, you can be shown Pictures that are eternally the Manifestation of Perfection. In the Silence—this sounds like a paradox, but it's not. In the Silence is the Voice of the "Presence" that does not speak audibly but does reveal in the Light Its Desire for you. That is sometimes spoken of as the Voice of the Silence. It is simply the manifestation of the Directing Intelligence and Its Perfection to the outer self that you can have without a spoken word.

Then as you draw forth the Music of the Spheres into outer physical conditions and produce those physical sounds, there is a Power of Healing within the Great Great Silence that can send Its Flame into that Music, and that enters into the atomic structure and the energy of the mental and feeling world. And since that contains the Sacred Fire and Immortal Love of Eternal Perfection, as It enters into the Life Streams of others, It carries Its Healing and Its Blessing and Its Miracles of Perfection with Happiness in that Music that does not exist anywhere except in Music. So, these are some of the Gifts that abide within the Great Great Silence.

Now I wish you to feel for a few moments what It means. As you begin to draw the Power of the Great Great

Silence in and around yourselves, there comes within you a desire to be still. And in that Stillness there comes, not the relaxation and sleepiness of the outer physical feelings—in the Stillness of that Great Great Silence there comes a Peace from the Heart of Creation that will lift you and fill you with Joy forever. In the Heart of that Great Great Silence is the Peace of Eternity and the Power to make It manifest in outer physical conditions.

So, Beloved Ones, if you will acquaint yourselves with the Power in the Great Great Silence, I am sure your Joy will increase beyond measure. Your Illumination will expand and tell you the Truth about what you are required to know, without your having to go through what the outer world calls the trial and error method. When you train the outer to be still and you enter into the Great Great Silence, you are more alert in the mind than ever. And as soon as the feelings are at peace and still, as you enter deeper and deeper into that Stillness, there will come the Manifestations and the Miracles of Perfection that enter into you and become an Eternal Power, an Eternal Part of your outer self, of your outer world activities.

Now, I want to show you how close the Power of the Great Great Silence is to you all. If this room were cold and you stepped into it when it's warm outside, that chill begins to come into your feeling world, doesn't it? You feel that cold instantly, do you not? If it is very warm in here and cold outside, you come in and you feel that warmth instantly, do you not? Well, do you know, Beloved Ones, the Power of the Great Great Silence contains a Peace that you can feel instantly.

The moment you turn your attention to your “Mighty I AM Presence” and to the Great Central Sun and ask for the Love in the Great Great Silence to make you feel Itself within you, there will come the Feeling of the Peace of that Love in you that does not depend on anything in the outer world. Then your Peace is Eternal! Then you can hold your Harmony in the midst of outer world chaos. And It will be like a great Pillar of Blazing Light-Substance within you—so strong, so powerful, as if you were anchored to the center of the Earth and anchored to the Great Central Sun. And you abide within that Pillar of Force from the Great Great Silence that nothing around you could touch. Then if the Earth dissolved under your feet, you would find yourselves held within the Pillar of that Force and an Invincible Power of Protection control everything within you and around you.

In using this in your outer affairs, you become a Pillar of Strength and Power to the rest of mankind, to all Life wherever you abide. And in that Pillar of Light-Substance, in that Pillar of the Sacred Fire flows every Power of Life from the Great Central Sun, which is the Heart of the Great Great Silence. So, Precious Ones, this is a Realm of Activity, a Source of Power, the Heart of Freedom, and the Altar of Victory. That is yours without money and without price, yours for the acceptance, yours just for the use of It, that It may be established in and around you to hold you strengthened and protected and Victorious in your action of the outer world, by which your own “Mighty I AM Presence” or any assisting Master can pour forth through you, on an instant, what the world calls Miraculous Power to assist your fellowman, to control conditions

about you, and to bring into outer manifestation those Activities and Miracles that compel mankind to awaken, compel Illumination to the rest of mankind, and compel the Release of the Sacred Fire that controls the Powers of Nature and Forces of the Elements.

Now, this is where I appear on the scene; and I trust I may bring you many of Our Blessings from Venus, because the Perfection that has come forth on Venus came forth from within the Heart of the Great Great Silence. *There* were the Pictures first formed of the Perfection that is now in action on Venus. And so can it be in your own world. If you ask for the Power of My Victory in the Great Great Silence come forth in and around you, and hold My Power of Victory around you—the Power of the Great Great Silence’ Victory in and around you, the Power of Accomplishment of that Victory—you will move into outer physical conditions with an enthusiasm, with a strength, with a directing intelligence, with an assurance, with a protection that makes you absolutely Invincible against the disturbance of the outer world. And I want you to have that as soon as possible in your outer physical use. (*applause—audience rising*) Thank you, Precious Ones. Won’t you be seated, please.

Under the Demand of the Cosmic Law, some one or more of mankind must be the channels through which Victory is brought to this World, because you cannot depend entirely on the Ascended Host to produce that Victory over *your* human creation. You see, the Great God Presence, the “Mighty I AM,” governs the manifestation or the manifested Universe in the physical octave by the Individualized Flames of Its own Heart; and you are that.

So, if under the Demand of the Cosmic Law, the governing of conditions in the physical world is demanded by the Cosmic Law to come forth through individuals, then it must be done through individuals. We can help. We can bring you these Powers. We can enfold you in Our Love. We can charge you with Our Desire. We can bring you the Illumination, but you must use these Powers in outer physical conditions to do the Will of your “Mighty I AM Presence” and to manifest here the Ascended Masters’ Perfection which does become Heaven on Earth.

Now as you become acquainted with and use the Powers of the Great Great Silence in the outer world of chaos, you will find many times in the midst of perhaps the greatest confusion in the world around you, you will feel from your own “I AM Presence,” from the Heart of the Great Great Silence—you will feel a Power from the Heart of Creation entering into you and, just in Its Great Stillness, controlling things around you. This will bring release and relief to many whom We will draw into your atmosphere, that they may absorb, by Radiation, the Peace and the Clearness of the Consciousness in the Great Great Silence that helps to strengthen them and helps to keep you from making mistakes. So this is a very natural Power of Life.

You know, you’re allowed just so many hours every day to go to sleep, aren’t you? Put the body to sleep—you know why? To take you where there is no noise and confusion for a time. You think sometimes that you are pretty strong physically; and yet, do you know, Beloved Ones, unless you have a certain proportion of this Power of the Great Great Silence in and around yourselves, *within*, periodically, if

you do not have It, you do not stay in the body very long. It doesn't take much to disconnect you, your permanent atom in the Heart, from the physical body. And so, if you will accept My Gift today, It will strengthen you in many ways that you will only understand as they become manifested *in* you first, and then *through* you to the world around you.

So, when the world presses heavily upon you, when sometimes clouds seem to appear, find refuge, if you will, in the Heart of the Great Great Silence. And ask your "Mighty I AM Presence" to take you there and hold you there, and fill you with what is there, until you are able to hold the Balance in the world around you without distress, without strain, without struggle, without limitation. Then you become a Radiating Sun from the Heart of the Sun, the Heart of the Physical Sun. The Heart of the Great Central Sun will pour Its Magic Powers out through you as you make yourselves a Sun of Its Great Great Silence, wherein you can pour to Life Its Limitless Blessings—as the Physical Sun pours light to the Earth.

You can keep the Balance in outer world conditions as you remember that the Power to hold Balance is the Power of Victory from within the Great Great Silence. And after you have rested there awhile and feel the Power surge into the outer self, when it is necessary to speak, you will find yourselves speaking that which always assists others, to enable them to be Free or to give them the courage and the strength and the power to help attain their Victory. So, Beloved Ones, I trust I have acquainted you today with some small glimpse of what is within the Great Great Silence.

You know, even the Ascended Masters who work with the outer world activities, work perhaps for a century and then retire to the Great Great Silence, to there plan, design, and gather together the Power to produce the next wave of Manifestation in outer action when They come again to the outer world.

So it is with you. You are in the outer world's activities now. And if I were you, I would retire to the Great Great Silence sometime each day, if it only be for five minutes, to train yourselves to drop quickly into that intense Stillness—not with a sense of sleepiness, but with a great hushed ease and peace to fill up the Cup of the outer self with the Pure Energy and Peace and Purity and Perfection that enables the outer self to hold the Balance, and to give you the Strength to go on to greater accomplishment each day, as a perfectly natural activity of your own great Fulfillment of the Divine Plan.

You can receive from within the Heart of the Great Great Silence what does not come from anywhere else. And with that Heart of the Great Great Silence, within It and from It does the “Mighty I AM Presence,” in Its Outpouring to you, draw forth the Fulfillment of Its Divine Plan. Then It releases the Powers of your own Sacred Fire into outer use. And by the Power of the Great Great Silence you can hold Balance of the forces in this World wherever you abide. In that way, you do become the Peace-Commanding Presence of the Great Great Silence.

Now, as you draw this Power in and around yourselves day after day, several times a day, you one day come to the point where Its Pressure and Sacred Fire is so great in and around you, that you can say to the disturbance

of the outer world, even to the Forces of the Elements, “Peace! Be still,” and it will be so manifested in the outer.

So I just give you a glimpse ahead of what the Victory is, in the use of the Power of the Great Great Silence. May your world become filled with It and Its Perfection be so magnificent in your outer use, that wherever you abide, by Conscious Command the Peace of the Great Great Silence is made Eternal to that portion of the World, wherever you pass by. Then you are a Blessing to all that is and all that is yet to be, and you abide in that Blessing as your “Mighty I AM Presence” comes closer into outer manifestation, and you dwell within the Home of the Sacred Fire of Eternal Love. I commend you to the Victory of that Sacred Fire and Love’s Power of Eternal Peace in the Great Great Silence. Thank you so much.
