Beloved Ones, it doesn't take a great deal of intense Application. I mean, you don't have to go after it like you're going to knock over a wall. But you can form the habit at night before you go to sleep, or in the morning when you first wake up, or sometime, anytime during the day when you think of that which you are trying to bring into manifestation, a Success or Victory or something of Perfection in the future, form the habit of asking the "Presence" to make you a billion times or a million times—just set the amount you want, trillions or anything else if you want it, but it's good to start with a thousand or a hundred or ten or anything you want (*laughter*)—ten times or a hundred times more Invincibly Pure tomorrow than today, a hundred times more Invincibly Victorious

tomorrow than today, a hundred times more Invincibly Supplied tomorrow than today! Form the habit of demanding the increase day by day, in preparation for the day ahead.

The other important point I want to stress: When you go to sleep at night say, “ ‘Mighty I AM Presence,’ take me out and, while my body sleeps, hold me within Perfection’s Flame, the Invincible Perfection’s Flame. And when I come back into my body in the morning, bring that Flame into the body and keep It Invincible for Eternity!” It’s short. It’s all-powerful; and if you just start to use it, I think you’ll be delighted beyond words. It doesn’t take too much memory, and you have no idea what that will do for you. Demand it with all you are and have before you go to sleep. Of course, if you go to sleep before you get through saying it, well, that isn’t the fault of the “Presence” if you don’t get an answer. You’ve got to complete the Call! It’s well worth trying, and it will bring you results far beyond anything words can tell.

You can do this same thing for your health and your strength. Make us ten times or a hundred or a thousand times stronger tomorrow than we are today, a thousand times more Luminous, a thousand times more Victorious! Just let’s all go to town on the thousand. They’ve got this sixty-four-thousand-dollar question [*The \$64,000 Question*, a television show]. We might as well have a thousand times more improvement each day than the day before. Blaze a thousand times more Light through us now!

You see, it seems like we’re just after you all the time, getting you to decree for this, that, and the other thing. But

it's just like a question. If you don't ask a question, how can anybody answer it? If you don't make the Call and use the great Creative Power of Life and specify what you want, how in Sam Hill is it going to come into manifestation? We've been given thought, feeling, and the spoken word—which are the only creative activities of Life anywhere in the Universe. Therefore, if we demand a thousand times more each day than the day before, we'll get it.

Now, let us be very careful on this. You can demand infinite times more Invincible Protection each day than the day before for all that is of God throughout the World. Just make the Call and go on your way and forget it. But ask the "Presence" to see that you keep charging into the atmosphere about you every day the things you want, and not what you don't want. The outer world says the things that we don't want. We're the crowd that should forget how to say what we don't want.

I think all of us should watch very carefully that habit of saying, "Well, I don't think so and so." You do, too! You're thinking something all the time, good or bad. Beloved Saint Germain told us that in the beginning. He said to say, "I think you'll find that is not so" instead of saying, "Well, I don't think that's so." Well, you do think! You see, if you think it isn't so, well, you're still thinking. (*laughter*) So, you've got to take the Command—now use the words in the way they're going to produce the manifestation you want.
