Beloved Children of the Sacred Fire—which you are in reality since your Heart Flame has come from the Great Central Sun; and since Our Heart Flames have been given to abide within the brain structure of your physical bodies, you are, in reality, the Children of the Sacred Fire. Now you must become the Master Presence of Its Freedom and Its Victory and Its Magnificent Mastery over all manifestation.

So, I wish to bring clearly to your memory the reminder that when We speak of the Great Cosmic Purity and the Sacred Fire and Its Purity and Its Power over manifestation, will you try to always remind the intellect that that which the outer world understands as Purity is, in reality, Love. It is the Great Central Sun's Heart Flame of the Perfection of Life—Invincible, Eternal, forever expanding Its own Almighty Divine Plan to bring Happiness and Perfection and Mastery to everything that exists.

When you think of the need of the world to overcome destructive forces, start with your Fiery Christ Blue Lightning Purity which is, in reality, the Fiery Christ Blue Lightning Power of Love from the Great Central Sun that shatters apart everything that has been condensed into discord. So when relief and release is needed in the physical octave, begin always with your Fiery Christ Blue Lightning Purity and Fiery Christ Blue Lightning Power that enables the Violet Consuming Flame

to come into all outer conditions and bring Its Purifying Love. It is Purity, but It is Purity's *Love*. And people do not understand that when We speak of the Sacred Fire or the Cosmic Light or the Cosmic Power of the Ascended Masters' Octave, the human intellect interprets that according to the habits of the mind of its own acceptance of what is in this world; and the same thing is true in the feeling.

So if you can remind the intellect, often, to remember that everything that is Eternal Purity and Eternal Perfection, Eternal Mastery, and Eternal Fulfillment of the Divine Plan is the Sacred Fire Love from the Heart of Creation, you will understand how necessary it is to call these Activities into every activity of the physical world that is of hate or discord or destruction of any kind, because this is what must come—the Fiery Christ Blue Lightning Purifying Love that shatters the focus of any destructive activity. And the Violet Consuming Flame, as It enters in, compels the Purification of all substance, energy, and consciousness and returns the substance and energy back to the Universal charged with Sacred Fire's Eternal Purity.

Now, Fiery Christ Blue Lightning Purity and Fiery Christ Blue Lightning Love from the “Mighty I AM Presence” and the Ascended Masters' Octave, especially the Seven Mighty Elohim of Creation, is a combination that all mankind's evil put together cannot oppose any more than the hordes of evil can take the Sun out of the Heavens.

Try to remember that every time We offer you the use of Our Ascended Master Consciousness, Our use of the Sacred Fire, Our use of the Power of Mastery which We have now become and which We have used to create this world and the conditions upon it which enable mankind to embody here, We are always using the Sacred Fire's Purifying Love.

It is Eternal Purity and Eternal Love; for I tell you truly, you cannot have anything that is constructive in manifestation without Love first, and that Love is Invincible Purity first.

When things are not sustained and mankind goes on cycle after cycle creating wonderful things that are allowed to come into manifestation, and then destructive forces consume them or destroy the civilization or desecrate the beauty and the perfection that some other part of Life has created, I tell you truly, the consciousness in the intellect of unascended beings needs to be shocked and shattered loose from the destructive conditions, the consciousness that has bound the Creative Powers of the mind and the feeling into the service of destructive forces; and that just happens to be some of My Service to the world.

We are spoken of as the Seven Mighty Builders around the Throne; and We have built, We have created only that which is of Perfection. We have created It by Our Power of Sacred Fire Love which is Eternal Purity. Therefore, whatever you're going to create in the physical world, it must begin with that; but if it is to be sustained for future use in the Fulfillment of the great Divine Plan to expand Perfection to bless all forever, there must come the Fiery Christ Blue Lightning Armor of Protection around it in order to keep destructive forces from desecrating or destroying that which some other part of Life has created to bless all who embody in this world.

There is no such thing, Beloved Ones, as disobeying the Cosmic Law and then expecting only Perfection in the future, or even desiring It, because the desire itself is in the emotional body and it comes into the energy of the feeling world; and if that is not purified, it is impure. And if it is impure, it's going to create discord and destruction in physical manifestation.

Now there is no such thing as breaking the Law. Nobody can break the Law of the Universe. You can call It the Law or many Laws of the manifested Universe that is filled with Infinite Manifestations throughout infinite space. There is no such thing as breaking the Law. People break themselves by disobedience to It.

But when you understand what the Master Control of energy and substance and consciousness is in the physical octave, you will have to understand the Reality of Our Existence and the Power of the Sacred Fire that is Our Life loaned into your brain structure as the Sevenfold Flame of the Seven Mighty Elohim, to be the Protection of your own Heart's Flame and to be the Protection of your Creative Powers of Life. When those Creative Powers are not used continuously to produce Perfection, then the hour comes when We must withdraw; and when We withdraw that, the Life Stream passes through the second death.

We are the Sustaining Sacred Fire of all consciousness that produces Perfection. We are the Sustaining Sacred Fire's Protection to everything that your "Beloved I AM Presence' " Love has given into the outer self for use, and this needs to be understood by the intellect of mankind everywhere throughout the world. Human beings will not be Free until they do understand it, but you are privileged beyond the rest of mankind to know it in advance of the time when the rest of mankind shall understand. You, who understand this, can use It in everything you do until there blazes in, through, and around you Our expanding Focus of the Sevenfold Flame of the Seven Mighty Elohim, that on an instant's notice can go forth into the physical conditions of the Powers of Nature and Forces of the Elements and protect you. This is part of the Sacred Fire's Protection

of your Life Stream as you pass through this world and physical conditions arise that are stirred up or generated by mankind's discordant creation and misuse of the Powers of Nature and Forces of the Elements.

Now the same thing is true of the faculties of creation, the faculties in your mind—your ability to think, your ability to contemplate, to reason, to discriminate, to function in the mental realm. Our Sevenfold Flame of the Seven Mighty Elohim can prevent your intellect accepting human suggestions if you care to cooperate with Us and call It into yourselves to lock the door of Eternity against any connection with human consciousness. (*applause—audience rising*) Thank you so much, Precious Ones. Won't you be seated, please, and just remain so.

I come to give you Assistance in the control of your attention. So often you want to keep your attention on something that is constructive, and the first thing you know it's contemplating everything else. If, when you wish to control your attention and then there seems to be interference by suggestions of human creation in the atmosphere about you or conditions in which you must function, if you will command your attention to be held on that which is the Fulfillment of the Ascended Masters' Divine Plan Their Way, and Invincible forever, and forever sealed within the Protection of the Sevenfold Flame of the Seven Mighty Elohim, you will have very little trouble keeping your attention on that which is constructive and off of the things that have created your discord of the past because they connected you with them and they drew you into it before you knew what had happened.

The attention is just like a weather vane; it just blows everywhere. And if you do not control it, then the destructive

forces in the atmosphere about you will control it. But if you want to set the habit of overcoming the pull of human consciousness upon your attention—and not only in the intellect, but the pull of human consciousness upon your feeling, the energy of your emotional body—you will have to have it sealed within the Fiery Christ Blue Lightning Armor, as We've told you, of Fiery Christ Blue Lightning Purity of the Seven Mighty Elohim of Creation as well as your "Beloved Mighty I AM Presence." This is part of the Great Cosmic Law's Blessing to you when It established the great Law of Embodiment, and the Seven Mighty Elohim of Creation offered Their Love and Sacred Fire to bless and protect every Heart Flame that has come forth from the Great Central Sun to take embodiment in the physical world.

So when it seems difficult, Beloved Ones, to overcome habits, whether they be in the emotional body, in the feeling world, or in the intellect, in the mind—remember, whenever it is difficult, and you command, and then you make such good resolutions and you break them so easily (*laughter*)—you know that. Well, if you don't want to break them and you make the decision that your intellect, your outer intellectual consciousness, your mind, and your feeling are sealed forever in the Ascended Masters' Fiery Christ Blue Lightning Armor of Indestructible Protection against the acceptance of anything human, no matter where it comes from, you'll find a feeling of peace and release coming into your outer consciousness. There will be such a relief! It will just be like tons of pressure are taken off of your own physical body, your feeling world, the atmosphere about you. And more than that, it will help to cut away and keep cut away the interference with your affairs.

Now this has a threefold Blessing. It protects your mind, protects your feeling and atmosphere, and It protects your affairs from being contacted by the hordes of evil that seek only to destroy or desecrate anything good that you create. This is the Protection of your Creative Power—whether it be in the mind or the feeling or the spoken word or the physical things you do matters not. If you don't protect it before it comes into this world, then it has no protection. Destructive forces can do anything to interfere with you. They can cause delay or opposition or misinterpretation, or the warping of the consciousness, the distortion of that good which you started out to manifest. Then you find it does not come to a successful accomplishment. It is because it is not protected in the beginning.

The same thing is true of the sight and the hearing and the voice, all of which are some of My Special Services to the mankind of this world. And when you use any of your mental faculties or any of the powers of the mind or feeling, and you want that which is from your “Mighty I AM Presence” and the Ascended Masters—Our Gifts given to you—uninterfered with by the delay or opposition through outer world channels, then do not fail to seal everything in your being and world in the Fiery Christ Blue Lightning Armor of the Seven Mighty Elohim of Creation. This is the reason We gave It to you some time ago—to seal anything and everything that is constructive within the Fiery Christ Blue Lightning Armor of Our Indestructible Purity, which is Our Protecting Love to the Perfection that your Life Stream wants to create and expand, and render service in the outer world to the Fulfillment of the Divine Plan. Now if you set this into action, you can positively live a charmed existence, so far as outer world conditions are concerned. And this is the Source of Miracles. Miracles are

Our Way of Life uninterfered with by mankind, and I should think it's time you arrived at that point. (*applause*) Thank you so much.

Now, one thing more. You must remind the intellect, and charge it into the feeling, that everything good in the Universe has to come out of the Sacred Fire Love. That's the only Source of anything and everything that is constructive. The Fiery Christ Blue Lightning Purity is Its Protecting Power. And the Ascended Masters' Sacred Fire Sevenfold Flame of the Seven Mighty Elohim is the Cosmic Protection to anything and everything in this world that human beings wish to draw forth to produce Perfection and render service to Life, that the Ascension may be attained.

If I were you, I would charge, I would call to the Seven Mighty Elohim—your “Mighty I AM Presence” first always, then to the Seven Mighty Elohim—to seal your opportunity to gain the Ascension in this embodiment in the Ascended Masters' Heart Flame, the Seven Mighty Elohim's Heart Flame of Indestructible Fiery Christ Blue Lightning Protection, Purity, and Love, that you may accomplish your Victory in this embodiment according to the Divine Plan and never fail. You could charge this in and around yourself with a definite Command that We fill your beings and worlds with such Sacred Fire Fiery Christ Blue Lightning Purity and Love that It makes it impossible for you to fail in anything constructive that you attempt to do in the physical world.

If you will only set this into action, I tell you, Beloved Ones, It will clear the way ahead of you. It will solve many of your problems in ways that seem magical to you. It will enable your “Mighty I AM Presence” to fulfill Its Divine Plan through you, and do It harmoniously and permanently; and that which you create can be made imperishable or self-

luminous and left in this world to be a blessing to the rest of life that passes this way. I tell you, it's the only intelligent way to live life.

So from tonight, you will find it is imperative to keep calling this into outer physical conditions in and around your physical body first, your mind, your feeling, your physical flesh, and into the things of your world—call this, Our Sevenfold Flame of the Seven Mighty Elohim, Invincible Fiery Christ Blue Lightning Purifying Love, Fiery Christ Blue Lightning Purifying Protection, and Fiery Christ Blue Lightning Purifying Victory that seals everything that you attempt to do in Our Sacred Fire Protection before you release It into outer physical conditions where the outer world could interfere with you. You will find this will overcome delay. It will overcome opposition. It will overcome many, many, many things that you have struggled under and do not realize that you will have to handle them before you start to accomplish something constructive.

This, you will find, is like a Hand that goes before you and clears the way. And then, when your “Mighty I AM Presence” wishes to bless you and bring forth through you something very unusual to bless the rest of Life, It has a clear way and it can be done easily; and you can only know happiness and the joy of success and victorious accomplishment wherever you go, with no failure and no mistakes. Now this will shut the door to mistakes. It will shut the door to everything that heretofore has caused your struggle, your limitation, and your misunderstanding of conditions that have made failure after failure and made reembodiment necessary, lifetime after lifetime.

Now the pathway is wide open. There is only the Light ahead; but the Sacred Fire of the Seven Mighty Elohim of

Creation must be drawn in and around yourselves with Our Fiery Christ Blue Lightning Purity and the Victory of Our Love, Our Protecting Love that forever closes the door against human creation connecting with that which you wish to do to fulfill the Divine Plan—and you will have Peace and the pathway ahead of you free from obstruction and delay and constant disappointment.

So, Blessed Ones, accept It if you will tonight. It is one of My great Privileges to give into manifestation everywhere anyone will call It forth. The Sevenfold Flame of the Seven Mighty Elohim Love and Purifying Protection and Freedom from human struggle, and the Almighty Clearance of the outer self can clear the intellect, can clear the feeling, can clear your world, and can clear the world around you.

If you care to set this habit, We will watch; and every time there is another opportunity to release another Flame, It shall be established around you until the Sun Presence of Our Sacred Fire, Victorious Love is complete around you for Eternity. This is part of Our Miracle Mantle of the Sacred Fire's Invincible, Protecting Presence that prevents all wrong. I hope from tonight you will accept It. We would like to clothe you with Powers that enable you to go forth and *give sight to others*, to heal, to bless, to purify, to protect; and every bit of It has to come from the Sacred Fire.

If you care to accept, it is Our Privilege to give. If you care to use It, the Power is without limit. If you care to give that service to the rest of life, your own Victory is Invincible and assured. So We commend you to the Blazing Sun Presence ahead. Its Glorifying, Victorious Peace is yours for Eternity; and Love shall claim Its own once again into the Ascended Masters' Octave. We thank you for Eternity.
